COUNTRIES VISITED

Cambodia

If you want to experience some of the most inspiring and incredible sights of South East Asia, look no further than Cambodia. **So much more than just a holiday**, a visit to Cambodia will not only bring you to some of the world's best ancient sites, but will envelop you in a warm and welcoming atmosphere, a fascinating culture and a slice of real South East Asian life.

China

ENDLESS HIGHLIGHTS FOR THE OVERLAND TRAVELLER

As one of the world's largest countries and the most populous, there is so much to discover and explore in China.

Understanding the history of China is key to understanding modern China. The people are

THE BEST OF CAMBODIA'S HIGHLIGHTS

The country's **most famous attraction is Angkor Wat**, the largest religious complex ever built and ancient capital of the Khmer empire. It was built in the 12th Century CE and without doubt one of the most awe-inspiring ancient sites on Earth. It's Cambodia's most visited site and features on the country's flag. We spend a good amount of time exploring the site and taking part in the plethora of optional activities in nearby Siem Reap.

[Phnom Penh](#) is a capital full of life. Lying on the edge of the Mekong River, Phnom Penh is the perfect place to relax after an adventurous day and is a fine place to be to see picturesque sunsets over the city's lake. Here is where we can learn about Cambodia's recent tragic history of the brutal Khmer Rouge dictatorship and the resulting genocide, at the Tuol Sleng Museum and Killing Fields memorial.

EXPLORE RURAL CAMBODIA

Getting into rural Cambodia is a great opportunity to see the **rice paddies and sugar palms** of Cambodia. The landscapes here are second to none, and as you venture further into the provinces you can discover a slice of true Cambodian life.

With the Mekong River flowing through the country, there is also a chance to see some of the only freshwater dolphins left in this part of the world!

proud of its past, and keen to share its heritage with the world. In a country that defies superlatives, the words 'vast', 'astonishing' and 'variation' don't really seem to cover it - China really does have it all!

STUNNING NATURAL SCENERY

From the phenomenal karst rock formations and mountains of the south, the vast deserts of the west, the high plateau and towering mountains of Tibet, and the incredible rolling landscapes of the east, China contains some of the most stunning and varied scenery to be found in all of Asia. The entire country is teeming with beautifully-chaotic modern cities juxtaposed with thousands of years of fascinating history and heritage. Throughout the country, China's unique culture, music, architecture, history, cuisine and society shines through, and we immerse ourselves in it through every journey through it.

Beijing is the hub of political and international focus - it is truly a magnificent modern city merged with the ancient heritage and architecture of the past, such as its celebrated sites of the Forbidden Palace and the Summer Temple.

ANCIENT CHINA & HOLY TEMPLES

China has endless highlights such as the world-famous Terracotta Warriors in Xi'an, the incredible scenery of the Tian Shan mountains near Kashgar, the Buddhist caves of Dunhuang, Dazu and Datong, the incredible holy mountain temples of Wudang Shan, Wutai Shan, Kongtong and Emei Shan, the stunning traditional towns of Pingyao, Lijiang and Dali, and of course the phenomenal Great Wall of China, one of the world's great sights!

Kyrgyzstan

Kyrgyzstan is a spectacularly scenic country in the heart of the Tian Shan mountains, and is many people's favourite part of Central Asia!

TREKKING, HORSE-RIDING & WILD CAMPING

The towering mountains and shimmering lakes are the perfect place for trekking and horse riding. Over 90% of the country is unspoiled mountainous landscapes. The serene lakes of Song K l and Issyk K l are some of the loveliest and most peaceful spots in Asia, surrounded by lush pastures favoured by herders, who come here in summer with their animals. The valleys of Jeti Oguz, Chong Kemin, Ala Archa and Altyyn Arashan are equally stunning and perfect places to explore the phenomenal countryside.

EXPLORE A NOMADIC WAY OF LIFE...

Kyrgyzstan is a welcoming country where many people still live a nomadic or semi-nomadic way of life, dominated by animal herding and felt-making. What Kyrgyzstan lacks in settled history it makes up for in a wealth of nomadic traditions and is a mountain paradise perfect for outdoor exploration and wild camping.

Laos

FOR A SMALL COUNTRY, LAOS IS ONE OF THE MOST DIVERSE PLACES IN SOUTH EAST ASIA.

Laos is graced with many serene and relaxed towns, a product of the country's Buddhist traditions of peace and respect. The wonderful city of Luang Prabang is no exception, with its vibrant market, ornate monasteries and the nearby Kuang Si waterfalls, it's a place most visitors spend at least a few days.

HIGHLIGHTS OF LAOS

Other highlights include the peaceful northern village of Luang Namtha, the base for some **incredible treks** and optional adventure activities in the forests and rivers of Nam Ha National Park. Vang Vieng, in the heart of the country, is another incredible town and known for its outdoor activities such as trekking, cycling and rock climbing!

Like the landscapes, the food is also beautiful. The typical Laotian dish of Laap is rich in marinated meat and aromatic herbs. It is a perfect treat after a day of exploring. With a distinct taste, the dish is best enjoyed with sticky rice and lashings of fish sauce.

