ROUTE MAP

COUNTRIES VISITED

Brazil

Brazil has a totally different feel to it than the other Latin American countries. The only Portuguese-speaking country in South America, it positively vibrates with a unique and dynamic energy of its own.

Most overland visitors start in the dazzling city of Rio de Janeiro, Brazil's most famous city and home to the famous Christ the Redeemer statue and some of the world's most fantastic and atmospheric urban beaches such as Copacabana

and Ipanema.

SEE PANTANAL'S LEGENDARY WILDLIFE

Brazil's wildlife is legendary, and there is no greater place to spot animals and birds in South America than the [wetlands of the Pantanal](#). Here, it's possible to go spotting for ocelots, jaguars, tapirs, jabiru storks, caiman, and many types of birds! The optional activities available in the region and the nearby eco-tourism capital of Bonito are as amazing as they are numerous, with boat trips, rafting, snorkelling through crystal-clear rivers, and caving being just a few of the many possibilities here.

RIO AND BEYOND

Further to the south is one of the greatest natural highlights in the world, the majestic [Iguazu Falls](#)! These colossal waterfalls are amongst the most impressive on the planet and a phenomenal sight on anyone's overland travels through South America!

Near to Rio de Janeiro you'll find the idyllic colonial towns of Paraty and Ouro Preto, once hugely important for gold trading back in colonial times, and each with their own serene atmosphere today. In the interior, we will explore the bizarre futuristic capital city of [Brasilia](#), a fascinating and somewhat unusual highlight of the country.

Further inland we find the incredible landscapes of the Chapada dos Guimarães National Park, dotted with stunning caves and waterfalls and providing some fantastic walking opportunities.

RIO CARNIVAL

Rio is particularly famous for its huge annual party - the incredible Rio Carnival. The celebration of Mardi Gras (6 weeks before Easter) is a great Brazilian tradition - the whole city goes wild for a full 7 days in a whirlwind of music and colour. We have a range of packages that get you to the heart of the action!

To learn more about Rio Carnival and see all the optional activities available around carnival time, see our [Rio Carnival 2019 Optional Extras Booklet \(PDF\)](#)

DAILY ITINERARY

Day 1: Salvador Da Bahia (Fri 13 Mar)

Welcome to Salvador! Today there is an important group meeting at 18:00hrs, please meet at the Hotel reception. The rest of the day is yours to enjoy Salvador.

Border information: If you are starting in Salvador, enter Brazil at Deputado Luís Eduardo Magalhães International Airport (IATA code: SSA)

In Salvador we stay in a comfortable hotel

Hotel for the night: Pousada de Mangueira
09 Ladeira da Saúde
Bairro da Saúde
Salvador
Bahia
Brazil

Activity

Approximate Cost

Watch a *candomblé* ceremony in Salvador

Included in Kitty

Visit the Forte Santo Antonioa da Barra, Brazil's oldest lighthouse, for panoramic views of the city.

USD 10

Visit a Capoeira school, to watch the Brazilian martial art, combining elements of dance, acrobatics and music.

Free

About Salvador Da Bahia:

Situated on a peninsular jutting out into the Atlantic Ocean, Salvador da Bahia was the capital of Brazil when it was first colonised, but now it can only claim to be the capital of the state of Bahia. Bahia is strongly influenced by its links with Africa, both in its language, religion, food, dance and music, and this certainly dominates the atmosphere in Salvador. If time allows we will take in a night at the Bale Folclorico da Bahia or the Oludum drummers for a taste of local traditions.

Apart from the historic interest of the town, there are some excellent beaches to visit nearby, but you should definitely try to get to a 'Candomble' evening while you are here. Candomble is a popular religious cult in the region, and the ceremonies offer a fascinating insight into the culture of this area.

Salvador is also well known for its spectacular Carnival and other festivities, but the nightlife is good here at any time of the year.

Day 2: Pirambu, Aracaju (Sat 14 Mar)

Today we head north up the coast of Bahia, into the state of Sergipe. Along the way we will make a stop at the Projeto Tamar - a research station involved in the protection of Brazil's fives species of turtle,

which spans 1000km and 9 of Brazil's states. The best time to visit is September to March when the spawning occurs.

Afterwards we will continue our journey north to Aracaju, where we can chill out in one of the town's seafront eateries, listen to some traditional forro music and enjoy the fresh crabs that the town is known for.

Approximate Driving time - 332km / 7hrs

We will spend the night in a local Pousada

Activity

Visit the Tamar Turtle Conservation Project

Approximate Cost

Included in Kitty

About Aracaju:

Set in Segipe, the smallest of Brazil's states, Aracaju is a popular weekend getaway for Brazilians, though often overlooked by Tourists. The town boasts beautiful beaches, waterfront restaurants, lively festivals and a picturesque main square, complete with towering cathedral.

Day 3: Olinda (Sun 15 Mar)

We have a full day drive to the stunning colonial gem of Olinda, considered one of Brazil's most important historic sites.

Approximate Driving Time - 540km / 9hrs

We will spend the next two nights in a local Pousada

About Olinda:

Olinda was one of the old capital cities of Brazil and has quite a few historic buildings dating mainly from around the mid-1600's, many of which have been restored. It is a culturally important city, and is home to many artists and musicians. A good spot to have a drink and take in Olinda is the Alto de Se, the highest square in the town, it has stunning views of the skyscrapers of Recife shimmering in the distance.

Day 4: Olinda (Mon 16 Mar)

Explore the beautiful town of Olinda, once known as 'small Lisbon' and the richest town in Brazil. Enjoy wandering the cobblestone streets, check out some of the exquisite churches and definitely make time for lunch at Alto de Se to enjoy the views!

Activity

Take part in a Capoeira class

Approximate Cost

BRL 30

Visit the imposing 16th Century Igreja da Se, located at Alto da Se (Cathedral Heights)

Free

Day 5: Canoa Quebrada (Tue 17 Mar)

Today we have a drive day to the seaside town of Canoa Quebrada.

In Canoa Quebrada we will stay in a local Pousada

Approximate Driving Time - 629km / 10hrs

About Canoa Quebrada:

Until the mid 1970's Canoa Quebrada had been but a sleepy fishing village until it began to gain popularity with a group of hippies, who gave to Canoa an air of liberty and tolerance which can be felt until today. The village is now one of the best known and most visited beaches in Ceará with dunes and falesias with heights of up to 30 metres which have served as the stage for several movies of Brazilian cinema and television.

Today, besides the eternally overwhelming landscape, the greatest attractions to enjoy are the buggy tours through the sand dunes along the beach and the red cliffs, and the refreshing dives in the calm blue-green ocean.

For the more adventurous there is the opportunity for kite surfing, cliff gliding, capoeira, or you can simply venture through the fishing villages on a long walk or discover the ecological trails that cut through Canoa Quebrada. When the sun begins to set, run to the top of the dunes and you will witness one of the most spectacular sites in the northeast.

Day 6: Canoa Quebrada (Wed 18 Mar)

Huge pinkish sand dunes dominate the area of Canoa Quebrada, it's a fantastic spot to kick back and relax after a week of overlanding, or for the more energetic; try your hand at kite surfing, take an evening horseback ride along the beach, head out on a beach buggy. There's a laid back small town to explore too.

We will stay in a local pousada

Activity

Approximate Cost

Take a 4hr Beach buggy trip to Ponta Grossa

BRL 100-350

Take an evening horseback ride on the beach

BRL 100

Day 7: Jericoacoara (Thu 19 Mar)

An all day drive brings us to the laid back beach town of Jericoacoara, or 'Jeri' as it's affectionately known. Access to Jericoacoara is only by 4x4 through unpaved tracks through the dunes, making it a wonderfully hard to reach place.

