COUNTRIES VISITED

Argentina

ARGENTINA OVERLAND TOURS

Argentina is a vast country which has a staggering diversity of climates and landscapes. With vibrant cities, the pampas, the jungles and the wind-swept wilds of [Patagonia](#), it is a country with a very special character all of its own and a rich cultural heritage.

[Buenos Aires](#) is the vibrant capital of Argentina. Full of life and brimming with culture, music and

Brazil

BRAZIL OVERLAND TOURS

Brazil has a totally different feel to it than the other Latin American countries. The only Portuguese-speaking country in South America, it positively vibrates with a unique and dynamic energy of its own.

Most overland visitors start in the dazzling city of Rio de Janeiro, Brazil's most famous city and home to the famous Christ the Redeemer statue

art, with great local restaurants, local street markets and dances, Buenos Aires is the heart and soul of Argentina and swings to the rhythm of the tango. Also home to some exquisite wine bars and an amazing nightlife, Buenos Aires is a must-see city while in South America!

STAY WITH REAL ARGENTINIAN COWBOYS

On the vast green pampas, the gauchos (Argentina's famous cowboys) spend their days riding their horses and protecting their cattle. Argentina is world-famous for the incredible quality of its beef and steaks, largely due to the huge pastures that the cattle have to roam on.

The north west of the country has some beautiful deserts full of multi-coloured rock formations and some magnificent wines are produced here around Salta and Cafayate. Also famous for its incredible wines is the region of [Mendoza](#), a serene town surrounded by the Andes, including Aconcagua, which at 6,962 metres is the tallest mountain in South America.

EXPLORE ARGENTINA'S PEACEFUL LAKE DISTRICT

Further south is Argentina's peaceful and beautiful lake district, and further still are the haunting moorlands of Patagonia. This beautiful area is known for its breathtaking and desolate landscapes, towering rugged mountains, magnificent lakes and beautiful glacial scenery. It is a great place for outdoor activities, such as trekking, horse riding, kayaking and mountain biking! At the far south is the remote island of [Tierra del Fuego](#) and the most southerly town in the world, Ushuaia.

Argentina is the home to some beautiful wildlife. The Península Valdés near Puerto Madryn is a protected area for whales, penguins and seals, and Patagonia is full of fascinating birdlife and wild guanacos.

CREATE MEMORIES AT MIGHTY IGUAZU FALLS

One of the great highlights of Argentina is the mighty [Iguazu Falls](#), on the border with Brazil. This incredible set of waterfalls is one of the world's largest, and one of the most spectacular sights in the world!

Argentina is a magnificent country full of buzzing culture, amazing landscapes and a wide variety of activities, and should be high on every traveller's wish list!

and some of the world's most fantastic and atmospheric urban beaches such as Copacabana and Ipanema.

SEE PANTANAL'S LEGENDARY WILDLIFE

Brazil's wildlife is legendary, and there is no greater place to spot animals and birds in South America than the [wetlands of the Pantanal](#). Here, it's possible to go spotting for ocelots, jaguars, tapirs, jabiru storks, caiman, and many types of birds! The optional activities available in the region and the nearby eco-tourism capital of Bonito are as amazing as they are numerous, with boat trips, rafting, snorkelling through crystal-clear rivers, and caving being just a few of the many possibilities here.

RIO AND BEYOND

Further to the south is one of the greatest natural highlights in the world, the majestic [Iguazu Falls](#)! These colossal waterfalls are amongst the most impressive on the planet and a phenomenal sight on anyone's overland travels through South America!

Near to Rio de Janeiro you'll find the idyllic colonial towns of Paraty and Ouro Preto, once hugely important for gold trading back in colonial times, and each with their own serene atmosphere today. In the interior, we will explore the bizarre futuristic capital city of [Brasilia](#), a fascinating and somewhat unusual highlight of the country.

Further inland we find the incredible landscapes of the Chapada dos Guimarães National Park, dotted with stunning caves and waterfalls and providing some fantastic walking opportunities.

RIO CARNIVAL

Rio is particularly famous for its huge annual party - the incredible Rio Carnival. The celebration of Mardi Gras (6 weeks before Easter) is a great Brazilian tradition - the whole city goes wild for a full 7 days in a whirlwind of music and colour. We have a range of packages that get you to the heart of the action!

To learn more about Rio Carnival and see all the optional activities available around carnival time, see our [Rio Carnival 2019 Optional Extras Booklet \(PDF\)](#)

Chile

CHILE OVERLAND TOURS

With some of the most diverse landscapes in the world, Chile is stunningly beautiful in so many different ways! From the driest deserts in the world in the northern Atacama region, to the lush wine regions near Santiago, to the lakes and forests of the Carretera Austral, to the huge glaciers and rugged mountains of Patagonia, this country has it all. Chile is dotted with lakes, volcanoes, rivers, and beaches, and there is always an exciting adventure to be found for the outdoor enthusiast.

TRAVEL OVERLAND THROUGH AMAZING LANDSCAPES

A visit to Chile has to include a trip to the vibrant capital of Santiago. This city sits in the country's central valley, a place full of amazing landscapes and a gorgeous Mediterranean-like climate. The city buzzes with culture and cuisine, and has some of the best live music to be found on the continent!

In the far north, you can spend time in the rugged deserts, moon-like valleys and stunning salt pans of the Atacama. The area is world-famous for its stargazing, and there are a plethora of thermal springs, geysers and volcanoes to discover.

In the south we visit the outdoor adventurer's paradise of Pucón, a wonderland of adventure activities such as white-water rafting, canyoning, and trekking up the stunning Villarica volcano that looms over the town.

EXPLORE PATAGONIA'S NATIONAL PARKS

In the far south of Patagonia we find one of the world's most spectacular National Parks, Torres del Paine. Its twisted mountains, rock towers, lakes, and amazing glaciers make the area one of

the most stunning locations in South America and a wonderful place for trekking and horse riding.

About Buenos Aires:

At the mouth of the River Plate estuary (where the Uruguay and Paraná rivers flow out into the Atlantic Ocean) lies the fabulous city of Buenos Aires, the cosmopolitan capital of Argentina. It's a buzzing, energetic city that often feels more European than Latin American, so much so that it's often referred to as "the Paris of the South".

There is a huge amount to do see and do here, and it's a fantastic city to explore on foot and using the extensive metro system. Some areas to check out include San Telmo, a bohemian district full of charm, antique shops, street markets, and some excellent bars; Palermo, with its fantastic restaurants and nightlife; and Recoleta, the "Mayfair" of Buenos Aires and home to the La Recoleta cemetery, Eva "Evita" Perón's final resting place. The waterfront area known as La Boca is also worth exploring, a very photogenic district with its ramshackle buildings being painted in a rainbow of different bright colours.

Everywhere you go you'll be surrounded by some fantastic architecture. The Plaza de Mayo is perhaps the most historically interesting, as this is the site of the Cabildo (original town hall), Casa Rosada (the Presidential Palace) and the cathedral where the body of General San Martín lies.

In the evenings, you are spoilt for choice - Buenos Aires has a vibrant nightlife, with a huge number of bars and night clubs to choose from. Restaurants here vary from cheap and cheerful to world class, and it's a great place to get stuck into some of Argentina's finest steak and red wine. Of course this is also the home of Tango, and there are many evening Tango shows you can buy tickets for or even take a dancing class yourself!

Day 2: Buenos Aires (Sun 09 Aug)

We have a free day to explore Buenos Aires, soak up the atmosphere of the San Telmo neighbourhood, visit the colourful houses of La Boca, maybe catch a football game or take an Argentine cookery class! Buenos Aires is famous for its Tango, and home to many restaurants where you can sample the famous Argentine steak and Malbec wine.