Laos is a country that offers a friendly welcome, and you're sure to have a wonderful time whilst enjoying the landscapes and culture of this gem of South East Asia.

Thailand

Thailand lies deep in the heart of South East Asia, and is a country brimming with culture - one of the reasons it has long been a favourite destination for adventurous travellers.

The capital of Bangkok has an amazing skyline of glorious buildings, and is the perfect amalgamation of ancient and modern. As well as the incredible Buddhist temples, museums and fabulous Royal Palace, there are atmospheric markets, great shopping, and of course the city is famous for its buzzing nightlife.

TASTE PAD THAI AT ITS BEST

Thai cuisine is popular throughout the world and concentrates on including five tastes - spicy, sweet, sour, salty and bitter. The blend of these are important and many dishes concentrate on the right balance to make the perfect meal. A traditional dish of Pad Thai consists of chilli spices and lime juices infused with chicken, peanuts and garlic on a bed of stir-fried noodles.

There is a welcoming feel to this country, and a wonderful blend of the exotic and the familiar. With so much to explore and so many activities to try, there is something for everyone in the fascinating country of Thailand.

DAILY ITINERARY

Day 1: Bishkek (Mon 23 Aug)

For everyone that is continuing with us to China, there will be quick pre-departure meeting at 10:00am in order to explain the next 6 days until Kashgar, and your leader will collect the kitty for this linking section.

The remainder of the day is free to explore the relaxed and atmospheric city of Bishkek, the capital of Kyrgyzstan.

In Bishkek we will stay in a comfortable hotel with good facilities.

Hotel for the night: Hotel Asia Mountains

Begin our journey in picturesque Bishkek	Free
Freely explore the vast Osh Bazaar, Bishkek's largest market	Free
Explore Bishkek's past at the State Historical Museum on Ala-Too Square	KGS 150

About Bishkek:

Bishkek is the relaxed capital of Kyrgyzstan, and it has a pleasant laid-back atmosphere. The city centres around Ala-too Square, previously known as Lenin's Square under the previous Soviet regime. Lenin used to stand in his concrete overcoat in the middle of the square, proudly gesturing towards the mountains.

A pleasant place to watch the world go by is Dubovy (Oak) Park, where you'll find a few open air cafes, a perfect spot to sit and have a drink and soak up the atmosphere. The centuries-old oaks here and all along Freedom Avenue make Bishkek one of the greenest cities in Central Asia.

Day 2: Kochkor (Tue 24 Aug)

Today we drive to the small village of Kochkor, where we stay in local family-run guesthouses and enjoy traditional Kyrgyz hospitality!

Whilst here we will visit a small museum and women's felt making cooperative that produces 'shyrdaks', the felt carpets for which Kyrgyzstan is renowned. We may also have the opportunity here to see some excellent local musicians playing traditional Kyrgyz folk music and to see how a yurt is put up!

In Kochkor we will stay in family-run guesthouses, accommodating up

to 8 guests in each home.

Estimated Drive Time - 3-4 hours.

Please note that if the group has no new people joining in Bishkek, we may choose to stay instead in a guesthouse in the small town of Naryn (a further 2 hour drive beyond Kochkor). This is so that we don't repeat Kochkor unnecessarily and can have more time to explore the area of Tash Rabat the following day.

Activity

Included in Kitty

See the traditional felt workshops or Kochkor and learn about how Kyrgyz carpets and hats are typically made here

Included in Kitty

Visit a folklore demonstration near Kochkor where you can learn all about the handicrafts of the area, see a fantastic outdoor concert of traditional music and help to erect a yurt!

KGs 1000

About Kochkor:

Kochkor is a sleepy little Kyrgyz village and looks very much like the paintings of traditional Kyrgyz life seen in various museums and art galleries throughout the country.

Here we will stay with a traditional Kyrgyz family, living with them and finding out about their daily life, food and family patterns. The Kyrgyz have embraced Responsible Tourism and actively encourage travellers to stay in the homes of local people.

There is an excellent local animal market and a traditional felt making enterprise which we usually visit. Here they make a variety of the different felts used for making yurts, rugs, carpets and souvenirs.

Day 3: Tash Rabat (Wed 25 Aug)

Today we continue our journey south to Tash Rabat, once a key staging post on the Silk Road close to the Kyrgyzstan-China border. During our time here we will visit an ancient caravanserai and have some time to explore the surrounding area.

In Tash Rabat we will wild camp. In cold weather (or if simply the group prefers and there is availability), we may choose to stay in local nomadic yurts that are set up for guests near the caravanserai, sleeping 8-10 people per yurt.

Estimated Drive Time - 4-5 hours (from Kochkor).

Activity

Approximate Cost

Visit the ancient Silk Road caravanserai at Tash Rabat, close to the Kyrgyzstan-China border

Included in Kitty

About Tash Rabat:

Tash Rabat is well-preserved stone caravanserai dating from the 15th Century CE - an inn that accommodated travellers and merchants along the Silk Road. Although today the structure lies in ruins, its location near the Torugart Pass into China is absolutely spectacular, and it makes for an excellent and atmospheric stop.