Approximate Drive time - 440km / 8hrs

About Jericoacoara:

Jericoacoara is a stunning beach area, located close to the equator in the northeast of Brazil. It is a good example of an area embracing the concepts of responsible tourism. Development has been severely restricted and building is only allowed in the nearby fishing village. To get there, you have to drive off-piste across sand dunes for about 15 kms in a 4x4 and this limits the numbers of outsiders who visit the place. It is a remarkably beautiful place with vast fields of sand dunes, turquoise sea and loads to do. For lovers of the natural beauty there are numerous hikes and trails, which can be accessed on foot or by horse. Alternatively, you may prefer to play around on the dunes on sand buggies or sand boards or to go out on boat trips. It is also an excellent place for windsurfing and other watersports. The area has no big hotels, but has plenty of small restaurants and posadas.

Day 8 to 9: Jericoacoara (Fri 20 Mar to Sat 21 Mar)

Jericoacoara is a magical place to spend some time; wander the sandy lanes, enjoy the sunset with a caipirinha on the dunes whilst the locals practise their Capoeira, head out on a quad bike adventure to remote lagoons where you can take a dip, laze in a hammock and enjoy a seafood lunch. Jeri is also one of the prime spots for surfing, windsurfing and kite surfing!

We will stay in a local Pousada

Activity	Approximate Cost
Learn to kitesurf in Jericoacoara	USD 160
Take out quad bikes to visit the area around Jericoacoara	USD 65
Visit the beautiful Lagoa Paraiso	USD 30
Enjoy the waves and rent a surf board	BRL 25-60
Try a 90minute Capoeira class	BRL 35
Treat yourself to a relaxing massage during your time away from the truck	BRL 150

Day 10: Parnaiba (Sun 22 Mar)

Today we drive to the town of Parnaiba, the gateway to the Parnaiba delta and the Lençóis Maranhenses National Park.

We will stay the night in a local pousada.

Approximate Drive Time - 250km / 3hrs

Day 11: Lençóis Maranhenses National Park (Mon 23 Mar)

Today our adventure into the Lençóis Maranhenses National Park begins; we head out in 4WD to the port (Porto dos Tatus), where we will take a speed boat to Tutoia, stopping off at some dunes and islands of the famous Parnaíba Delta. Seen from the sky, the meeting point of the Rio Parnaíba and the Atlantic Ocean looks like a giant puzzle, made up of 85 tiny islands.

After visiting Tutoia we will spend the night in Atins in a small pousada on a sand bank.

Activity

Approximate Cost

Take an overnight 4WD tour of the stunning Lençóis Maranhenses National Park

Included in Kitty

About Lençóis Maranhenses National Park:

Lençóis Maranhenses National Park, in Maranhão State, is one of Brazil's top natural attractions. It is an ecosystem formed of white sand dunes which cover 383,000 acres and look like bedsheets (*lençóis* in Portuguese) spread out on the Northeastern coast of Brazil.

Fresh water lagoons that fill up with rainwater, mostly during the first six months of the year, make Lençóis Maranhenses unique. Mangroves, deserted beaches, *buritis*- a graceful kind of palm tree - and the Preguiças River help compose the park's diversity.

Lençóis Maranhenses has been formed over thousands of years, as the sand from riverbeds is deposited at the mouth of the rivers and brought back to the continent by winds and sea currents. The sand dunes advance as far as 50 kilometres inland and stretch along 43 kilometres of coastline. They are mostly deserted beaches on which sand mixes with mangroves, creating picture perfect vistas.

Day 12: Lençóis Maranhenses National Park, Barreirinhas (Tue 24 Mar)

Today we will head out in motor boats through the Preguica River, to the protected area of Pequeneos Lençóis, along the way, we will visit a small fishing village, take a short walk to the lighthouse to enjoy views of the dunes and the Preguicas River.

We will spend the night in a Pousada in Barreirinhas.

Activity

Approximate Cost

Visit the stunning Lençóis Maranhenses National Park

Included in Kitty

Day 13: Sao Luis (Wed 25 Mar)

This morning we will head out in 4WD into the lagoons, enjoy a swim and explore the dunes before heading back to the Truck and continuing our journey to the beautiful UNESCO town of Sao Luis.

We stay in a local guesthouse.

Approximate Driving Time - 250km / 4 hrs

About Sao Luis:

São Luís is the capital of Maranhão, situated in the Bay of San Marcos on the northeastern coast of Brazil south of the Amazon Delta. The French founded the city in 1612 but the Portuguese captured it almost immediately in 1615 and then the Dutch took over for 4 years in 1641. The old city is steeped in an almost tangible history and has strong traditional folklore. There are excellent museums; the Catedral da Sé, built in 1726 by the Jesuits and a large French-built fortress now called the Palácio dos Leões. Today the city is almost more famous for its music and is the centre of reggae culture in Northeast Brazil. It has excellent nightlife, restaurants and numerous festivals throughout the year.

Day 14: Sao Luis (Thu 26 Mar)

Today we can enjoy the UNESCO world heritage site of Sao Luis, the only city of Brazil to be founded by the French. The city is full of interesting museums and the historic centre houses beautiful, pastel coloured colonial mansions. You can take a boat trip to the more laid back town of Alcantara, you may spot the Scarlet Guara birds on your way.

We will stay in a local Guesthouse.

Activity

Approximate Cost

Set within an impressive mansion, are exhibits of Sao Luis festivals - Carnaval, Bumba, Meu Boi and Divino Espirito Santo	Free
---	------

Learn about Maranhão's indigenous cultures at the Centro Perquisa de Historia Natural	Free
---	------

Day 15: Belem (Fri 27 Mar)

Our final drive day brings us to Belem where the mighty Amazon River meets the Atlantic.

We stay in a local hotel.

Approximate Driving time: 574km / 11hrs (including a ferry journey)

About Belem:

Belem holds a strategic place on the mouth of the Amazon River, which is why it grew to be such a large and important port. It has a vibrant

market called Mercado Ver-O-Peso, which you can't miss. It sells all manner of local vegetables, fruit, fish and medicinal plants as well as strange artifacts for the local religious cults. Be sure to try out one of the city's excellent fish restaurants before you leave.

Day 16: Belem (Sat 28 Mar)

Today is yours to enjoy the port town of Belem, one of the first Portuguese settlements. Explore the historic centre which houses various museums and cathedrals and be sure to visit the Ver-o-Paso Market, considered the largest in South America, with its stalls scattered with Amazonian fish, baskets of Acai, herbs and crafts.

Activity	Approximate Cost
Visit the iconic, waterfront colonial Ver-o-Peso market.	Free
The Cidade Velha is home to most of Belem's museums, with four plazas and riverside location.	Free

Day 17: Belem (Sun 29 Mar)

Today is the end day for passengers finishing their trip in Belem. Please note that there is no accommodation included on the trip tonight - please contact your Sales agent if you would like to book additional nights in the hotel.

If you are continuing your trip to Boa Vista, we will depart early this morning on a passenger boat to Macapa.

Border information: If you are leaving in Belem, you will most likely exit Brazil at Val de Cans-Júlio Cezar Ribeiro International Airport ([IATA](#): BEL)

Activity	Approximate Cost
Visit the iconic, waterfront colonial Ver-o-Peso market.	Free
The Cidade Velha is home to most of Belem's museums, with four plazas and riverside location.	Free

IMPORTANT NOTES

The routes, activities and places visited described in these trip notes are intentions and are meant as a rough guide only.

These trip notes have been compiled to help you prepare for your journey once you have booked. They include the full itinerary and dates, and information about kit lists, meeting hotels, insurance,

vaccinations, visas, and other information that will help you get ready for your trip.

We update these notes regularly, so please ensure you have an up-to-date version of these trip notes.