Day 3 to 4: Puerto Iguazu, Foz do Iguazu (Mon 10 Aug to Tue 11 Aug)

Today we will take a short flight to Puerto Iguazu, where we will spend two nights. After we have settled into our hotel we will visit the Argentine side of the mighty Iguazu Falls, there are lots of lovely trails for us to explore here.

Tomorrow we will cross the border into Brazil to explore the Falls from the Brazilian side, there is an opportunity to take a helicopter ride or a boat trip for those brave enough!

Activity

Approximate Cost

Take a short trip into Paraguay to experience the chaos of Ciudad del Este and pick up a bargain or two (price listed is for a return trip in a taxi) BRL 140

Visit the colossal Itaipu Dam, the second largest hydroelectric dam in the world BRL 68

Visit the Parque das Aves bird park near Foz do Iguazu, a wonderful conservation project which provides an excellent home to over 1000 iconic birds from the region such as toucans, macaws and eagles BRL 36

About Foz do Iguazu:

Foz do Iguazu (meaning "Mouth of the Iguazu River") is the Brazilian town nestled against the double-border with Argentina and Paraguay. The town is of course most famous as the base for exploring the incredible Iguazu Falls, and the Brazilian side of the waterfalls offers visitors a very different perspective - there are a number of cleverly constructed walkways that allow you to get right out over the water up close to some of the falls themselves, and you will often be able to see fantastic rainbows forming as the sun catches the spray.

For the ultimate waterfall viewing experience, you can also organise helicopter flights from the Brazilian side, where you'll be taken out right over the falls to give you a breathtaking view of this natural wonder from a totally different perspective. There is also a fanstatic bird park in Foz, where you can see many of Brazil's native species including toucans and macaws.

You can also visit the incredible Itaipu Dam, the world's second-largest dam (after the Three Gorges Dam in China) that stretches across the River Parana between Brazil and Paraguay, and a marvel of modern engineering.

Day 5 to 7: Estancia (Wed 12 Aug to Fri 14 Aug)

We will take a short flight to the Argentine city of Cordoba and from here we will transfer in our truck to our wonderful Estancia in the hills. Here we will have a few days to live with the Gauchos, learning how to throw a lasso, ride the superbly trained Criollo horses, enjoyed a traditional Asado (the Argentine BBQ) and sample some of the wonderful wines from the Estancia's own vineyard.

Activity

Spend 3 unique days at an Anglo-Argentinian estancia to experience the Gaucho way of life

About Estancia:

To the east of the Andes in the centre of Argentina is the country's second major city, Córdoba. Rising just to the west of the city are the beautiful rolling hills of the Sierra de Córdoba, where we spend three nights at a unique Anglo-Argentinian Estancia.

The Estancia has been in the same family for four generations, and is a working cattle ranch farming the prized Argentinian Aberdeen Angus cattle. Here we will sample the traditional hospitality of the Anglo-Argentinian ranching community. An asado (Argentinian BBQ) will be enjoyed on one of our nights here, as well as an evening of traditional music, a chance to try lassoing and wine tasting featuring some of the local produce. Daily horse riding excursions will also be arranged to ride through the hills on the fabulous horses and even completely inexperienced riders will feel like gauchos in a short time.

Please note that these activities are subject to weather conditions. Please also note that there is a strict weight limit for all riders of 15 stone (210 lbs, 95 kg) to ensure the horses' well-being. If you are heavier than this weight you will unfortunately be unable to ride.

Day 8: Valle de las Sierras Puntanas (Sat 15 Aug)

This morning we will head off in our overland truck to the Valle de las Sierras Puntanas, we will spend the night in a local guesthouse or traditional estancia. The province of San Luis is well off the regular tourist trail, but boasts beautiful scenery and mountain towns.

Estimated Drive time: 6hrs

Day 9 to 11: Mendoza (Sun 16 Aug to Tue 18 Aug)

Today we will continue our journey to the beautiful city of Mendoza, at the centre of Argentine wine production and one of the nine 'Wine Capitals of the World' - especially famous for its Malbec, grown at some of the highest-altitude vineyards in the world. Mendoza has plenty to keep us busy; from rafting to hiking, horse riding to wine tours.

Estimated drive time: 5 hours

The following day we will have an included half day trek in the surrounding hills, followed by an opportunity for some adventure activities or perhaps to explore the plazas on a city tour.

Activity	Approximate Cost
Explore the vineyards of the Mendoza and Maipu region, either on an organised tour or by cycling between the bodegas	ARS 950
White water rafting on the Mendoza River	Included in Kitty
Relax in the beautiful thermal baths in Cacheuta, in the hills above Mendoza	ARS 450
Take a mountain biking trip through the dramatic landscapes of the Andean foothills near Mendoza	ARS 1000

About Mendoza:

Mendoza is a vibrant city full of pleasant leafy boulevards and atmospheric plazas where the locals catch up over coffee in the many street cafes and bars. A university town and an important economic centre, the city has a bustling cosmopolitan feel and has some great restaurants, lively nightlife, interesting museums and galleries, and great shopping. On summer weekends, open-air concerts and markets often take place in the beautiful plazas.

Mendoza and the adjacent town of Maipú are perhaps most famous for their wine. Whilst Mendoza is located in the dry deserts just underneath the Andes, extensive artificial irrigation has made it possible to grow grapes and olives here, both of which benefit from the long, hot, sunny summers - the region produces around two-thirds of Argentina's wine, and is especially renowned for its Malbec, Temperanillo and Sauvignon Blanc varieties. The wine made here is world class, and tours of local vineyards and wineries are easily arranged.

Mendoza is also used by many adventurers as a base from which to explore the colossal mountains in the area. The highest mountain in the Americas, Mt. Aconcagua (with a summit 6,962m above sea level), is in the high Andes just to the west of the city making the city a big draw for mountaineers, and skiing is popular in the winter months.

Day 12: Los Andes (Wed 19 Aug)

Today we say goodbye to Argentina and cross the border into Chile following the stunning mountainous road over the high Andes, we should have an opportunity to view Cerro Aconcagua (6962m) the highest mountain in the southern hemisphere.

In Los Andes we will spend the night in a local guesthouse out of town in comfortable rooms.

Estimated drive time: 6hrs

Border information: Enter Chile at Paso Cristo Redentor.

Day 13 to 14: Valparaiso (Thu 20 Aug to Fri 21 Aug)

It's time to hit the beach, this morning we will set off to the Chilean port town of Valparaiso. There is much to explore in arty Valparaiso with it's colourful streets and the 42 cerros (hills), take a boat trip, or indulge in the Chilean cuisine during a cooking class. We will spend two nights here in a comfortable hotel by the beach.

Estimated drive time: 4 hours.

Day 15: Santiago (Sat 22 Aug)

After a free morning to enjoy our final day on the back, we will complete our journey to the vibrant Chilean capital of Santiago.

In Santiago we stay in a comfortable, centrally located hotel.

Estimated Drive time: 2 hours

If you would prefer to stay for additional time in Valparaiso please speak to our Sales team.

CLP 21000

About Santiago:

Chile's capital, Santiago, is a large, modern city with a very European atmosphere. In the centre of the city, wide tree-lined boulevards lead

to pleasant plazas and leafy parks, and on a clear day the snow-capped peaks of the Andes provide a magnificent backdrop to the Santiago skyline.

Much of the centre is pedestrianised, which together with the wide streets and efficient metro system make Santiago an easy city to explore on foot. There are plenty of interesting museums where you can learn more about Chilean history and culture, from the City of Santiago Museum which chronicles the city's history, to the Natural History Museum and Museum of Pre-Colombian Art. The city's many wonderful parks are also worth a visit, particularly O'Higgins and San Cristóbal which offers great views of the city from Cerro San Lucia.