Day 4: Kashgar (Thu 26 Aug)

Border information: Exit Kyrgyzstan at Torugart, enter China at Torugart.

Today we will have a full day drive over the 3752m Torugart Pass, crossing into China and heading down to the Uighur city of Kashgar.

In Kashgar we will stay in a comfortable hotel.

Estimated Drive Time - 5-6 hours.

About Kashgar:

Kashgar is a remote western outpost in the Uighur province of Xinjiang - and it has managed to keep an exotic atmosphere under the ubiquitous march of Chinese modernity. This is mainly due to the ethnic mix of Uighurs, Tajiks, Uzbeks and Kyrgyz, and is amply portrayed throughout the old town, with blacksmiths, silversmiths, cobblers and others working in ways that have not changed for hundreds of years.

The highlight of the week for the local populous and for the visitor is the massive Sunday market. 50,000 people migrate for the day into the town. This is a must see for the visitor, as it exemplifies the daily life of the indigenous people - the noise, smells, the animals, the traders, the junk, cloths, rugs, jewellery, tapes and ghetto blasters. Horses, cows, donkeys, sheep and goats all awaiting the inevitable sale.

Day 5: Kashgar (Fri 27 Aug)

Today we will have free time to explore the city of Kashgar and partake in any optional activities

Tonight we will stay in a good quality hotel

Day 6: Kashgar (Sat 28 Aug)

Border Information: if joining in Kashgar, you will most likely enter China at Kashgar Airport (IATA code: KHG).

Welcome to Kashgar, one of the ancient trading posts on the Silk Route! If you are joining in Kashgar, you are free to explore the city, and there will be a group meeting today at 6:00pm. Please do not be

alarmed if there is no welcome note at the hotel on your arrival, as this is often a travelling day for the tour leader and they will often arrive in Kashgar mid-afternoon.

Please note that many of the options listed below will only be possible for those with extra time in Kashgar before the start of your trip with us - please contact the Sales team if you would like to book pre-tour accommodation with us to have extra time exploring Kashgar.

In Kashgar we will stay in a hotel with good facilities.

Day 7 to 8: Kashgar (Sun 29 Aug to Mon 30 Aug)

Today we will visit the animal market just outside of town, and then the famous Kashgar Sunday Bazaar.

We will also have an included visit to Shiptons Arch - the largest natural arch in the world!

The following day we will have a free day to explore the town, the central Id Kah Mosque and its surrounding square, while your crew finalise the customs procedures for our truck to continue further into China.

Activity

Approximate Cost

Explore Kashgar's Sunday market and Animal market.

Included in Kitty

Visit the Id Kah Mosque, the finest example of Islamic architecture in Kashgar and the centre of religious life in the city

CNY 45

Discover the history of the ancient Silk Road at Kashgar's Silk Road Museum

CNY 45

Visit the mausoleum of the 17th-century religious leader Afaq Khoja, considered the holiest site in Xinjiang Province

CNY 30

Day 9 to 10: Aksu, Bayanbulak (Tue 31 Aug to Wed 01 Sep)

Our journey through China begins as we leave Kashgar and head east through the Taklamakan Desert! Our crossing of the desert usually takes 3 days/2 nights, and we plan to stay in local hotels en route.

Estimated Drive Times - 8-9 hours each day (please note that all drive times given here are the approximate number of hours that the truck will be in motion only, and does not include any time taken for coffee or lunch stops, border crossings, photo stops, activities en route, comfort breaks, shopping stops, toilet stops, etc. The times given are approximate estimates only and whilst given with the best of intentions, the drive times are heavily dependent on traffic, road conditions, weather, police roadblocks, and many other factors - flexibility is essential on any overland trip!).

Day 11 to 12: Heavenly Lake (Thu 02 Sep to Fri 03 Sep)

Today we will complete our drive through the Taklamakan Desert and arrive at Heavenly Lake, a beautiful lake set in the Tian Shan mountains.

Estimated Drive Time - 8-9 hours.

We will stay here for 2 nights, and will have many opportunities to relax in the incredible scenery and walk around the lake.

In Heavenly Lake we will stay in local yurts with very basic facilities.

Activity

Approximate Cost

Enjoy a day to walk around Heavely Lake, or maybe take the boat out onto the water. Included in Kitty

About Heavenly Lake:

Ürümqi is the capital of the western province of Xinjiang, and just south of one of the region's most beautiful spots - the aptly-named Heavenly Lake. This is a dazzling deep blue lake set in the dry mountains, providing some excellent walking and boating opportunities.

Day 13 to 14: Turpan (Sat 04 Sep to Sun 05 Sep)

Today we will travel to the oasis town of Turpan, where we stay for 2 days exploring the surrounding sites including the famous Jiaohe ruins.

In Turpan we will stay in a local hotel.

Estimated Drive Time - 5-6 hours.