We intend to follow the planned route but exact night stops and inclusions cannot be guaranteed. It sometimes happens that we decide to make a change to our planned itinerary. This may be for a variety of reasons - climatic, road or bureaucratic conditions may demand it. By their very nature, overland itineraries need to be flexible and the regions that we are travelling through are often unpredictable. We run adventure journeys in off the beaten track areas, which often have poor infrastructure. You should expect that some of these areas do not adhere to 'Western' safety standards.

VISA INFORMATION

Many countries that we visit on our travels will require visas to enter. Some are best obtained before you leave home, and others can be obtained en-route. Whilst the ultimate responsibility for obtaining visas is yours, we will endeavour to assist you wherever possible.

The visa requirements for your trip vary depending on where you are from and where you are going. The information provided is given in good faith and we do try to keep the visa information as up to date as possible. Please read the information very carefully to make sure everything is clear and you aware of what you need to do. Please also be aware that rules surrounding visas do change, often suddenly, and without prior warning. This is why it is important that you also double-check the information we provide for yourself.

For visas that are needed in advance, you may wish to submit the applications directly to the relevant embassy or consulate. If you require any supporting documentation for your visa applications, Dragoman will obtain this on your behalf as part of your trip price - we will contact you to request additional information in order to make this application for you.

However, for trips that involve multiple visas, you may find it beneficial to use a specialist visa agency to assist you with your applications. While this does sometimes increase the cost, it usually makes the process much easier for you.

As you will often need to submit your passport together with your applications, we recommend that you avoid making any travel plans in the weeks leading up to your departure.

Most countries require that your passport is valid for at least 6 months after your entry into the country.

For trips that are not yet guaranteed, you may find yourself in the position whereby you will need to start the visa application process prior to your trip being guaranteed - in this situation we still advise you **not** to purchase flights until your trip is guaranteed. However, you **can** start your visa application process, ensuring that when applying for your visas or letters of invitation that you allow several days before and after your entry into the country to allow for delays, availability of flights, etc.

BRAZIL

Citizens of the UK, Ireland, New Zealand, Switzerland, South Africa and all EU countries **will not** need a visa to visit Brazil as a tourist for up to 90 days.

Citizens of Australia, Canada, Japan, Mexico, Russia, South Korea and the USA **will** need a visa to visit Brazil. You will need to obtain the visa **in advance**. You can arrange this in advance of your travel by applying directly yourself with your nearest Brazilian Consulate, or by hiring a specialist visa agency to make the application on your behalf. Please note that most Brazilian consulates do not accept postal applications, so require either you or a visa agent to make an appointment in person - there are also strict rules regarding where you can apply for your visa, and the application will be rejected if it is not made at the consulate nearest to where you are 'resident', so please check the consulate's jurisdiction before your application.

Another option to obtain the visa is by applying at the Brazilian Embassy in Buenos Aires, Argentina. This

is possible for most foreign tourists, but you will need to allow at least 3 working days for the visa to be processed, and you must make an appointment and fill out a visa request form online prior to your arrival at the embassy, and there are strict requirements for what supporting documents you will need - please visit the embassy's website here for more information and to set up your appointment:

http://www.conbrasil.org.ar/CONSBRASIL/visas_otros01engl.asp

Citizens of other countries should check with the relevant consulates as to whether a visa is required. If a visa is required, you will need to obtain it **in advance**.

FLYING TO CENTRAL OR SOUTH AMERICA VIA THE USA OR CANADA

If your flight to Central or South America goes via the USA, then you **must** obtain an Electronic System for Travel Authorization (ESTA) before travel (except for citizens of Canada, who will not require this). Citizens of the UK, Ireland, Australia, New Zealand, Japan, South Korea, Taiwan and most EU countries are part of the USA's Visa Waiver Scheme and are eligible to obtain an ESTA.

An ESTA must be obtained **online** and **in advance** via the following link and paying the appropriate fee - <https://esta.cbp.dhs.gov/esta/> - please note that you will be denied boarding your flight if you do not have this arranged.

If you are not eligible for an ESTA, then you will have to obtain a B-1/B-2 visa for temporary visitors, and you will need to obtain it **in advance**. In this case it would be advisable to book flights that do not go via the USA.

Please note that if you have travelled to Iran, Sudan, Iraq or Syria since March 2011, or hold dual-nationality with one of these countries, then you will not be eligible for an ESTA and must instead apply for a visa. There are some exceptions to this, please see the following link for more details - <http://www.state.gov/r/pa/prs/ps/2016/01/251577.htm>.

Similarly, if your flight to Central or South America goes via Canada, then you must obtain a Canadian Electronic Travel Authorisation (eTA) before travel (except for citizens of the USA, who will not require this). Citizens of the UK, Ireland, Australia, New Zealand, most EU countries, South Korea and Japan are part of Canada's Visa Waiver Scheme and are eligible to obtain an eTA.

An eTA must be arranged **online** and **in advance** - please go to <http://www.cic.gc.ca/english/visit/>, apply and pay the appropriate fee.

If you are not eligible for an eTA, then you will have to obtain a Temporary Resident Visa, and you will need to obtain it **in advance**. In this case it would be advisable to book flights that do not go via Canada. Please note that several Eastern European nationalities will need a visa.

PERSONAL SPENDING

SOUTH AMERICA CURRENCIES AND CASH

It is not really worth trying to buy local currencies before you travel. Bear in mind that many countries have strict regulations about the amount of their own local currency you are allowed to import - if you are found with amounts in excess of the allowed amounts, it may well be confiscated!

For obvious security reasons we hesitate to recommend you bring lots of cash with you, a sensible mix of cash and ATM cards is best. Most of our past passengers have said they wished they had been told to bring more cash. Apart from the convenience of being able to change money in many more places, you will sometimes get a much better exchange rate for cash.

More and more people are choosing to travel with cash passports such as TravelEx cards (you can visit www.cashpassport.com for further information on these). This is a very secure way of carrying your money whilst travelling. You treat them exactly like an ATM card and draw out local currency from an ATM within each country.

Travellers cheques have become increasingly difficult to change in South America with passengers and our leaders experiencing huge frustration and numerous hours spent trying to find a bank which will change travellers cheques. For this reason we no longer accept them on our trips and do not recommend that you bring them for your personal spending money.

You should take a mixture of denomination notes. Banks and moneychangers in most countries will now only accept bills with a metallic strip running top to bottom of the bill and which are **no more than 8 years old**. You should not take worn or damaged notes, or any that have been written on. Brazil can be difficult for changing money, so it's handy to have a cash card as backup. Please bring a mixture of small and large denominations as in more remote areas it can be hard to change amounts over USD50.

Please note that due to a recent counterfeit scam central banks in several South American countries (Ecuador, Peru, Bolivia and Chile) have temporarily banned the circulation of USD100 notes bearing a series 2001 production date and a serial number starting with the letters CB or CF and ending in B2. The serial number is printed in green on the emblem.

Cash machines are readily available in most areas but are not always reliable therefore we recommend that you do not rely on them as your only source of cash. ATMs can be difficult to find sometimes in remote areas, especially in Patagonia. Credit cards such as Visa, MasterCard and American Express are the most commonly accepted, but be prepared for very high commission charges. Please do not rely on cards for daily use, as they are not always accepted outside of larger towns and cities.

WHAT ELSE YOU NEED TO KNOW

Overland Lifestyle and Trip Suitability

Dragoman was founded in 1981, and has had many years of experience of leading overland trips across 4 continents. Overlanding is all about sharing a great travelling experience with like-minded people. On your trip you'll travel in one of Dragoman's purpose-built iconic expedition vehicles on an off the beaten track adventure along rugged roads, experiencing the sights, sounds and smells of the world up-close. Your journey will be overland, sometimes across vast distances, so some long days spent driving are inevitable - but these will be interspersed with breaks of a day or two at a destination or activity. On an overland journey, you are more than just a passenger and everyone gets involved setting up camp - we supply the tent but it's up to you to pitch it! As part of your trip, you will be assigned a truck job which could be collecting firewood or water, luggage loading, organising food, stores, etc.