As you would expect from a capital city of this size, Santiago is full of busy bars and restaurants and has some lively nightlife to offer. For cheap eats full of local flavour, head to the Mercado Central which is packed full of food stalls and simple cafes and restaurants. For a real treat, you might want to head out to one of the more upmarket neighbourhoods like Bellavista or Providencia, home to some really world-class restaurants and great bars. Barrio Brasil is also worth a look; this old neighbourhood attracts an arty and bohemian crowd and there are often interesting events going on here.

If you have the time, there's also plenty to do in the area surrounding the city. Santiago is right in the middle of Chile's wine producing region, so it is relatively straightforward to arrange full day or half day tours out to the local wineries. You may also be interested in visiting the seaside town of Valparaíso, which can be visited as a day trip from Santiago.

Day 16: Santiago (Sun 23 Aug)

Border Information: If you are finishing your trip in Santiago, you will most likely exit Chile at Santiago Arturo Merino Benitez International Airport (IATA code: SCL).

Today is the final day of the trip and no accommodation is included tonight. Please contact the Sales Team if you are interested in booking extra nights of accommodation.

IMPORTANT NOTES

FAMILY TRIPS NOTE

Our Family Adventures are designed specifically for the spirited family. We understand that travelling with kids sometimes requires a slightly different perspective. Keeping this in mind, we travel at a slower speed - recognising that showing your family around our exotic destinations can take time. By travelling at a relaxed pace, while still offering plenty of optional activities along the way, we're providing your family with the ultimate travel experience together.

We limit travel times so that you're usually not on transport for more than seven hours or travelling too long after dark. We also try - where possible - to ensure you have at least two nights in each destination so you are not constantly having to unpack those bags.

Best of all, we find trips with children are so successful because kids have such a special ability to break down barriers with their natural curiosity, and because delighted locals always greet them with much

affection. For all these reasons and more, you'll discover that Dragoman Family Adventures are an amazing experience for all.

The routes, activities and places visited described in these trip notes are intentions and are meant as a rough guide only.

These trip notes have been compiled to help you prepare for your journey once you have booked. They include the full itinerary and dates, and information about kit lists, meeting hotels, insurance, vaccinations, visas, and other information that will help you get ready for your trip.

We update these notes regularly, so please ensure you have an up-to-date version of these trip notes.

We intend to follow the planned route but exact night stops and inclusions cannot be guaranteed. It sometimes happens that we decide to make a change to our planned itinerary. This may be for a variety of reasons - climatic, road or bureaucratic conditions may demand it. By their very nature, overland itineraries need to be flexible and the regions that we are travelling through are often unpredictable. We run adventure journeys in off the beaten track areas, which often have poor infrastructure. You should expect that some of these areas do not adhere to 'Western' safety standards.

VISA INFORMATION

CHILE

Citizens of the UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries **will not** need a visa to visit Chile as a tourist for up to 90 days.

Please note that citizens of Australia will need to pay a reciprocity fee of USD117 (2015 price) upon entry to Chile. This will be valid for multiple entries to Chile over 90 days, and can be paid in cash or by card upon arrival.

Citizens of other countries should check with the relevant consulates as to whether a visa is required. If a visa is required, you will need to obtain it **in advance**.

ARGENTINA

Citizens of the UK, Ireland, Australia, New Zealand, USA, Canada and all EU countries **will not** need a visa to visit Argentina as a tourist for up to 90 days.

Citizens of other countries should check with the relevant consulates as to whether a visa is required. If a visa is required, you will need to obtain it **in advance**.

PERSONAL SPENDING

PERSONAL SPENDING - SOUTH AMERICA

Based on the range that previous travellers have spent in South America, we recommend you allow between USD15 and USD30 per day. This amount is usually lower in Bolivia, Ecuador and Peru but slightly higher elsewhere.

This will covers expenses such as your optional activities, drinks, meals whilst out and also when staying in hotels, souvenirs, tips and personal permits.

SOUTH AMERICA CURRENCIES AND CASH

It is not really worth trying to buy local currencies before you travel. Bear in mind that many countries have strict regulations about the amount of their own local currency you are allowed to import - if you are found with amounts in excess of the allowed amounts, it may well be confiscated!

For obvious security reasons we hesitate to recommend you bring lots of cash with you, a sensible mix of cash and ATM cards is best. Most of our past passengers have said they wished they had been told to bring more cash. Apart from the convenience of being able to change money in many more places, you will sometimes get a much better exchange rate for cash.

More and more people are choosing to travel with cash passports such as TravelEx cards (you can visit www.cashpassport.com for further information on these). This is a very secure way of carrying your money whilst travelling. You treat them exactly like an ATM card and draw out local currency from an ATM within each country.

Travellers cheques have become increasingly difficult to change in South America with passengers and our leaders experiencing huge frustration and numerous hours spent trying to find a bank which will change travellers cheques. For this reason we no longer accept them on our trips and do not recommend that you bring them for your personal spending money.

You should take a mixture of denomination notes. Banks and moneychangers in most countries will now only accept bills with a metallic strip running top to bottom of the bill and which are **no more than 8 years old**. You should not take worn or damaged notes, or any that have been written on. Brazil can be difficult for changing money, so it's handy to have a cash card as backup. Please bring a mixture of small and large denominations as in more remote areas it can be hard to change amounts over USD50.

Please note that due to a recent counterfeit scam central banks in several South American countries (Ecuador, Peru, Bolivia and Chile) have temporarily banned the circulation of USD100 notes bearing a series 2001 production date and a serial number starting with the letters CB or CF and ending in B2. The serial number is printed in green on the emblem.

Cash machines are readily available in most areas but are not always reliable therefore we recommend that you do not rely on them as your only source of cash. ATMs can be difficult to find sometimes in remote areas, especially in Patagonia. Credit cards such as Visa, MasterCard and American Express are the most commonly accepted, but be prepared for very high commission charges. Please do not rely on cards for daily use, as they are not always accepted outside of larger towns and cities.

WHAT ELSE YOU NEED TO KNOW

Overland Lifestyle and Trip Suitability

Dragoman was founded in 1981, and has had many years of experience of leading overland trips across 4 continents. Overlanding is all about sharing a great travelling experience with like-minded people. On your trip you'll travel in one of Dragoman's purpose-built iconic expedition vehicles on an off the beaten track adventure along rugged roads, experiencing the sights, sounds and smells of the world up-close. Your journey will be overland, sometimes across vast distances, so some long days spent driving are inevitable - but these will be interspersed with breaks of a day or two at a destination or activity. On an overland journey, you are more than just a passenger and everyone gets involved setting up camp - we supply the tent but it's up to you to pitch it! As part of your trip, you will be assigned a truck job which could be collecting firewood or water, luggage loading, organising food, stores, etc.

Like all great adventures, the more you put in the more you'll get out!

We are looking forward to welcoming you on one of our overland journeys, but before we do there are a few things we would like to draw to your attention.

[Back to top ^](#)

Who Travels with Dragoman?

Our groups are made up of people from around the world, and are always an interesting mix of nationalities and ages. On average there is a pretty even split between males to females, and between solo travellers, couples and small groups of friends. We believe that overlanding should be open to as many people as possible, and so although we have a minimum age limit of 18 (or 7 on our Family Trips), as long as you are fit, healthy and passionate about travel, we are happy to take you, whatever your age

is. One of the wonderful aspects of group travel is the camaraderie and friendships that are formed along the way, and the variety of people that you will meet.