Activity

Approximate Cost

Exploration of the oasis and the Jiaohe ruins at Turpan Included in Kitty

Learn about the Karez water system, the ingenious method of irrigating the area that was developed by the Han Dynasty and allowed Turpan to flourish as an oasis town

Included in Kitty

CNY 30

See the striking red sandstone landscape of the Flaming Mountains near Turpan

Included in Kitty

Explore the ancient oasis city of Gaochang, once a bustling trading trading centre along the Silk Road

CNY 40

About Turpan:

East of Ürümqi lies one of the hottest places on Earth, the Turpan Basin. Nestling between the Northern and the Southern Tian Shan Mountains, this dry dust-bowl is the lowest basin in China.

The oasis town of Turpan was crucial to the traders on the Silk Road, providing a staging post and a market place for the traders to exchange goods and to re-equip their caravans. Although Turpan is the hottest place in China, the lack of humidity makes the atmosphere pretty bearable. The town is a very relaxed, tranquil place, and has some fascinating irrigation channels which show how this dry area has been collecting water for hundreds of years, as well as the nearby 2000-year old fortress of Jioahe.

Day 15 to 16: Dunhuang (Mon 06 Sep to Tue 07 Sep)

Today we will have an early start and a big drive to the city of Dunhuang.

Estimated Drive Time - 9-11 hours.

Please note that sometimes it may be preferred by the group and the leader to split this drive over 2 days, wild camping in between - in this case we will have 1 less night in Pingliang towards the end of the trip.

The following day we will have an included visit to the awe-inspiring Mogao Buddha Caves in the morning. We will then have a free afternoon to explore this amazing town and it's surroundings - there are possibilities for camel rides along the sand dunes and bicycle rides out to the nearby White Goose Pagoda!

In Dunhuang we will stay in a comfortable hotel.

Activity

Approximate Cost

Stopover and time to explore historic Dunhuang

CNY 20

Guided tour of the Mogao caves, Dunhuang Included in Kitty

Take a camel ride at Crescent Moon Lake. CNY 240

About Dunhuang:

Dunhuang is one of the largest and historically most important oasis trading towns in Gansu province. Dunhuang is an oasis in an otherwise barren desert, surrounded by sand dunes and mountains - the setting is spectacular and a good enough reason to travel here alone.

However most visitors make the long journey to Dunhuang to see the fantastic ancient Buddhist art in the nearby Mogao Caves - an extraordinary site even by Chinese standards, the caves contain some of the finest examples of Buddhist art spanning a period of 1,000 years between the 4th and 14th Centuries CE. Re-discovered in the early 20th Century, the site is one of the most celebrated Buddhist sites in China, and full of thousands of ancient Buddha images!

Day 17: Jiayuguan (Wed 08 Sep)

Today we continue our journey with a drive to Jiayuguan, where we will have an included visit to the Jiayuguan Fort - the most western point of the Great Wall of China. Please note the Great Wall in this area is adobe, unlike the more famous stone sections further to the east.

We will wild camp near an adobe section of the Great Wall near Jiayuguan.

Estimated Drive Time - 5-6 hours.

Activity

Approximate Cost

Journey down the Gansu Corridor to Jiayuguan Fort, our first stop at the Great Wall

Included in Kitty

About Jiayuguan:

The fort at Jiayuguan marks the far western end of the Great Wall of China - this was one of the first parts of the Great Wall to be built by the Ming Dynasty in 1372 CE, located at a vital pass on the ancient Silk Road. The fort was at a strategically vital position for defence against potential attacks from the northwest, and became an important melting pot of cultures between China and the Silk Road. This older section of the Great Wall is adobe, unlike the stone sections in the east of the country. The fort here is very impressive and remarkably well preserved.

Day 18: Zhangye (Thu 09 Sep)

Today we will drive to the incredible Zhangye Danxia Rainbow Mountains - we'll spend some time exploring the region before heading off to wild camp nearby.

Estimated Drive Time - 3-5 hours.

Activity

Approximate Cost

Explore the incredible and colourful natural phenomenon of the Zhangye Danxia Rainbow Mountains

Included in Kitty

About Zhangye:

Zhangye is famous for the phenomenal Zhangye Danxia rock formations - created by the same tectonic movement that created the Himalayas, the landscape is a rainbow of different coloured rocks, the result of deposits of sandstone and minerals over the last 24 million years. The layer cake of coloured rocks has been sculpted by erosion, producing hills and ravines in the most remarkable patterns!

Day 19: Liujiaxia (Fri 10 Sep)

Today we will drive onto the lower slopes of the remote Tibetan plateau and reach the small city of Liujiaxia.

In Liujiaxia we will stay in a basic local hotel.

Estimated Drive Time - 7-9 hours.

Day 20 to 22: Xiahe, Bingling Si (Sat 11 Sep to Mon 13 Sep)

Today we set off to the enchanting Tibetan town of Xiahe where we spend the next 3 nights. We will have an included visit to the incredible Bingling Si Buddha Caves en route.

Estimated Drive Time - 4-5 hours.