Like all great adventures, the more you put in the more you'll get out!

We are looking forward to welcoming you on one of our overland journeys, but before we do there are a few things we would like to draw to your attention.

[Back to top ^](#)

Who Travels with Dragoman?

Our groups are made up of people from around the world, and are always an interesting mix of nationalities and ages. On average there is a pretty even split between males to females, and between solo travellers, couples and small groups of friends. We believe that overlanding should be open to as many people as possible, and so although we have a minimum age limit of 18 (or 7 on our Family Trips), as long as you are fit, healthy and passionate about travel, we are happy to take you, whatever your age is. One of the wonderful aspects of group travel is the camaraderie and friendships that are formed along the way, and the variety of people that you will meet.

[Back to top ^](#)

Group Size

The maximum group size we take on our overland journeys ranges from 19 to 22 depending on the geographical location; however the average number of passengers is more likely to be around 16.

Please note that there is an overlap of 2 trips in Cuzco and during the Inca Treks. This means a group starting a trip in Cuzco will embark on the Inca Trail at the same time as a group finishing in or travelling

through Cuzco. In practical terms this means there could be more than 22 group members in Cuzco and on the Inca Trail at the same time.

Please note that there is also an overlap of 2 trips in Zanzibar. This means a group starting a trip in Nairobi, for example, will visit Zanzibar at the same time as a group starting their trip there. In practical terms this means there could be more than 22 group members in Zanzibar at the same time.

Please also note that on some departures there may be more than one truck doing the same route. This means that you will be in the same hotel or campsite as another Dragoman group on some days. To ensure that you are not always at the same place at the same time as another group, your itinerary will most likely be slightly altered from the itinerary advertised in these trip notes.

Our Crew and Guides

Our crew are passionate about travel and are always up for adventure. It takes someone special to become a Dragoman leader. Our crew undergo the most intensive training program of all the overland companies, spending 8 weeks learning the ropes at our base in Suffolk, UK, and then up to 6 months on the road as a trainee. Our crew are trained to manage and operate the trip safely and efficiently and their duties include: planning the trip according to the itinerary, driving and maintaining the truck, securing services of local guides, general logistics, health and safety, liaising with bureaucracy, dealing with issues where needed and offering advice and support to our customers. In addition they have a basic knowledge of the places visited and will be able to offer suggestions of things to do and see. Dragoman endeavours to provide the services of experienced crew, however, due to the seasonality of travel, situations may arise where your tour leader is new to a particular region or training other crew, new to the area.

On all Dragoman overlanding trips, we usually have 2 western crew but please be aware that there may be times when one crew member has to leave the trip due to unforeseen circumstances such as visa issues, illness of a group member, etc. On some of our trips we have 1 western crew and 1 local driver instead of 2 western crew. On trips south of Nairobi in East and Southern Africa we will also have an African camp master/cook who is in charge of running the camp and organising all of the meals. Their knowledge of the local produce makes shopping at the markets great fun and you will learn how to prepare and cook some unusual dishes.

On the majority of our trips in Ethiopia, Sudan, Central Asia, China and South East Asia, in addition to our crew we will have a local guide on board who will travel with us for the entire duration of our time within one country. In these cases, the local guide becomes a third crew member and is able to offer their local knowledge as well as an insight into their country and the lives of the local people.

In most other areas of Africa, the Americas, India and Turkey, in addition to our crew we will employ local guides in specific locations of interest (for just a few hours up to a few days).

Your crew have a duty of care to all members of the group and therefore they have the authority to ask you to leave the trip if you require serious medical assistance, you are behaving in an anti-social manner or refuse to comply with local laws and customs. In all matters relating to the trip, the leader's decision will be final and we appreciate your respect of this.

Accommodation on Tour

Dragoman's overland trips are designed for shared accommodation, whether camping or staying in hotels or hostels, and therefore do not involve a single supplement. Whilst our crew will do their best to accommodate couples travelling together in twin rooms, all our travellers should expect to stay in multi-share accommodation when staying in hostels, gers or yurts.

The type, variety and standard of accommodation will vary greatly depending on what options are available at the time; hotels can vary from very basic rooms without electricity or running water to high standard hotels with good facilities! Generally in hotels most rooms will be single sex, twin-share, but in South America many rooms are triple/quad-share. Hostels, gers and yurts are nearly always multi-share and may be mixed sex.

The campsites will range from rather basic to those with excellent facilities, including swimming pools,

restaurants and bars. In some cases it may also be possible to upgrade locally to bungalows, lodges or even tree-houses. One of the highlights of overlanding is that in more remote areas we wild camp away from the tourist crowds. Occasionally on some of our trips we are able to stay in villages or local homestays allowing us to get close to the indigenous population and ensuring that our money stays within the local community.

[Back to top ^](#)

The Kitty

In addition to the trip price on our overlanding trips, you will also be required to pay a kitty specified for your trip (please note that there is no kitty on our Family Trips). The kitty is payable in installments at the start of each section of the trip for combination trips, and in full at the start of the trip for individual trips. Each customer joining a trip pays their kitty into a central fund. The fund is managed by the Dragoman crew and the kitty accounts can be viewed by all throughout the trip.

The kitty covers all things that the whole group does, such as:

- Hotel accommodation and campsite fees
- Meals whilst camping (not whilst staying in hotels)
- Activities listed as included (e.g. National Park or historical site entrances, excursions, etc.)

The kitty system is unique to overlanding and allows us to have flexibility and transparency on our trips. You can see exactly how your money is being spent and ensure that you are getting the best value by buying locally. It also helps to keep the costs competitive and save on administration costs so that we can pass the saving on to you. Dragoman makes NO PROFIT on kitties, as they are the group's fund. If there is money left in the kitty at the end of your trip, then this is divided between the group and you receive a refund.

Once you book your trip it is very important that you check our website on a regular basis and just before departure for any changes to the kitty amount. We constantly update the kitty prices on our website and the kitty advertised in the brochure is an estimate at the time of printing. Prices can go up or down with no notice, and exchange rate fluctuations will affect costs.

The kitty is payable in full at the start of your trip (in instalments at the start of each individual trip on combination trips). Alternatively you can pay in advance via a bank transfer 3-4 weeks before the start of your trip - please see http://www.dragoman.com/files/Kitty_doc_v10.pdf for more details - this information sheet will also be sent in your booking confirmation upon booking a trip and can be found on www.dragoman.com/overlanding/planning-your-trip/money. Please also note that prepayment is not available for our trips to West Africa, Iran, Tajikistan and any trip in Africa north of Nairobi.

If you are bringing the kitty out in cash, please ensure your USD notes (EUR notes if your trip goes through West Africa) are clean and undamaged and **no more than 8 years old**. If needed, your tour leader will be able to accept some of the kitty in local currency, and they will let you know the exchange rate locally. In most destinations you can withdraw local currencies from ATM machines, using either a cash passport or a credit/debit card. However, please bear in mind that most cards have a maximum withdrawal amount per day, local ATMs may run out of cash, and your bank could block the card despite you warning them of your travel plans, so it could be impractical to try to get the entire kitty out from an ATM.

We cannot accept traveller's cheques on our trips.

[Back to top ^](#)

Meals and Group Participation

On an overland journey you are more than just an individual passenger - you're part of the team. You are expected to pitch in to set up camp, shop for food, cook and generally help out. As part of your trip you will be assigned a truck job which could be collecting water and firewood, sweeping out the truck, loading the back locker, etc. While camping on overland journeys, the meals are included in the kitty. This means that you will have to work together to cook for everyone in your group. You will be divided into smaller units of 3-4 people and take it in turns to cook for the whole group according to a rota system. When it is

your group's turn to cook you will have to plan the meal, shop for the ingredients in local markets or supermarkets and then prepare the meal for the whole group. The secret to cooking for 20+ people using a basic camping kitchen is to keep it simple! (On trips south of Nairobi we have a cook on board the truck; however you will still be required to help them to prepare meals).