[Back to top ^](#)

Group Size

The maximum group size we take on our overland journeys ranges from 19 to 22 depending on the geographical location; however the average number of passengers is more likely to be around 16.

Please note that there is an overlap of 2 trips in Cuzco and during the Inca Treks. This means a group starting a trip in Cuzco will embark on the Inca Trail at the same time as a group finishing in or travelling through Cuzco. In practical terms this means there could be more than 22 group members in Cuzco and on the Inca Trail at the same time.

Please note that there is also an overlap of 2 trips in Zanzibar. This means a group starting a trip in Nairobi, for example, will visit Zanzibar at the same time as a group starting their trip there. In practical terms this means there could be more than 22 group members in Zanzibar at the same time.

Please also note that on some departures there may be more than one truck doing the same route. This means that you will be in the same hotel or campsite as another Dragoman group on some days. To ensure that you are not always at the same place at the same time as another group, your itinerary will most likely be slightly altered from the itinerary advertised in these trip notes.

Our Crew and Guides

Our crew are passionate about travel and are always up for adventure. It takes someone special to become a Dragoman leader. Our crew undergo the most intensive training program of all the overland companies, spending 8 weeks learning the ropes at our base in Suffolk, UK, and then up to 6 months on the road as a trainee. Our crew are trained to manage and operate the trip safely and efficiently and their duties include: planning the trip according to the itinerary, driving and maintaining the truck, securing services of local guides, general logistics, health and safety, liaising with bureaucracy, dealing with issues where needed and offering advice and support to our customers. In addition they have a basic knowledge of the places visited and will be able to offer suggestions of things to do and see. Dragoman endeavours to provide the services of experienced crew, however, due to the seasonality of travel, situations may arise where your tour leader is new to a particular region or training other crew, new to the area.

On all Dragoman overlanding trips, we usually have 2 western crew but please be aware that there may be times when one crew member has to leave the trip due to unforeseen circumstances such as visa issues, illness of a group member, etc. On some of our trips we have 1 western crew and 1 local driver instead of 2 western crew. On trips south of Nairobi in East and Southern Africa we will also have an African camp master/cook who is in charge of running the camp and organising all of the meals. Their knowledge of the local produce makes shopping at the markets great fun and you will learn how to prepare and cook some unusual dishes.

On the majority of our trips in Ethiopia, Sudan, Central Asia, China and South East Asia, in addition to our crew we will have a local guide on board who will travel with us for the entire duration of our time within one country. In these cases, the local guide becomes a third crew member and is able to offer their local knowledge as well as an insight into their country and the lives of the local people.

In most other areas of Africa, the Americas, India and Turkey, in addition to our crew we will employ local guides in specific locations of interest (for just a few hours up to a few days).

Your crew have a duty of care to all members of the group and therefore they have the authority to ask you to leave the trip if you require serious medical assistance, you are behaving in an anti-social manner or refuse to comply with local laws and customs. In all matters relating to the trip, the leader's decision will be final and we appreciate your respect of this.

Accommodation on Tour

Dragoman's overland trips are designed for shared accommodation, whether camping or

staying in hotels or hostels, and therefore do not involve a single supplement. Whilst our crew will do their best to accommodate couples travelling together in twin rooms, all our travellers should expect to stay in multi-share accommodation when staying in hostels, gers or yurts.

The type, variety and standard of accommodation will vary greatly depending on what options are available at the time; hotels can vary from very basic rooms without electricity or running water to high standard hotels with good facilities! Generally in hotels most rooms will be single sex, twin-share, but in South America many rooms are triple/quad-share. Hostels, gers and yurts are nearly always multi-share and may be mixed sex.

The campsites will range from rather basic to those with excellent facilities, including swimming pools, restaurants and bars. In some cases it may also be possible to upgrade locally to bungalows, lodges or even tree-houses. One of the highlights of overlanding is that in more remote areas we will camp away from the tourist crowds. Occasionally on some of our trips we are able to stay in villages or local homestays allowing us to get close to the indigenous population and ensuring that our money stays within the local community.

[Back to top ^](#)

The Kitty

In addition to the trip price on our overlanding trips, you will also be required to pay a kitty specified for your trip (please note that there is no kitty on our Family Trips). The kitty is payable in installments at the start of each section of the trip for combination trips, and in full at the start of the trip for individual trips. Each customer joining a trip pays their kitty into a central fund. The fund is managed by the Dragoman crew and the kitty accounts can be viewed by all throughout the trip.

The kitty covers all things that the whole group does, such as:

- Hotel accommodation and campsite fees
- Meals whilst camping (not whilst staying in hotels)
- Activities listed as included (e.g. National Park or historical site entrances, excursions, etc.)

The kitty system is unique to overlanding and allows us to have flexibility and transparency on our trips. You can see exactly how your money is being spent and ensure that you are getting the best value by buying locally. It also helps to keep the costs competitive and save on administration costs so that we can pass the saving on to you. Dragoman makes NO PROFIT on kitties, as they are the group's fund. If there is money left in the kitty at the end of your trip, then this is divided between the group and you receive a refund.

Once you book your trip it is very important that you check our website on a regular basis and just before departure for any changes to the kitty amount. We constantly update the kitty prices on our website and the kitty advertised in the brochure is an estimate at the time of printing. Prices can go up or down with no notice, and exchange rate fluctuations will affect costs.

The kitty is payable in full at the start of your trip (in instalments at the start of each individual trip on combination trips). Alternatively you can pay in advance via a bank transfer 3-4 weeks before the start of your trip - please see https://www.dragoman.com/files/Dragoman_Kitty_Document.pdf for more details - this information sheet will also be sent in your booking confirmation upon booking a trip and can be found on www.dragoman.com/overlanding/planning-your-trip/money. Please also note that prepayment is not available for our trips to West Africa, Iran, Tajikistan, Pakistan, Alaska and any trip in Africa north of Nairobi.

If you are bringing the kitty out in cash, please ensure your USD notes (EUR notes if your trip goes through West Africa) are clean and undamaged and **no more than 8 years old**. If needed, your tour leader will be able to accept some of the kitty in local currency, and they will let you know the exchange rate locally. In most destinations you can withdraw local currencies from ATM machines, using either a cash passport or a credit/debit card. However, please bear in mind that most cards have a maximum withdrawal amount per day, local ATMs may run out of cash, and your bank could block the card despite you warning them of your travel plans, so it could be impractical to try to get the entire kitty out from an ATM.

We cannot accept traveller's cheques on our trips.

Meals and Group Participation

On an overland journey you are more than just an individual passenger - you're part of the team. You are expected to pitch in to set up camp, shop for food, cook and generally help out. As part of your trip you will be assigned a truck job which could be collecting water and firewood, sweeping out the truck, loading the back locker, etc. While camping on overland journeys, the meals are included in the kitty. This means that you will have to work together to cook for everyone in your group. You will be divided into smaller units of 3-4 people and take it in turns to cook for the whole group according to a rota system. When it is your group's turn to cook you will have to plan the meal, shop for the ingredients in local markets or supermarkets and then prepare the meal for the whole group. The secret to cooking for 20+ people using a basic camping kitchen is to keep it simple! (On trips south of Nairobi we have a cook on board the truck; however you will still be required to help them to prepare meals).

An example of a typical camp breakfast might be toast with spreads, fruit and cereal as well as tea and coffee. When time allows it will also be possible to serve something hot such as eggs or pancakes. Lunch is almost always a sandwich heaped high with healthy salad and assorted fillings, with fruit to follow. Dinner might be a BBQ, risotto or pasta dish and there is always the chance to try some local cooking. Generally our passengers find the more they put into a trip, the more they benefit from it.