The next few days are free to explore this beautiful town and surrounding grasslands. We can take a guided visit to the Labrang Monastery where Tibetan monks can be seen doing their daily rituals and chants. There may also be a chance to go trekking, horse riding or exploring the surrounding grasslands, visiting Tibetan families and perhaps trying the local Yak butter tea.

In Xiahe we will stay in a local Tibetan-owned hotel.

Free

3 night detour to the Tibetan town of

Free

Xiahe, one of the main pilgrimage sites for Tibetan Buddhists

Take a day trip up into the Sangke or Ganjia grasslands of the lower Tibetan Plateau surrounding Xiahe CNY 400

About Xiahe:

The town of Xiahe, on the lower Tibetan Plateau, is frequently described as one of the most enchanting places to visit in China - and it certainly has a wonderful tranquil atmosphere and a beautiful setting.

Many Tibetans come here on pilgrimage to the stunning Labrang Monastery - and the combination of the many monasteries, saffron-robed monks, fluttering prayer flags and spectacular scenery make this small town feel like a slice of the real Tibet as well. Xiahe is right up on the edge of the Tibetan Plateau, and the population here is over 45% Tibetan.

About Bingling Si:

Bingling Si is a fabulous Buddhist grotto site along the Yellow River - the site is full of carvings and Buddhist artwork, including the centrepiece Maitreya Buddha statue, a 27m-tall statue dug into the cliff. The grottoes began construction in 420 CE and were added to continuously until the 15th Century. There are over 180 small caves and nearly 700 statues on the site (not all of which are open to the public), that are well preserved despite centuries of damage from erosion and earthquakes.

Day 23: Lanzhou (Tue 14 Sep)

Today we will leave Xiahe and head to the chaotic capital city of Gansu province, Lanzhou. We will have some free time this evening to explore the city.

In Lanzhou we will stay in a comfortable hotel.

Estimated Drive Time - 4-6 hours.

Day 24 to 25: Pingliang (Wed 15 Sep to Thu 16 Sep)

Today we will drive to the small town of Pingliang at the base of the Mount Kongtong, one of the holiest mountains in Chinese Taoism.

Estimated Drive Time - 5-6 hours.

The following day we will have an included visit to Mount Kongtong, and will have the full day to explore the temples and walk and explore the pilgrimage routes on the mountain.

In Pingliang we will stay in a decent local hotel.

Please note that if the drive between Turpan and Dunhuang was split

over 2 days, there will only be 1 night in Pingliang and a half-day exploration of Mount Kongtong.

Activity

Explore the stunningly beautiful Mt. Kongtong and its temples

Approximate Cost

Included in Kitty

About Pingliang:

The town of Pingliang is the gateway to the Kongtong Mountain, an absolutely spectacular set of steep hills covered in temples. Kongtong is one of the most sacred sites in Taoism, and features the famous steep 'Stairway to Heaven' - the area is a wonderful place to explore on foot.

Day 26: Xi'an (Fri 17 Sep)

Today we will journey to the amazing city of Xi'an, the ancient capital of Shaanxi province and the end of the 'Silk Road'! We will have a free afternoon to fully explore the city, it's famous walls, bell and drum towers, pagodas and Muslim Quarter.

In Xi'an we will stay in a comfortable hotel with good facilities.

Estimated Drive Time - 5-6 hours.

About Xi'an:

The imperial centre of China for 2,000 years, Xi'an is now a vibrant, modern city dotted with many interesting historical sites. Xi'an was the start of the famous ancient trading route of the Silk Road and the city is still surrounded by its original city walls which you can climb and walk or cycle along, a unique way to experience the city. For a different view, haul yourself to the top of the Bell or Drum Towers in the centre of the city. Home to many Hui people, an ethnic Muslim minority, the city also has a unique Islamic flavour, particularly in the streets and markets surrounding the Great Mosque, best explored by foot.

Thanks to Xi'an's long and colourful history, the city is full of beautiful temples, museums and interesting cultural and historic sites, the most famous of which are probably the ancient Terracotta Warriors. The collection of over 8,000 life-sized model warriors and 700 horses was discovered by farmers digging a well in 1974. Dating from the late 3rd Century BCE, they were built by Qin Shi Huang, the first Emperor of China, to protect his tomb in the afterlife.

Day 27: Xi'an (Sat 18 Sep)

Border Information: if joining in Xi'an, you will most likely enter China at Xi'an Xianyang International Airport (IATA code: XIY).

Welcome to the amazing city of Xi'an, the ancient capital of Shaanxi province and the end of the 'Silk Road'!

There will be a group meeting today at 6:00pm - please look out for a note from your tour leader at the hotel reception with more information

about this important meeting.

The rest of the day will be free to explore the city of Xi'an, its famous walls, bell and drum towers, pagodas and Muslim Quarter.

Please note that many of the options listed below will only be possible for those with extra time in Xi'an before the start of your trip with us - please contact the Sales team if you would like to book pre-tour accommodation with us to have extra time exploring Xi'an.

In Xi'an we will stay in a comfortable hotel with good facilities.