An example of a typical camp breakfast might be toast with spreads, fruit and cereal as well as tea and coffee. When time allows it will also be possible to serve something hot such as eggs or pancakes. Lunch is almost always a sandwich heaped high with healthy salad and assorted fillings, with fruit to follow. Dinner might be a BBQ, risotto or pasta dish and there is always the chance to try some local cooking. Generally our passengers find the more they put into a trip, the more they benefit from it.

[Back to top ^](#)

Dietary Requirements

If you have any dietary requirements please tell us at the time of booking and tell your crew at your welcome meeting. Our crew will try to cater for any particular dietary requirement or food intolerance whenever possible. However, it must be remembered that it may not always be possible and the variety of dishes may be severely limited in comparison to those available to others. If there is anything in particular you require in your diet, that you would miss from home, or because of an allergy would miss out on, it would be best to bring this with you. Depending on your particular requirements, you may need to allow yourself some extra spending money to allow you to purchase extra food items.

[Back to top ^](#)

Itineraries

Our itineraries are developed and published with the best of intentions, however travel in more remote areas of the world is unpredictable – borders can close, there can be extreme adverse weather, strikes or maybe mechanical issues that affect the running of your trip, but equally due to the nature of our trips we can often spontaneously include a local festival or event into the itinerary. This being said, the safety of our passengers, leaders and operators is a priority for us. With this in mind we monitor world events very closely. By the very nature of the adventure travel that we take, there are risks and hazards that are inherent in our itineraries. We make operational decisions based on informed advice from a number of sources, including the British Foreign and Commonwealth Office travel advice, reports from other travel companies and local suppliers, leaders' reports from off the road and local contacts we have built up over many years of experience.

[Back to top ^](#)

British Foreign Office Travel Advice and Warnings

Dragoman follows the British Foreign Office Travel advice when deciding where and where we are unable to travel. We will base our decisions on itineraries and alterations to published routes based on their advice rather than the advice of other governments. We will advise you of any significant changes in advice before travel or whilst you are overseas.

However, we recommend you check the latest travel advisories from your own government for the country you are travelling to before you book and prior to departure. If there are any travel warnings present for the region you will travel to, as well as considering whether you are happy to travel despite the warning you must also check to ensure that it is not invalidating your travel insurance. Here are a few useful addresses:

UK - www.gov.uk/foreign-travel-advice

Australia - <http://www.smartraveller.gov.au/>

New Zealand - <http://www.safetravel.govt.nz/>

United States - <https://travel.state.gov/content/passports/en/country.html>

Canada - http://www.voyage.gc.ca/countries_pays/menu-eng.asp

We also recommend that you check out the UK Travel Aware website before you travel at <https://travelaware.campaign.gov.uk/>. This website offers straightforward travel advice, top tips, and up-to-date country information to help you plan a safe trip.

[Back to top ^](#)

Health

You need to be in good physical health in order to participate fully in our trips. When selecting your trip please make sure you have read through the itinerary carefully and assessed your ability to cope with our style of travel. To help you assess if this trip is suitable, please refer to the physical rating. The ratings for each trip are a good indication of how challenging they are and in some cases you should be prepared for some long driving days and possibly limited facilities. We are always happy to give extra advice if you have additional concerns. Please note that if, in the opinion of our leader, you are unable to complete the itinerary without undue risk to yourself and/or the rest of the group, Dragoman reserves the right to exclude you from all or part of the trip without a refund.

You should consult your doctor for up-to-date medical travel information prior to travel, particularly if you have a pre-existing medical condition. You must also declare any pre-existing medical conditions to your travel insurers upon purchase and provide evidence to us prior to departure that your pre-existing medical condition has been declared to your insurers. Failure to do so will mean that you are unable to join the trip.

[Back to top ^](#)

Altitude

Some pre-existing medical conditions are known to severely worsen at high altitude and be difficult to adequately treat on the ground, leading to more serious consequences. It is imperative that you discuss your pre-existing medical condition/s with your doctor. We understand certain medications are reported to aid acclimatising to high altitude; please discuss these options with your doctor. For trips that travel to areas of high altitude, the tour leader will issue you with a self-assessment altitude questionnaire which allows you to monitor how you are coping with the altitude and informs you of danger signals so that you can report these as soon as possible, either to the tour leader or a medical professional.

[Back to top ^](#)

Yellow Fever

A valid international certificate of vaccination against Yellow Fever is required in many countries. You may need to present this on arrival at the airport or border crossing. Some countries will refuse entry if you are unable to present your certificate. It's also quite common for your home country to request a Yellow Fever certificate on your arrival back home.

It is your responsibility to check with your doctor well in advance of leaving home about the Yellow Fever requirements for the countries you'll be visiting.

Malaria & other mosquito-borne diseases

There is a risk of contracting malaria in some areas which we travel through. If your trip goes to a areas with malaria it is always best to get expert advice before travelling about the types of malaria pills available, whether they are recommended, and take any that are prescribed as instructed. Consult your GP or travel clinic for the most up-to-date requirements.

Other mosquito-borne diseases such as yellow fever, dengue fever, chikungunya and Zika are continuing to spread and are becoming a bigger problem around the world. Mosquito bite prevention is vital to avoid contracting any of these diseases, as there are no vaccines or specific treatments available. Health professionals have issued warnings for pregnant women travelling to areas affected by the Zika virus. For more information about Zika please visit:

- WHO: www.who.int/en/news-room/fact-sheets/detail/zika-virus
- Center for Disease Control and Prevention: www.cdc.gov/zika

The Anopheles mosquitoes that transmit malaria usually bite between the hours of dusk and dawn, whereas the Aedes mosquitoes that transmit yellow fever, dengue fever, chikungunya and Zika bite both during the day and the night. To prevent being bitten, it is recommended to cover up by wearing

long-legged and long-sleeved clothing, preferably light-coloured and buttoned at the wrists. Do not sleep without closing your windows, tent door, etc. and use a mosquito net in hotels or if sleeping outside where there are mosquitoes present. Use mosquito repellent applied directly to your skin or soaked into your clothing. Treating clothes and mosquito nets with a Permethrin solution also provides significant protection. It should be available at most travel stores. Mosquito coils are useful on still nights and in hotel rooms, but cannot be used inside the tents. For more advice on how to avoid bites please see: www.travelhealthpro.org.uk/factsheet/38/insect-and-tick-bite-avoidance

[Back to top ^](#)

Vaccinations

Recommended vaccinations and other health protections vary according to different regions and recent bulletins issued by health authorities. It is essential to get the latest specific health advice on the regions and countries you are planning to travel in, so please check with either your doctor or travel clinic in good time before you travel. The following websites are also a helpful resource:

www.nathnac.net and www.fitfortravel.nhs.uk

In the UK, we have been working with Nomad Travel for many years and their website has comprehensive, up-to-date vaccination and health information. You will receive a 10% discount off all vaccinations given at Nomad Travel clinics.

[Back to top ^](#)

Safety & Security

At Dragoman your safety is of paramount importance and we will do our best to ensure that your travel with us is safe and trouble-free, but we do ask that you take that little bit of extra care whilst you are away and to understand about the nature of this style of travel.

Of course we want you to have an enjoyable time, but you must also remember that part of the enjoyment of travel is experiencing a different way of life and cultures. This may also mean experiencing different safety and hygiene standards than those you are normally used to.

Therefore, please take note of the following safety tips and follow any local safety advice or briefings delivered by our crew or any third-party suppliers we use during your trip.