Dietary Requirements

If you have any dietary requirements please tell us at the time of booking and tell your crew at your welcome meeting. Our crew will try to cater for any particular dietary requirement or food intolerance whenever possible. However, it must be remembered that it may not always be possible and the variety of dishes may be severely limited in comparison to those available to others. If there is anything in particular you require in your diet, that you would miss from home, or because of an allergy would miss out on, it would be best to bring this with you. Depending on your particular requirements, you may need to allow yourself some extra spending money to allow you to purchase extra food items.

Itineraries

Our itineraries are developed and published with the best of intentions, however travel in more remote areas of the world is unpredictable - borders can close, there can be extreme adverse weather, strikes or maybe mechanical issues that affect the running of your trip, but equally due to the nature of our trips we can often spontaneously include a local festival or event into the itinerary. This being said, the safety of our passengers, leaders and operators is a priority for us. With this in mind we monitor world events very closely. By the very nature of the adventure travel that we take, there are risks and hazards that are inherent in our itineraries. We make operational decisions based on informed advice from a number of sources, including the British Foreign and Commonwealth Office travel advice, reports from other travel companies and local suppliers, leaders' reports from off the road and local contacts we have built up over many years of experience.

[Back to top ^](#)

British Foreign Office Travel Advice and Warnings

Dragoman follows the British Foreign Office Travel advice when deciding where and where we are unable to travel. We will base our decisions on itineraries and alterations to published routes based on their advice rather than the advice of other governments. We will advise you of any significant changes in advice before travel or whilst you are overseas.

However, we recommend you check the latest travel advisories from your own government for the country you are travelling to before you book and prior to departure. If there are any travel warnings present for the region you will travel to, as well as considering whether you are happy to travel despite the warning you must also check to ensure that it is not invalidating your travel insurance. Here are a few useful addresses:

UK - www.gov.uk/foreign-travel-advice

Australia - <http://www.smartraveller.gov.au/>

New Zealand - <http://www.safetravel.govt.nz/>

United States - <https://travel.state.gov/content/passports/en/country.html>

Canada - http://www.voyage.gc.ca/countries_pays/menu-eng.asp

We also recommend that you check out the UK Travel Aware website before you travel at <https://travelaware.campaign.gov.uk/>. This website offers straightforward travel advice, top tips, and up-to-date country information to help you plan a safe trip.

Health

You need to be in good physical health in order to participate fully in our trips. When selecting your trip please make sure you have read through the itinerary carefully and assessed your ability to cope with our style of travel. To help you assess if this trip is suitable, please refer to the physical rating. The ratings for each trip are a good indication of how challenging they are and in some cases you should be prepared for some long driving days and possibly limited facilities. We are always happy to give extra advice if you have additional concerns. Please note that if, in the opinion of our leader, you are unable to complete the itinerary without undue risk to yourself and/or the rest of the group, Dragoman reserves the right to exclude you from all or part of the trip without a refund.

You should consult your doctor for up-to-date medical travel information prior to travel, particularly if you have a pre-existing medical condition. You must also declare any pre-existing medical conditions to your travel insurers upon purchase and provide evidence to us prior to departure that your pre-existing medical condition has been declared to your insurers. Failure to do so will mean that you are unable to join the trip.

Extreme Environments

There may be periods of time within your trip when you meet extreme conditions, such as extreme heat, extreme wind, extreme cold, extreme humidity, extreme altitude, extreme crowds etc. Whilst our crew will let you know at the time when you are likely to meet these conditions, please ensure that you have read through the trip notes carefully and researched the local weather conditions at the time and that you feel that you are fit enough to cope with these conditions. If you have any doubts at all, please contact us to discuss your concerns prior to booking, and when on trip, if you find that the local conditions are causing you concern at any time, please be sure to let your trip leader know so that appropriate precautions can be discussed.

[Back to top ^](#)

Altitude

Some pre-existing medical conditions are known to severely worsen at high altitude and be difficult to adequately treat on the ground, leading to more serious consequences. It is imperative that you discuss your pre-existing medical condition/s with your doctor. We understand certain medications are reported to aid acclimatising to high altitude; please discuss these options with your doctor. For trips that travel to areas of high altitude, the tour leader will issue you with a self-assessment altitude questionnaire which allows you to monitor how you are coping with the altitude and informs you of danger signals so that you can report these as soon as possible, either to the tour leader or a medical professional.

[Back to top ^](#)

Yellow Fever

A valid international certificate of vaccination against Yellow Fever is required in many countries. You may need to present this on arrival at the airport or border crossing. Some countries will refuse entry if you are unable to present your certificate. It's also quite common for your home country to request a Yellow Fever certificate on your arrival back home.

It is your responsibility to check with your doctor well in advance of leaving home about the Yellow Fever requirements for the countries you'll be visiting.

Malaria & other mosquito-borne diseases

There is a risk of contracting malaria in some areas which we travel through. If your trip goes to a areas with malaria it is always best to get expert advice before travelling about the types of malaria pills available, whether they are recommended, and take any that are prescribed as instructed. Consult your GP or travel clinic for the most up-to-date requirements.

Other mosquito-borne diseases such as yellow fever, dengue fever, chikungunya and Zika are continuing to spread and are becoming a bigger problem around the world. Mosquito bite prevention is vital to avoid contracting any of these diseases, as there are no vaccines or specific treatments available. Health professionals have issued warnings for pregnant women travelling to areas affected by the Zika virus. For more information about Zika please visit:

- WHO: www.who.int/en/news-room/fact-sheets/detail/zika-virus
- Center for Disease Control and Prevention: www.cdc.gov/zika

The Anopheles mosquitoes that transmit malaria usually bite between the hours of dusk and dawn, whereas the Aedes mosquitoes that transmit yellow fever, dengue fever, chikungunya and Zika bite both during the day and the night. To prevent being bitten, it is recommended to cover up by wearing long-legged and long-sleeved clothing, preferably light-coloured and buttoned at the wrists. Do not sleep without closing your windows, tent door, etc. and use a mosquito net in hotels or if sleeping outside where there are mosquitoes present. Use mosquito repellent applied directly to your skin or soaked into your clothing. Treating clothes and mosquito nets with a Permethrin solution also provides significant protection. It should be available at most travel stores. Mosquito coils are useful on still nights and in hotel rooms, but cannot be used inside the tents. For more advice on how to avoid bites please see: www.travelhealthpro.org.uk/factsheet/38/insect-and-tick-bite-avoidance

Vaccinations

Recommended vaccinations and other health protections vary according to different regions and recent bulletins issued by health authorities. It is essential to get the latest specific health advice on the regions and countries you are planning to travel in, so please check with either your doctor or travel clinic in good time before you travel. The following websites are also a helpful resource: www.nathnac.net and www.fitfortravel.nhs.uk

In the UK, we have been working with Nomad Travel for many years and their website has comprehensive, up-to-date vaccination and health information. You will receive a 10% discount off all vaccinations given at Nomad Travel clinics.

Safety & Security

At Dragoman your safety is of paramount importance and we will do our best to ensure that your travel with us is safe and trouble-free, but we do ask that you take that little bit of extra care whilst you are away and to understand about the nature of this style of travel.

Of course we want you to have an enjoyable time, but you must also remember that part of the enjoyment of travel is experiencing a different way of life and cultures. This may also mean experiencing different safety and hygiene standards than those you are normally used to.

Therefore, please take note of the following safety tips and follow any local safety advice or briefings delivered by our crew or any third-party suppliers we use during your trip.

[Back to top ^](#)

Transport Safety

- Our own vehicles have fully-fitted seat belts; make sure you always belt up.
- If you find a safety belt inoperable or missing on one of our vehicles, please inform the crew

immediately.