Day 29: Wudang Shan (Mon 20 Sep)

Today we begin our journey south of Xi'an with a drive to the beautiful Wudang Shan Mountain Reserve, the birthplace of the martial art of Taichi and the location of the filming of 'Crouching Tiger Hidden Dragon'.

We will have time this afternoon and the following morning to fully explore the mountain's sights, temples and martial arts schools.

In Wudang Shan we will stay in a local hotel.

Estimated Drive Time - 5-6 hours (please note that all drive times given here are the approximate number of hours that the truck will be in motion only, and does not include any time taken for coffee or lunch stops, border crossings, photo stops, activities en route, comfort breaks, shopping stops, toilet stops, etc. The times given are approximate estimates only and whilst given with the best of intentions, the drive times are heavily dependent on traffic, road conditions, weather, police roadblocks, and many other factors - flexibility is essential on any overland trip!).

About Wudang Shan:

Wudang Shan is one of the most important sites for followers of Chinese Taoism - it is a 1,600m mountain covered in atmospheric bamboo forests and liberally dotted with Taoist temples. The Taoist philosophy concentrates on the balance of nature and man's place within it, and not acting in a way that contrasts nature.

The temples of Wudang Shan are an incredible place to explore on foot, and is always buzzing with Taoist pilgrims. Wudang Shan is also famous for its martial arts - Kung Fu is widely practised here, and Wudang boxing was created here and subsequently developed into the modern Tai Chi.

Day 30: Xiang Fan, Wudang Shan (Tue 21 Sep)

This morning we will spend more time exploring Wudang Shan and the surrounding area, before setting off in the afternoon for a short drive to the pleasant city of Xiang Fan. We will also try to stop at the Purple Cloud Monastery en route.

In Xiang Fan we will stay in a local guesthouse or hotel.

Estimated Drive Time - 2-4 hours.

Day 31: Yichang (Wed 22 Sep)

Today we will drive from Xiang Fan to Yichang, where we will catch our first glimpse of the mighty Yangtze river. Yichang is a pleasant town, and we will stop here for 1 or 2 nights, depending on the ferry schedule - either way we will have time to explore a little.

In Yichang we will stay in a friendly local hotel.

Estimated Drive Time - 4-5 hours.

About Yichang:

The town of Yichang is situated in a curve on the northern banks of the Yangtze River. An ancient city whose history can be traced back 4,000 years, today the town is best known as a gateway to the Three Gorges section of the Yangtze and as the home of the incredible Three Gorges Dam project, the world's largest hydroelectric dam producing nearly 100 TWh per year.

Day 32: Yichang, Three Gorges (Thu 23 Sep)

Today we will have some free time to explore Yichang and the surrounding area, prepare for our 3 day Yangtze River cruise.

We will most likely have an included visit to the incredible Three Gorges Dam today, the largest hydroelectric dam in the world, although it is possible this visit may take place tomorrow depending on the ferry schedule.

We will most likely stay in our hotel in Yichang tonight, but our ferry may need to depart tonight, in which case we will have a spare day later in the trip that we can use at our discretion.

About Three Gorges:

A boat trip along the Yangtze River offers a unique insight into the life and scenery along the river. The most popular section of the river to travel along is between Yichang and Chongqing - travelling between these two towns on a local river ferry, you will pass through the most stunning scenery of the Three Gorges: Qutang, Wu and Xiling. The boats usually also stop at the Fengdu (Ghost City), Shibaozai Tower and Lanruo Dian (Orchid-like Temple), and the three Lesser Gorges, although the exact itineraries vary depending on time of year and local conditions.

Day 33 to 35: Three Gorges, Badong, Wanzhou, Chongqing (Fri 24 Sep to Sun 26 Sep)

Today we embark on our Yangtze River cruise. We travel on a local ferry boat used by local people, a much more authentic and interesting way of travelling than on a tourist cruise. We stay in shared cabins (4 members of the group to each cabin) with private bathrooms and air conditioning where possible.

The journey itself usually takes 3 days/3 nights and heads through some areas of stunning scenery, especially near the Three Gorges - the Qutang, Wu and Xiling Gorges. The boats usually stop at the Fengdu (Ghost City), Shibaozai Tower, home to the Lanruo Dian (Orchid Temple) and at the three Lesser Gorges at various points on the trip. However due to local conditions, stops cannot always be guaranteed.

About Chongqing:

One of China's emerging 'mega-cities', Chongqing has a staggering population of over 30 million people, making it the most populous municipality in the country. The city is officially abbreviated to 'Yu', which is the old name for a nearby section of the Jialing River that feeds into the Yangtze. The city has a wealth of history and is the economic centre of the Yangtze Basin. Chongqing was the wartime capital of China during the Second World War between 1937 and 1945 (known as the Second Sino-Japanese War in China).

Day 36: Dazu, Chongqing (Mon 27 Sep)

Today we will disembark our ferry when it docks in Chongqing in the early morning, and rejoin the truck and our co-driver!