[Back to top ^](#)

Transport Safety

- Our own vehicles have fully-fitted seat belts; make sure you always belt up.
- If you find a safety belt inoperable or missing on one of our vehicles, please inform the crew immediately.
- Unfortunately, we cannot guarantee that other vehicles we may use or recommend in some countries will be fitted with seat belts on every seat as it is not a legal requirement in much of the world.
- Please remain seated on board vehicles at all times when the vehicle is in motion.
- Never place luggage in the aisles or foot wells.
- Ensure you know where your nearest Emergency exit is; this may be a designated emergency exit, a window, a door, or a roof hatch.
- Check the location of the fire extinguisher and first aid kit.
- Follow any safety instructions provided by the crew/driver.
- Our vehicles are fitted with roof seats which can be used in certain conditions, such as when driving at low speeds, off main tarmac roads, etc. The roof hatches can only be opened and the roof seats used with the express permission of the crew and you must never sit in the roof seats without seat belts.

Road Safety

- Traffic in some countries travels on the opposite side of the road to what you may be used to, so ensure you look both ways before crossing the road.
- In many countries vehicles do not automatically stop at crossings and driving styles may be very

unpredictable, so please remain very vigilant when near roads and vehicles.

- Crash helmets are often not provided with mopeds and motorbikes overseas – we do not recommend you hire these vehicles.

[Back to top ^](#)

Fire & Other Safety - Hostels/Hotels/Homestays

- Ensure you know where your nearest fire exit is and check to ensure that it is operative.
- Check the location of the nearest fire extinguisher.
- Study the fire instructions in your room if available.
- Identify how to raise the alarm if a fire occurs.
- If a fire occurs, leave immediately; do not stop to collect your effects.
- Proceed to an assembly point well away from the building.
- Electrics in hotels in many of the places that we visit will not be up to the same standards as at home. Please ensure that you check rooms, especially bathrooms and are aware of any issues that look unsafe. If in doubt inform the crew who will endeavour to sort the situation out if possible.
- Staircases and stairwells are often built to a very different design than under western building standards. There may be no guard rails, be excessively steep, have dangerous gaps between the stairs and the wall, etc. At all times be aware and take appropriate and prudent care.
- We often stay in homestays and farmstays. These may range from a traditional yurt through to a tree house or a town house. As these are traditional homes, they may well not adhere to our western standards of safety and so it is important that you make yourself aware of potential risks.
- If in doubt please inform the crew of any safety issues with the hotels/hostels or homestays.

Fire Safety - Campsites

- Ensure you know where the nearest source of water or fire extinguisher is.
- Know how to raise the alarm.
- Extinguish all camping fires fully before retiring to bed.
- Observe any regulations regarding fires and bushfires in dry conditions.
- Identify how to raise the alarm if a fire occurs.
- If a fire occurs, leave immediately; do not stop to collect your effects.
- Proceed to an assembly point away from the tented accommodation/affected campsite.

Other Campsite Safety & Security

- Familiarise yourself with the campsite and any known hazards.
- Group the tents around our vehicle wherever possible.
- No open flames, smoking or flammable liquids in or near the tents.
- Ensure the cooking area is well away from the tents.
- Ensure all water for cooking and drinking is purified first.
- Ensure any soil toilets are a minimum of 50m away from the tents and the cooking area.
- All food waste should be burned or buried a minimum of 100m away from the site.
- Ensure local advice is followed concerning any wildlife in the area.
- Keep valuables locked in the vehicle.
- Be aware of any local security issues that might be important.
- Do not set out tents close to perimeter fences which may be a security risk.
- Be aware of the security arrangements and local guards for campsite and if in doubt ask them where and where not to pitch tents.
- If in doubt please inform the crew of any safety issues with campsite.
- When wild camping, ensure that you do not wander away from the camp alone. If you do leave camp, ensure that you have notified the leader or other members of the group.

Food Safety

- Make sure your food has been thoroughly cooked.
- Hot food should be hot, cold food should be cold.

- Avoid any uncooked food, except fruit and vegetables (notably those you can peel or shell yourself).
- In many countries you should only drink bottled water or purified water and ensure any seal is intact when purchasing bottles.
- On the Dragoman vehicles we have a tank of drinking water that is kept purified by the crew.
- Avoid ice in drinks as this can cause upset stomachs in hot climates.
- Make sure you wash your hands in antibacterial product when preparing and/or eating food.
- Many of the restaurants that you will eat in, either as a group or as individuals, will NOT have the same standards of food hygiene as we have in the western world. Unfortunately this is a reality of life in these regions. Therefore please think carefully about where you eat, what food you order and be aware of the risks.

[Back to top ^](#)

Personal Safety

One of the real advantages of overland travel is that the vehicle provides a very real level of security when travelling. There is no doubt that a properly-equipped overland vehicle, with safes, fully lockable doors and windows is an obvious advantage when travelling in much of the world. Generally speaking, you will not be travelling on local public transport and will have the added security of travelling in a group with experienced crew on-hand to offer advice. We have come up with a few pointers that we recommend you follow:

- Follow the crew's specific safety advice in each destination.
- Always remain aware and vigilant, and stay away from situations where you do not feel comfortable.
- Avoid carrying too much money.
- Always avoid carrying your passport, driving licence, air tickets, and other valuable items around with you unless this is essential. Instead, keep valuables such as this locked away in the truck's safe, or the safety deposit box in the room or reception of the hotel/hostel.
- If you are carrying cash, cards or valuables, use a money belt or neck wallet which are more easily concealed and more difficult to pickpocket.
- Do not take any valuable jewellery, watches, etc. away with you in the first place.
- Avoid walking in poorly lit areas.
- If possible avoid walking around on your own; it is always safer to explore with others.
- Always try to walk with confidence and purpose, which will help you avoid looking like a lost tourist!
- Take special care when walking to avoid spraining or twisting your ankle on potholes, cobbles and uneven ground.

[Back to top ^](#)

Activity Safety & Optional Activities

You will have the opportunity to take part in many exciting activities and excursions, some of which are included (e.g. hiking the Inca Trail, trekking to see Mountain Gorillas, visiting the Taj Mahal, etc.), whilst others are optional (e.g. white water rafting in Uganda, zip-lining in Costa Rica, etc.). Some of these activities require a certain level of fitness, so it's important that you read through the trip notes thoroughly and make your own conclusions as to whether you feel that you are fit and healthy enough to enjoy this trip and its activities to their fullest.

Some activities may have higher risks than you are used to and you must judge whether or not you wish, or have the physical ability, to take part.

Please note that riding helmets are mandatory for all optional and included horse riding activities. This is an insurance requirement.

Optional activities mentioned by Dragoman are not included in the trip price or kitty, and do not form part of your contract with Dragoman. As such you accept that any assistance given by Dragoman crew members or local representatives in arranging optional activities does not render us liable for them in any

way. The Dragoman crew are assisting you in arranging these activities for your added enjoyment whilst on your trip. The operators of these services and optional extras are local suppliers who contract directly with the client 'on the road', subject to and in accordance with their own terms and conditions. Dragoman accepts no liability for any action or activity undertaken by the client which is arranged independently of Dragoman while on tour. Crew may take part in an optional activity but do so as private individuals and not as company representatives.

Please use your own good judgement when selecting an activity in your free time.

Ensure that you use the appropriate equipment on optional activities, including life jackets, helmets, etc. This is especially important on activities such as horse riding, white-water rafting, etc.

Always ensure that your travel medical insurance covers you for all included and optional activities that you wish to participate in.

[Back to top ^](#)

Included Activities

Included activities are listed in the day-to-day itinerary, all other activities are optional and at your own expense. If you choose not to participate in the included activities on this itinerary, the cost will not necessarily be refunded; this is something you will need to check with your leader.