- Unfortunately, we cannot guarantee that other vehicles we may use or recommend in some countries will be fitted with seat belts on every seat as it is not a legal requirement in much of the world.
- Please remain seated on board vehicles at all times when the vehicle is in motion.
- Never place luggage in the aisles or foot wells.
- Ensure you know where your nearest Emergency exit is; this may be a designated emergency exit, a window, a door, or a roof hatch.
- Check the location of the fire extinguisher and first aid kit.
- Follow any safety instructions provided by the crew/driver.
- Our vehicles are fitted with roof seats which can be used in certain conditions, such as when driving at low speeds, off main tarmac roads, etc. The roof hatches can only be opened and the roof seats used with the express permission of the crew and you must never sit in the roof seats without seat belts.

Road Safety

- Traffic in some countries travels on the opposite side of the road to what you may be used to, so ensure you look both ways before crossing the road.
- In many countries vehicles do not automatically stop at crossings and driving styles may be very unpredictable, so please remain very vigilant when near roads and vehicles.
- Crash helmets are often not provided with mopeds and motorbikes overseas – we do not recommend you hire these vehicles.

[Back to top ^](#)

Fire & Other Safety - Hostels/Hotels/Homestays

- Ensure you know where your nearest fire exit is and check to ensure that it is operative.
- Check the location of the nearest fire extinguisher.
- Study the fire instructions in your room if available.
- Identify how to raise the alarm if a fire occurs.
- If a fire occurs, leave immediately; do not stop to collect your effects.
- Proceed to an assembly point well away from the building.
- Electrics in hotels in many of the places that we visit will not be up to the same standards as at home. Please ensure that you check rooms, especially bathrooms and are aware of any issues that look unsafe. If in doubt inform the crew who will endeavour to sort the situation out if possible.
- Staircases and stairwells are often built to a very different design than under western building standards. There may be no guard rails, be excessively steep, have dangerous gaps between the stairs and the wall, etc. At all times be aware and take appropriate and prudent care.
- We often stay in homestays and farmstays. These may range from a traditional yurt through to a tree house or a town house. As these are traditional homes, they may well not adhere to our western standards of safety and so it is important that you make yourself aware of potential risks.
- If in doubt please inform the crew of any safety issues with the hotels/hostels or homestays.

Fire Safety - Campsites

- Ensure you know where the nearest source of water or fire extinguisher is.
- Know how to raise the alarm.
- Extinguish all camping fires fully before retiring to bed.
- Observe any regulations regarding fires and bushfires in dry conditions.
- Identify how to raise the alarm if a fire occurs.
- If a fire occurs, leave immediately; do not stop to collect your effects.
- Proceed to an assembly point away from the tented accommodation/affected campsite.

Other Campsite Safety & Security

- Familiarise yourself with the campsite and any known hazards.

- Group the tents around our vehicle wherever possible.
- No open flames, smoking or flammable liquids in or near the tents.
- Ensure the cooking area is well away from the tents.
- Ensure all water for cooking and drinking is purified first.
- Ensure any soil toilets are a minimum of 50m away from the tents and the cooking area.
- All food waste should be burned or buried a minimum of 100m away from the site.
- Ensure local advice is followed concerning any wildlife in the area.
- Keep valuables locked in the vehicle.
- Be aware of any local security issues that might be important.
- Do not set out tents close to perimeter fences which may be a security risk.
- Be aware of the security arrangements and local guards for campsite and if in doubt ask them where and where not to pitch tents.
- If in doubt please inform the crew of any safety issues with campsite.
- When wild camping, ensure that you do not wander away from the camp alone. If you do leave camp, ensure that you have notified the leader or other members of the group.

Food Safety

- Make sure your food has been thoroughly cooked.
- Hot food should be hot, cold food should be cold.
- Avoid any uncooked food, except fruit and vegetables (notably those you can peel or shell yourself).
- In many countries you should only drink bottled water or purified water and ensure any seal is intact when purchasing bottles.
- On the Dragoman vehicles we have a tank of drinking water that is kept purified by the crew.
- Avoid ice in drinks as this can cause upset stomachs in hot climates.
- Make sure you wash your hands in antibacterial product when preparing and/or eating food.
- Many of the restaurants that you will eat in, either as a group or as individuals, will NOT have the same standards of food hygiene as we have in the western world. Unfortunately this is a reality of life in these regions. Therefore please think carefully about where you eat, what food you order and be aware of the risks.

Personal Safety

One of the real advantages of overland travel is that the vehicle provides a very real level of security when travelling. There is no doubt that a properly-equipped overland vehicle, with safes, fully lockable doors and windows is an obvious advantage when travelling in much of the world. Generally speaking, you will not be travelling on local public transport and will have the added security of travelling in a group with experienced crew on-hand to offer advice. We have come up with a few pointers that we recommend you follow:

- Follow the crew's specific safety advice in each destination.
- Always remain aware and vigilant, and stay away from situations where you do not feel comfortable.
- Avoid carrying too much money.
- Always avoid carrying your passport, driving licence, air tickets, and other valuable items around with you unless this is essential. Instead, keep valuables such as this locked away in the truck's safe, or the safety deposit box in the room or reception of the hotel/hostel.
- If you are carrying cash, cards or valuables, use a money belt or neck wallet which are more easily concealed and more difficult to pickpocket.
- Do not take any valuable jewellery, watches, etc. away with you in the first place.
- Avoid walking in poorly lit areas.
- If possible avoid walking around on your own; it is always safer to explore with others.
- Always try to walk with confidence and purpose, which will help you avoid looking like a lost tourist!
- Take special care when walking to avoid spraining or twisting your ankle on potholes, cobbles and uneven ground.

Activity Safety & Optional Activities

You will have the opportunity to take part in many exciting activities and excursions, some of which are included (e.g. hiking the Inca Trail, trekking to see Mountain Gorillas, visiting the Taj Mahal, etc.), whilst others are optional (e.g. white water rafting in Uganda, zip-lining in Costa Rica, etc.). Some of these activities require a certain level of fitness, so it's important that you read through the trip notes thoroughly and make your own conclusions as to whether you feel that you are fit and healthy enough to enjoy this trip and its activities to their fullest.

Some activities may have higher risks than you are used to and you must judge whether or not you wish, or have the physical ability, to take part.

Please note that riding helmets are mandatory for all optional and included horse riding activities. This is an insurance requirement.

Optional activities mentioned by Dragoman are not included in the trip price or kitty, and do not form part of your contract with Dragoman. As such you accept that any assistance given by Dragoman crew members or local representatives in arranging optional activities does not render us liable for them in any way. The Dragoman crew are assisting you in arranging these activities for your added enjoyment whilst on your trip. The operators of these services and optional extras are local suppliers who contract directly with the client 'on the road', subject to and in accordance with their own terms and conditions. Dragoman accepts no liability for any action or activity undertaken by the client which is arranged independently of Dragoman while on tour. Crew may take part in an optional activity but do so as private individuals and not as company representatives.

Please use your own good judgement when selecting an activity in your free time.

Ensure that you use the appropriate equipment on optional activities, including life jackets, helmets, etc. This is especially important on activities such as horse riding, white-water rafting, etc.

Always ensure that your travel medical insurance covers you for all included and optional activities that you wish to participate in.

[Back to top ^](#)

Included Activities

Included activities are listed in the day-to-day itinerary, all other activities are optional and at your own expense. If you choose not to participate in the included activities on this itinerary, the cost will not necessarily be refunded; this is something you will need to check with your leader.