From Chongqing we have a short drive to Dazu, where we visit the Bei Shan and Baoding Shan caves, famous for their brightly-coloured freizes and carvings.

In Dazu we will stay in a local hotel.

Estimated Drive Time - 2-3 hours.

Activity

Approximate Cost

Side trip to see the amazing sleeping Buddha in the Dazu Caves

CNY 135

About Dazu:

The rock carvings near the village of Dazu are some of the most beautifully-preserved and colourful Buddhist, Taoist and Confucian sculptures in China. The oldest caves here date back to 650 CE and the Tang Dynasty, although most of the carvings are from the late 9th Century CE (during the Five Dynasties period) or 12th Century CE (during the Song Dynasty). There are many rock-cut caves full of statues and shrines, but there are also many reliefs cut right into the open rock face - these have some of the best preserved paintwork of any ancient sculptures in China.

The site was off-limits for many years, and was finally opened to visitors in 1980 - fortunately due to the remote location the caves escaped the destruction of religious art during Mao Tse Tung's Cultural Revolution.

Day 37 to 38: Chengdu (Tue 28 Sep to Wed 29 Sep)

Today we have another short drive on to the incredible city of Chengdu, the capital of Sichuan province, where we will stay for 2 nights. On arrival we will have a free afternoon to explore the city's parks, streets, and museums, and visit the fascinating and incredibly photogenic Jinli Old Town.

Estimated Drive Time - 4-5 hours.

On the following day we will have an included visit to the fantastic Chengdu Panda Breeding Centre. We'll then return to Chengdu for another free afternoon to further explore the city.

In Chengdu we will stay in a comfortable local hotel.

About Chengdu:

Chengdu has a surprisingly laid-back feel for a big city, and has a good variety of things to see and do. For wildlife lovers, an absolute must is a visit to the Giant Panda Breeding Centre. Sichuan province is home to the majority of the few pandas that are left in the wild, as the Yangtze Basin eco-region is an important habitat for the animals. Because their numbers are so depleted, it is virtually impossible to see a panda in the wild - and so this centre offers a convenient, responsible and educational way to get up close to these amazing animals.

Chengdu also has numerous historical and cultural sites to explore such as the Marquis of Wu's Temple, a number of famous Buddhist sanctuaries and Qingyanggong, the best-preserved memorial temple of Lao Zi, father of Taoism. The Jinli Old Street is a wonderful and atmospheric slice of 'old China' in the heart of the modern city.

If you're feeling brave, Chengdu is also a good place to sample Sichuan cooking - even by Asian standards, the Sichuanese heap a phenomenal amount of hot spices onto most dishes. Chengdu is also a great place to sample the unique art form of Sichuanese opera!

Day 39 to 40: Leshan, Emei Shan (Thu 30 Sep to Fri 01 Oct)

Today we continue our journey south to the town of Leshan to visit to the Leshan Grand Buddha - at 71m tall, this statue is the largest Buddha rock carving in the world!

After our visit we will continue to the small town of Emei Shan.

Estimated Drive Time - 3-5 hours.

On the following day we will have a full day to explore Emei Shan Mountain, one of the holiest sites in Chinese Buddhism and the site of hundreds of temples and an incredible golden statue of the deity known as Samantabhadra. It is possible to walk all the way up the stairs from the base of the mountain, joining the many pilgrims in their journey to the temple complex at the mountain summit, or take the cable car up instead!

In Emei Shan we will stay in a local guesthouse.

Take a cable car ride to the top of Emei Shan	CNY 120

About Leshan:

The small town of Leshan, on the banks of the Min River, contains one of the most incredible sights from ancient China - the 71m-tall Dafo Great Buddha, built in the 8th Century CE during the Tang Dynasty.

The statue took over 90 years to build and incorporated ingenious water ducting canals to reduce weathering and water erosion. It's a truly impressive sight, peering out over the river through half-lidded eyes with its vast bulk towering over the small boats - it is still the largest stone-cut Buddha in the world and was by far the largest pre-modern statue in the world. You can get an incredible view from its base, and an even better one from a boat trip on the river opposite.

About Emei Shan:

South of Chengdu in Sichuan province lies Emei Shan, one of the Four Sacred Mountains of Chinese Buddhism. At just over 3,000m high, this mountain has been a centre of pilgrimage for Buddhists for over 1,800 years - in Buddhism it is believed to be the home of the Bodhisattva of practice and meditation, Samantabhadra.

The lower slopes of the mountain have some great hiking trails through dense lush green vegetation. The most common trek is to follow the route of the pilgrims to the phenomenal Buddhist temples on the mountain's summit - a variety of glittering golden statues and buildings await you on the top, as does an incredible view over the surrounding mountains.

Day 41: Panzhihua (Sat 02 Oct)

Today we have a long drive south through stunning mountain scenery towards China's Yunnan province.

In the evening you can take a stroll on the riverfront and get an insight into local Chinese life.

We will stay in the town of Miyi tonight in a comfortable local hotel.

Estimated Drive Time - 8-10 hours.