[Back to top ^](#)

Optional Activities

A selection of optional activities is listed in the day-to-day itinerary. This list is designed to be a helpful guide as to what is commonly available in each location, and is neither an exhaustive list, a guarantee that the activity is available, or an endorsement or recommendation. Please note that certain activities may not be available on your particular visit if they are overbooked, underbooked, out of season, or for any other reason - the list of activities is made according to our latest information and in the best faith, but please be aware that things may change between our last visit and your arrival. Please also note that it may not be possible to do all the activities listed in the time available at each destination, and it is recommended to give yourself extra time in your joining or ending city if you would like to participate in some optional activities there.

Prices listed are for entrance only and do not include transport costs to and from the sites or local guides unless indicated - again, these prices are displayed according to our latest information and in the best faith, but prices do fluctuate due to exchange rates, season, numbers of participants, and simple increases from the operator - any prices listed are a guide only and certainly cannot be guaranteed.

Optional activities are not necessarily endorsed or recommended by Dragoman nor included in the price of this trip. If you do any optional activities, you do so at your own risk and it must be clearly understood that your participation is your own decision and does not form part of your contract with Dragoman. You may be required to sign/complete a waiver form or optional activity form for some optional activities.

[Back to top ^](#)

Insurance

It is a condition of booking that you have comprehensive travel insurance. Without evidence of valid travel insurance you will not be allowed to start the trip.

We recommend that any policy has a minimum medical (including repatriation) cover of £5,000,000. We recommend that any policy also has a minimum level of cover for Personal Liability of £2,000,000 and for Cancellation and Curtailment of £5,000 (or the full cost of your trip). Cover for loss of baggage, personal effects, money and other inclusions are down to personal choice although please bear in mind that personal effects are more likely to go missing whilst travelling and you should ensure that your policy is adequate to cover the value of your personal effects e.g. cameras, tablets, phones, ipods, etc. Please note that Dragoman is not responsible for your personal effects and is not insured for their loss. Please note that you should be insured for trip postponement or cancellation purposes immediately upon paying a deposit.

Whatever policy you choose, you must ensure that it is designed for adventure/overland travel and make sure it covers any activity that you intend to undertake (whether included or optional). As such it must cover you for adventure activities such as white water rafting, trekking, horse-riding, etc., and that the 24-hour Emergency Assistance Company must be experienced in handling situations in developing countries - for example, that they have the ability to arrange repatriation from remote areas such as the Sahara or if you were trekking in the Andes. On activities or side trips that are not recommended by us, please ensure you are happy with the safety of the activity before participating.

Please note that in the case of credit card travel insurance we will require details of the participating insurer, the insurance policy number and emergency contact number prior to travel rather than just the bank's name and credit card details. It is up to you to ensure that these policies have the cover you require, as many of these policies are not able to cope with adventure travel to remote areas and many are not valid for travelling outside your country of residence or outside the EU.

[Back to top ^](#)

Our Liability Insurance

Dragoman has comprehensive passenger vehicle liability protection and tour operator insurance. These policies have total indemnities of £5,000,000 and £10,000,000 per incident respectively. This is in addition to local vehicle insurance and your personal travel insurance.

[Back to top ^](#)

Out of Office Hours Contact

We have an out of office hours number you can call which should only be used once you have left your home country to start the trip and in the event of a real emergency. Should you need to call the number, we will do what we can to help but please bear in mind that real progress or action may not be possible until normal office hours. If you can not get through please leave a message with your name, reference number, contact details and a message with the help that you need and we will get back to you.

If your flight is delayed or cancelled, please let us know and then make your way to the joining hotel as instructed in these trip notes. If you cannot get through leave a message and a contact number as these will be regularly checked and the crew informed if necessary.

Out of hours Number: +44 (0) 7985 106564

[Back to top ^](#)

Luggage & Kit List

Although you will not have to carry your main bag for long distances, you will need to help load and unload them onto the truck. For this reason we recommend that you use a backpack or soft bag rather than a heavy suitcase. During your trip your main luggage will be kept in the truck's back locker which will be inaccessible during a drive day, so you will also need a small daypack. This can be used to carry your camera, water bottle and other personal effects for daily use. Please be aware that due to the constant dust and vibrations your luggage bag will be subject to extreme wear and tear.

The size of baggage that can be brought on this tour is limited by the locker space on the truck. We recommend that your bag be no larger than a large rucksack with a capacity of about 80 litres (approximately 70cm high, 40cm wide, and 40cm deep). The weight limit for luggage on all trucks is a maximum of 20kg.

Your clothes and equipment should be appropriate for the conditions you are travelling in, which will vary depending on which part of the world you're heading to. On overland trips, Dragoman will provide all camping equipment apart from sleeping bags and ground mats, so you'll need to bring those with you if your trip includes camping nights.

Think about the climate and altitude of the areas you'll be travelling to - there's nothing worse than being cold at night so it's worth investing in a decent sleeping bag if it's likely to get cold. And remember that even when it's warm during the day, it can often get cold at night, particularly in desert regions.

For a general idea of what you need, this list provides a guide:

General

- Sleeping bag, sleeping bag liner, sleeping mat and small pillow – if your trip includes camping nights
- Sandals or flip flops
- Comfortable walking shoes
- Sun hat and sunglasses
- Waterproof jacket
- Warm sweater or fleece
- Swimwear
- Comfortable travelling clothes and a set of casual but smart clothes for evenings out
- If visiting places of worship on the trip, men should bring a pair of full length trousers and women should bring a skirt that covers their knees and a scarf
- Towel – quick dry, lightweight travel towels are best
- Toiletries including bio degradable wet wipes, sanitary products, hand gel, sun cream and insect repellent
- Day pack – essential for keeping things handy when on the truck, on short hikes, walking around cities, etc
- Assorted dry bags – to protect your kit from dust and damp
- Pouch or money belt
- Water bottle (at least 1 litre) – we carry drinking water on all of our trucks and actively encourage our customers to use the water supplied. Whilst away from the truck we encourage the use of a filter water bottle and we are able to offer Dragoman customers a 25% discount on Water to Go bottles and filters using the code DRAGOMAN25 on the link <https://www.watertogo.eu/dragoman>
- Head torch with spare batteries and bulbs
- Camera with spare battery and extra memory cards
- Electrical accessories such as charger, power bank, adapter, etc
- Carbon monoxide detector
- A good book, a diary or notebook and pen, a fun game for travel days
- Personal medical kit – see notes below

Cold weather

For trips going through mountainous areas, deserts, high altitude regions and Patagonia, you should be prepared for cold weather, especially at night. Ensure you bring:

- 3/4 or 4/5 season sleeping bag with liner – see note on sleeping bag ratings below
- Thermal base layers
- Winter jacket
- Hat, gloves and scarf
- Warm socks

Hot weather

For trips going through tropical areas you should be prepared for hot and humid weather. Ensure you bring:

- Loose fitting clothes with long sleeves and legs
- Mosquito repellent
- Mosquito net – not essential as our tents have mosquito netting but can be handy for hotels and hostels or sleeping under the stars

Trips with trekking

For trips including treks, ensure you bring:

- Lightweight walking clothes suitable for the general climate
- Waterproof trousers
- Sturdy walking boots

- Walking stick(s) – not essential but can help in steep terrain; sticks can generally be hired or purchased en route

[Back to top ^](#)

Sleeping Bags

A sleeping bag's rating typically indicates the lowest temperature at which it will keep the average sleeper warm enough to sustain them but not necessarily make them warm enough to feel comfortable. For example, with a 0°C bag, you should be able to stay in 0°C temperature but you will not necessarily be able to sleep comfortably.