[Back to top ^](#)

Optional Activities

A selection of optional activities is listed in the day-to-day itinerary. This list is designed to be a helpful guide as to what is commonly available in each location, and is neither an exhaustive list, a guarantee that the activity is available, or an endorsement or recommendation. Please note that certain activities may not be available on your particular visit if they are overbooked, underbooked, out of season, or for any other reason - the list of activities is made according to our latest information and in the best faith, but please be aware that things may change between our last visit and your arrival. Please also note that it may not be possible to do all the activities listed in the time available at each destination, and it is recommended to give yourself extra time in your joining or ending city if you would like to participate in some optional activities there.

Prices listed are for entrance only and do not include transport costs to and from the sites or local guides unless indicated - again, these prices are displayed according to our latest information and in the best faith, but prices do fluctuate due to exchange rates, season, numbers of participants, and simple increases from the operator - any prices listed are a guide only and certainly cannot be guaranteed.

Optional activities are not necessarily endorsed or recommended by Dragoman nor included in the price of this trip. If you do any optional activities, you do so at your own risk and it must be clearly understood

that your participation is your own decision and does not form part of your contract with Dragoman. You may be required to sign/complete a waiver form or optional activity form for some optional activities.

[Back to top ^](#)

Insurance

It is a condition of booking that you have comprehensive travel insurance. Without evidence of valid travel insurance you will not be allowed to start the trip.

We recommend that any policy has a minimum medical (including repatriation) cover of £5,000,000. We recommend that any policy also has a minimum level of cover for Personal Liability of £2,000,000 and for Cancellation and Curtailment of £5,000 (or the full cost of your trip). Cover for loss of baggage, personal effects, money and other inclusions are down to personal choice although please bear in mind that personal effects are more likely to go missing whilst travelling and you should ensure that your policy is adequate to cover the value of your personal effects e.g. cameras, tablets, phones, ipods, etc. Please note that Dragoman is not responsible for your personal effects and is not insured for their loss. Please note that you should be insured for trip postponement or cancellation purposes immediately upon paying a deposit.

Whatever policy you choose, you must ensure that it is designed for adventure/overland travel and make sure it covers any activity that you intend to undertake (whether included or optional). As such it must cover you for adventure activities such as white water rafting, trekking, horse-riding, etc., and that the 24-hour Emergency Assistance Company must be experienced in handling situations in developing countries - for example, that they have the ability to arrange repatriation from remote areas such as the Sahara or if you were trekking in the Andes. On activities or side trips that are not recommended by us, please ensure you are happy with the safety of the activity before participating.

Please note that in the case of credit card travel insurance we will require details of the participating insurer, the insurance policy number and emergency contact number prior to travel rather than just the bank's name and credit card details. It is up to you to ensure that these policies have the cover you require, as many of these policies are not able to cope with adventure travel to remote areas and many are not valid for travelling outside your country of residence or outside the EU.

[Back to top ^](#)

Our Liability Insurance

Dragoman has comprehensive passenger vehicle liability protection and tour operator insurance. These policies have total indemnities of £5,000,000 and £10,000,000 per incident respectively. This is in addition to local vehicle insurance and your personal travel insurance.

[Back to top ^](#)

Out of Office Hours Contact

We have an out of office hours number you can call which should only be used once you have left your home country to start the trip and in the event of a real emergency. Should you need to call the number, we will do what we can to help but please bear in mind that real progress or action may not be possible until normal office hours. If you can not get through please leave a message with you name, reference number, contact details and a message with the help that you need and we will get back to you.

If your flight is delayed or cancelled, please let us know and then make your way to the joining hotel as instructed in these trip notes. If you cannot get through leave a message and a contact number as these will be regularly checked and the crew informed if necessary.

Out of hours Number: +44 (0) 7985 106564

Luggage & Kit List

Although you will not have to carry your main bag for long distances, you will need to help load and unload them onto the truck. For this reason we recommend that you use a backpack or soft bag rather than a heavy suitcase. During your trip your main luggage will be kept in the truck's back locker which will

be inaccessible during a drive day, so you will also need a small daypack. This can be used to carry your camera, water bottle and other personal effects for daily use. Please be aware that due to the constant dust and vibrations your luggage bag will be subject to extreme wear and tear.

The size of baggage that can be brought on this tour is limited by the locker space on the truck. We recommend that your bag be no larger than a large rucksack with a capacity of about 80 litres (approximately 70cm high, 40cm wide, and 40cm deep). The weight limit for luggage on all trucks is a maximum of 20kg.

Your clothes and equipment should be appropriate for the conditions you are travelling in, which will vary depending on which part of the world you're heading to. On overland trips, Dragoman will provide all camping equipment apart from sleeping bags and ground mats, so you'll need to bring those with you if your trip includes camping nights.

Think about the climate and altitude of the areas you'll be travelling to - there's nothing worse than being cold at night so it's worth investing in a decent sleeping bag if it's likely to get cold. And remember that even when it's warm during the day, it can often get cold at night, particularly in desert regions.

For a general idea of what you need, this list provides a guide:

General

- Sleeping bag, sleeping bag liner, sleeping mat and small pillow – if your trip includes camping nights
- Sandals or flip flops
- Comfortable walking shoes
- Sun hat and sunglasses
- Waterproof jacket
- Warm sweater or fleece
- Swimwear
- Comfortable travelling clothes and a set of casual but smart clothes for evenings out
- If visiting places of worship on the trip, men should bring a pair of full length trousers and women should bring a skirt that covers their knees and a scarf
- Towel – quick dry, lightweight travel towels are best
- Toiletries including bio degradable wet wipes, sanitary products, hand gel, sun cream and insect repellent
- Day pack – essential for keeping things handy when on the truck, on short hikes, walking around cities, etc
- Assorted dry bags – to protect your kit from dust and damp
- Pouch or money belt
- Water bottle (at least 1 litre) – we carry drinking water on all of our trucks and actively encourage our customers to use the water supplied. Whilst away from the truck we encourage the use of a filter water bottle and we are able to offer Dragoman customers a 25% discount on Water to Go bottles and filters using the code DRAGOMAN25 on the link <https://www.watertogo.eu/dragoman>
- Head torch with spare batteries and bulbs
- Camera with spare battery and extra memory cards
- Electrical accessories such as charger, power bank, adapter, etc
- Carbon monoxide detector
- A good book, a diary or notebook and pen, a fun game for travel days
- Personal medical kit – see notes below

Cold weather

For trips going through mountainous areas, deserts, high altitude regions and Patagonia, you should be prepared for cold weather, especially at night. Ensure you bring:

- 3/4 or 4/5 season sleeping bag with liner – see note on sleeping bag ratings below
- Thermal base layers
- Winter jacket

- Hat, gloves and scarf
- Warm socks

Hot weather

For trips going through tropical areas you should be prepared for hot and humid weather. Ensure you bring:

- Loose fitting clothes with long sleeves and legs
- Mosquito repellent
- Mosquito net – not essential as our tents have mosquito netting but can be handy for hotels and hostels or sleeping under the stars

Trips with trekking

For trips including treks, ensure you bring:

- Lightweight walking clothes suitable for the general climate
- Waterproof trousers
- Sturdy walking boots
- Walking stick(s) – not essential but can help in steep terrain; sticks can generally be hired or purchased en route

[Back to top ^](#)

Sleeping Bags

A sleeping bag's rating typically indicates the lowest temperature at which it will keep the average sleeper warm enough to sustain them but not necessarily make them warm enough to feel comfortable. For example, with a 0°C bag, you should be able to stay in 0°C temperature but you will not necessarily be able to sleep comfortably.

For European sleeping bags there are the following standards:

- The upper limit is the highest temperature at which a 'standard' adult man is able to have a comfortable night's sleep without excess sweating.
- The comfort rating is based on a 'standard' adult woman having a comfortable night's sleep.
- The lower limit is based on the lowest temperature at which a 'standard' adult man is deemed to be able to have a comfortable night's sleep.
- The extreme rating is a survival-only rating for a 'standard' adult man. This is an extreme survival rating only and it is not advisable to rely on this rating for general use.

The transition zone, in between the comfort and lower temperature, is usually considered as the best purchase guideline.

Personal Medical Kit

All of our trucks have a standard motorist's first aid kit on board for use in emergency situations only. The first aid kit is in compliance with UK standards for first aid provision within motor vehicles, and contain supplies to treat road side injuries. We do not carry prescription medications, therefore in addition to this we recommend that you purchase your own personal medical kit.

In the UK we have teamed up with Nomad Travel Stores and Clinics to produce travel medical kits. They have been designed in conjunction with the truck kits and contain everything you would need for any minor incidents and health issues. For more details please visit their website:

Global Survival Kit - <http://www.nomadtravel.co.uk/p/2712/Global-Survival-Kit>

Ultimate Medical Kit (POM) - [http://www.nomadtravel.co.uk/p/2909/Ultimate-Medical-Kit-\(POM\)](http://www.nomadtravel.co.uk/p/2909/Ultimate-Medical-Kit-(POM))

[Back to top ^](#)

Passports

Check that your passport will still be valid for 6 months after the end of your trip - this is important as some countries WILL refuse entry to anyone whose passport is due to expire. A temporary or 'visitor's' passport is not valid on our trips. You will need to provide us with your passport details prior to departing for your trip. If you change your passport, please remember to inform us as soon as possible - however, please be aware that changing your passport can cause big problems if you need to apply for visas or permits (such as the Inca Trail or Gorilla Trekking) in advance.

Pre and Post Trip Accommodation and Airport Transfers

At Dragoman we believe you should make the most of the places you visit, so if you would like to see more of the joining or finishing point cities, why not book additional accommodation to extend your stay? Dragoman can take away the hassle of time zones and language barriers by making the booking for you. This accommodation is only available at the joining or finishing city of your trip, immediately before or after the trip you are travelling on.

While Dragoman is happy to assist with booking your pre and post trip accommodation, it is important that you understand that you may be able to book your own room at a cheaper rate directly through the hotel or on the internet. Our additional accommodation prices are based on the hotel's rate plus an administration fee. Please note our rates do not reflect last minute walk-in rates or internet specials.

We can also book arrival airport transfers for you as long as we have your flight arrival details. These are normally payable in cash upon arrival; however we do have pre-paid transfers in a few destinations.

Please contact our reservations team for details of the accommodation and transfers that we can offer, as not all hotels offer this service.

Continuing Your Trip

Having an amazing trip and met a great group of people? Having too much fun to go home yet? If you're on one of our trips and decide that you would like to continue with us, then why not speak to your trip leader who can advise you of the cost and availability of continuing your journey.

Contingency Emergency Fund

Sometimes, civil or political unrest, or reasons beyond Dragoman's control (e.g. a natural disaster), can mean that an itinerary is disrupted and we have to make a contingency plan. This may involve hiring alternate transport or even the whole group flying over an area. Although Dragoman will help organise travel arrangements, in circumstances outside Dragoman's control you will be required to contribute the additional costs involved and therefore we ask you to bring along a 'Contingency Fund' of USD400. In almost all cases trips run smoothly and this fund is therefore never used. We also recommend that you take along an internationally recognised credit or charge card with a decent limit in case of emergencies, such as medical treatment en route, or even the need to be repatriated; though these occurrences are rare. Remember that travel insurance policies usually only refund you for expenses after you have already paid out.

Responsible Tourism

Dragoman is committed to ensuring that we have a positive impact on local communities and that we implement policies to minimise any negative impact on the local environment. We are dedicated to making sure that we adopt a responsible attitude to the areas through which we travel and believe that our trips should benefit the local people and their environment. Dragoman recognises that we are guests of local communities and strive to make these communities our partners, so that they benefit directly from our visit. You can find full details of Dragoman's Responsible Tourism policy from the link below:

Water

The sale of bottled water contributes to an enormous environmental problem around the world. In addition to the water in the bottle, the production of a 1 litre plastic bottle takes 2 litres of water and 200ml of oil. A large proportion end up in limited landfill or discarded in waterways and natural environments.

Please avoid the purchase of bottled water by using the chemically sterilised water stored in the purpose-built storage tank on your overland vehicle. You are free to refill your bottle as many times a day as you like. You are helping the environment and your pocket!

Electrical Equipment

Your vehicle will be usually equipped with a 12-Volt socket, so to charge your iPod, MP3 player, camera, laptop and mobile phone you will need a DC 12V adapter - the type that can be used from a cigarette lighter in your car. Please be aware that only one piece of equipment can be charged at a time and it will not be allowed if there is a risk of running the vehicle's batteries low. Batteries may also be recharged from hotel room wall sockets and the majority of the campsites we stay at have electricity points, so please bring along your normal charging adapters as well. You will need to ensure that you have the correct country adapter for your specific charger.

For mobile phones, please note that most countries in the Americas operate at 850 MHz and 1900 MHz which is not the same frequencies used in Europe, Africa, Asia and Australia. Most modern tri-band and quad-band mobile phones will be able to operate on these frequencies but please check your mobile phone specifications before travelling to ensure that you'll be able to use your phone in the Americas.

A Few Rules

It is one of our core values to treat all people we encounter with respect, including the local people who make our destinations so special. We have therefore set down a number of rules to which our customers must adhere.

Engaging in commercial or exploitative sexual activities, committing acts of violence or threatening violence towards local people, other group members or any member of our staff is not allowed. Any customer engaging in such activities will be required to leave the trip immediately with no refund of the trip price.

You must at all times comply with the laws, customs, foreign exchange and drug regulations of all countries visited and conduct yourself in accordance with our responsible travel policy. Any customer found contravening such laws or regulations will be required to leave the trip immediately with no refund of the trip price.

Although we are aware that in some parts of the world taking, carrying or selling drugs, carrying weapons, or engaging in commercial or exploitative sexual activities may be legal, it is not acceptable for Dragoman customers and our tour leaders have the right to ask you to leave the trip immediately with no refund of the trip price if you are found to be engaging in such activities.

Issues on the Trip

While we always endeavour to provide the best possible holiday experience, due to the nature of travel and the areas we visit sometimes things can and do go wrong. Should any issue occur while you are on your trip, it is imperative that you discuss this with your group leader or our local partner straight away so that they can do their best to rectify the problem and save any potential negative impact on the rest of your trip.

We recognise that there may be times when your group leader may not be able to resolve a situation to your satisfaction. If this is the case please contact our customer relations department on

customer-relations@dragoman.co.uk.

You may also choose to provide details in your feedback questionnaire which we ask you to complete at the end of your trip, but we do ask you to be aware that it is very difficult for us to provide any practical help after the trip is complete.

Tipping

Tipping is entirely voluntary. The Dragoman crew may be travelling with you for many weeks and usually they become good friends with most members of the group. It is sometimes easy to forget that they do work hard to ensure that you do have a great trip. If you feel you would like to tip them, they certainly would appreciate it.

On a number of our trips, we also use a local guide as well as our own Dragoman crew. These guides live and travel with you through their home country and it is usual to tip them when they leave. We recommend USD 1 to USD 4 per person per day, but check with your crew for an appropriate amount.

Feedback

After your travels, we want to hear from you! We rely on your feedback. We read it carefully. Feedback helps us to understand what we are doing well and what we could be doing better, and it allows us to make improvements for future travellers.