For European sleeping bags there are the following standards:

- The upper limit is the highest temperature at which a 'standard' adult man is able to have a comfortable night's sleep without excess sweating.
- The comfort rating is based on a 'standard' adult woman having a comfortable night's sleep.
- The lower limit is based on the lowest temperature at which a 'standard' adult man is deemed to be able to have a comfortable night's sleep.
- The extreme rating is a survival-only rating for a 'standard' adult man. This is an extreme survival rating only and it is not advisable to rely on this rating for general use.

The transition zone, in between the comfort and lower temperature, is usually considered as the best purchase guideline.

Personal Medical Kit

All of our trucks have a standard motorist's first aid kit on board for use in emergency situations only. The first aid kit is in compliance with UK standards for first aid provision within motor vehicles, and contain supplies to treat road side injuries. We do not carry prescription medications, therefore in addition to this we recommend that you purchase your own personal medical kit.

In the UK we have teamed up with Nomad Travel Stores and Clinics to produce travel medical kits. They have been designed in conjunction with the truck kits and contain everything you would need for any minor incidents and health issues. For more details please visit their website:

Global Survival Kit - <http://www.nomadtravel.co.uk/p/2712/Global-Survival-Kit>

Ultimate Medical Kit (POM) - [http://www.nomadtravel.co.uk/p/2909/Ultimate-Medical-Kit-\(POM\)](http://www.nomadtravel.co.uk/p/2909/Ultimate-Medical-Kit-(POM))

[Back to top ^](#)

Passports

Check that your passport will still be valid for 6 months after the end of your trip - this is important as some countries WILL refuse entry to anyone whose passport is due to expire. A temporary or 'visitor's' passport is not valid on our trips. You will need to provide us with your passport details prior to departing for your trip. If you change your passport, please remember to inform us as soon as possible - however, please be aware that changing your passport can cause big problems if you need to apply for visas or permits (such as the Inca Trail or Gorilla Trekking) in advance.

[Back to top ^](#)

Pre and Post Trip Accommodation and Airport Transfers

At Dragoman we believe you should make the most of the places you visit, so if you would like to see more of the joining or finishing point cities, why not book additional accommodation to extend your stay? Dragoman can take away the hassle of time zones and language barriers by making the booking for you. This accommodation is only available at the joining or finishing city of your trip, immediately before or after the trip you are travelling on.

While Dragoman is happy to assist with booking your pre and post trip accommodation, it is important

that you understand that you may be able to book your own room at a cheaper rate directly through the hotel or on the internet. Our additional accommodation prices are based on the hotel's rate plus an administration fee. Please note our rates do not reflect last minute walk-in rates or internet specials.

We can also book arrival airport transfers for you as long as we have your flight arrival details. These are normally payable in cash upon arrival; however we do have pre-paid transfers in a few destinations.

Please contact our reservations team for details of the accommodation and transfers that we can offer, as not all hotels offer this service.

Continuing Your Trip

Having an amazing trip and met a great group of people? Having too much fun to go home yet? If you're on one of our trips and decide that you would like to continue with us, then why not speak to your trip leader who can advise you of the cost and availability of continuing your journey.

Contingency Emergency Fund

Sometimes, civil or political unrest, or reasons beyond Dragoman's control (e.g. a natural disaster), can mean that an itinerary is disrupted and we have to make a contingency plan. This may involve hiring alternate transport or even the whole group flying over an area. Although Dragoman will help organise travel arrangements, in circumstances outside Dragoman's control you will be required to contribute the additional costs involved and therefore we ask you to bring along a 'Contingency Fund' of USD400. In almost all cases trips run smoothly and this fund is therefore never used. We also recommend that you take along an internationally recognised credit or charge card with a decent limit in case of emergencies, such as medical treatment en route, or even the need to be repatriated; though these occurrences are rare. Remember that travel insurance policies usually only refund you for expenses after you have already paid out.

Responsible Tourism

Dragoman is committed to ensuring that we have a positive impact on local communities and that we implement policies to minimise any negative impact on the local environment. We are dedicated to making sure that we adopt a responsible attitude to the areas through which we travel and believe that our trips should benefit the local people and their environment. Dragoman recognises that we are guests of local communities and strive to make these communities our partners, so that they benefit directly from our visit. You can find full details of Dragoman's Responsible Tourism policy from the link below:

<https://www.dragoman.com/about-us/responsible-travel/policy-and-guidelines>

Water

The sale of bottled water contributes to an enormous environmental problem around the world. In addition to the water in the bottle, the production of a 1 litre plastic bottle takes 2 litres of water and 200ml of oil. A large proportion end up in limited landfill or discarded in waterways and natural environments.

Please avoid the purchase of bottled water by using the chemically sterilised water stored in the purpose-built storage tank on your overland vehicle. You are free to refill your bottle as many times a day as you like. You are helping the environment and your pocket!

[Back to top ^](#)

Electrical Equipment

Your vehicle will be usually equipped with a 12-Volt socket, so to charge your iPod, MP3 player, camera, laptop and mobile phone you will need a DC 12V adapter - the type that can be used from a cigarette lighter in your car. Please be aware that only one piece of equipment can be charged at a time and it will

not be allowed if there is a risk of running the vehicle's batteries low. Batteries may also be recharged from hotel room wall sockets and the majority of the campsites we stay at have electricity points, so please bring along your normal charging adapters as well. You will need to ensure that you have the correct country adapter for your specific charger.

For mobile phones, please note that most countries in the Americas operate at 850 MHz and 1900 MHz which is not the same frequencies used in Europe, Africa, Asia and Australia. Most modern tri-band and quad-band mobile phones will be able to operate on these frequencies but please check your mobile phone specifications before travelling to ensure that you'll be able to use your phone in the Americas.

A Few Rules

It is one of our core values to treat all people we encounter with respect, including the local people who make our destinations so special. We have therefore set down a number of rules to which our customers must adhere.

Engaging in commercial or exploitative sexual activities, committing acts of violence or threatening violence towards local people, other group members or any member of our staff is not allowed. Any customer engaging in such activities will be required to leave the trip immediately with no refund of the trip price.

You must at all times comply with the laws, customs, foreign exchange and drug regulations of all countries visited and conduct yourself in accordance with our responsible travel policy. Any customer found contravening such laws or regulations will be required to leave the trip immediately with no refund of the trip price.

Although we are aware that in some parts of the world taking, carrying or selling drugs, carrying weapons, or engaging in commercial or exploitative sexual activities may be legal, it is not acceptable for Dragoman customers and our tour leaders have the right to ask you to leave the trip immediately with no refund of the trip price if you are found to be engaging in such activities.

Issues on the Trip

While we always endeavour to provide the best possible holiday experience, due to the nature of travel and the areas we visit sometimes things can and do go wrong. Should any issue occur while you are on your trip, it is imperative that you discuss this with your group leader or our local partner straight away so that they can do their best to rectify the problem and save any potential negative impact on the rest of your trip.

We recognise that there may be times when your group leader may not be able to resolve a situation to your satisfaction. If this is the case please contact our customer relations department on

customer-relations@dragoman.co.uk.

You may also choose to provide details in your feedback questionnaire which we ask you to complete at the end of your trip, but we do ask you to be aware that it is very difficult for us to provide any practical help after the trip is complete.

[Back to top ^](#)

Tipping

Tipping is entirely voluntary. The Dragoman crew may be travelling with you for many weeks and usually they become good friends with most members of the group. It is sometimes easy to forget that they do work hard to ensure that you do have a great trip. If you feel you would like to tip them, they certainly would appreciate it.

On a number of our trips, we also use a local guide as well as our own Dragoman crew. These guides live and travel with you through their home country and it is usual to tip them when they leave. We

recommend USD 1 to USD 4 per person per day, but check with your crew for an appropriate amount.

Feedback

After your travels, we want to hear from you! We rely on your feedback. We read it carefully. Feedback helps us to understand what we are doing well and what we could be doing better, and it allows us to make improvements for future travellers.