Day 42 to 44: Lijiang, Tiger Leaping Gorge (Sun 03

Oct to Tue 05 Oct)

Today we drive further into Yunnan province to the beautiful 'Old-China'-style town of Lijiang, the base for visiting the world famous Tiger Leaping Gorge.

Estimated Drive Time - 7-9 hours.

On the following 2 days we will have free time to explore the town of Lijiang and its surroundings. One very popular excursion here is to go on a 2 day/1 night trek along the high trail above the Tiger Leaping Gorge - this is by far the best way to see the gorge from some truly incredible vantage points, and we will have the opportunity to take this trek during our time here (staying in a local guesthouse on the trail on the first night and returning to Lijiang for the second night). For those that don't want to do the full trek, your crew will also be able to arrange a trip to the low sections of the gorge, where there is a flat walkway to various viewpoints.

In Lijiang we will stay in a comfortable local hotel.

Leaping Gorge

Go on a shorter trek along the flat base of Tiger Leaping Gorge to enjoy the scenery from below CNY 125

About Lijiang:

Nestled in a beautiful valley dominated by the ice-capped massif of Yulong Xue Shan (Jade Dragon Snow Mountain), Lijiang is a small town in north-west Yunnan province and capital of the Naxi Kingdom. The old town is a UNESCO World Heritage site, and one of the most atmospheric places in all of China - a maze of cobbled streets threads in and out of a network of ancient waterways supplied by the nearby mountain streams, all delicately lit by coloured lanterns.

Explore the Mu Palace, enjoy a traditional Naxi music culture show, or wander around the old town. The Naxi are one of China's many minority groups, descended from a race of Tibetan nomads who settled in the region some time before the start of the 10th Century CE.

Until very recently, Naxi society was organised around matriarchal lines - and in many ways the women still seem to be the ones running the show, especially in and around old Lijiang. Traditionally the Naxi have practiced a shamanistic religion known as Dongba, a blend Animism, Taoism and old Tibetan traditions, and pantheistic murals still decorate many of the temples in and around the town.

About Tiger Leaping Gorge:

About 100kms north of Lijiang, the upper reaches of the Yangtze River cut spectacularly through the famous Tiger Leaping Gorge. Set at 2,500 metres altitude, the 16km long gorge is flanked on its southern side by a range of ash grey mountain peaks that rise over 3km above the river's rapids. The gorge was so-named due to an ancient myth in which tiger jumped across the gorge to escape a hunter.

It is usually possible to organise a 2-day trek along the top of the gorge, staying overnight in one of the local guesthouses - a beautiful trek that is achievable by most active people and incredibly scenic and peaceful place. A short day trek along the base of the gorge is a great alternative!

Day 45 to 46: Dali (Wed 06 Oct to Thu 07 Oct)

Today we will drive through more stunning scenery to the beautiful Naxi town of Dali, where we will stay for 2 nights.

Estimated Drive Time - 3-5 hours.

On the following day we will have a free day to fully explore the area and for optional activities such as some short treks in the nearby Cangshan mountains or hiring bicycles to ride around the Dali lake.

In Dali we stay in a friendly hostel or guesthouse with good facilities.

Head out by bicycle to explore the region in depth and visit various Bai villages and Qing Dynasty bridges en route	CNY 50
Experience the incredible ancient art of cormorant fishing with the fishermen of Xizhou on Lake Erhai	CNY 100

About Dali:

Everybody loves Dali - aside from the beautiful setting and its stunning mountain backdrop, the town is home to the minority Bai people which makes for some colourful history and culture, not to mention its traveller-friendly western-style beer gardens and restaurants. With its temperate climate, ancient pagodas, and beautiful natural setting, it's the perfect place for some rest and relaxation - be it cormorant fishing on Lake Erhai, cycling around the scenic landscapes, or enjoying a traditional Chinese massage.

About Kunming:

Kunming, the capital of Yunnan province, is known in China as "the city of eternal spring" due to its temperate climate. It's a thoroughly modern city, and home to a population of about 6 million people - but despite its size it's actually pretty laid-back and has some beautiful parks to while away an afternoon. The Yuantong temple is definitely worth a visit - at over 1,000 years old it is the largest Buddhist temple complex in Kunming.

Day 48: Shilin Stone Forest (Sat 09 Oct)

This morning we will drive to the incredible Shilin Stone Forest. We will have a free afternoon exploring the stunning and bizarre rock formations of the Stone Forest.

Tonight we will stay in a local hotel near to the Shilin Stone Forest.

Estimated Drive Time - 2 - 3 hours.

Activity

Approximate Cost

Explore the maze of limestone pinnacles in the Stone Forest

Included in Kitty

About Shilin Stone Forest:

The Shilin "Stone Forest" is an intriguing maze of towering grey karst limestone pillars, the tallest of which is 30 metres high. The tall rocks are in the shape of stalagmites, with many looking like petrified trees and creating the illusion of a forest made of stone. The pinnacles and peaks were created from centuries of erosion by the wind and rain, and have formed into bizarre and fanciful shapes. Walking through the forest is like strolling through a surreal and otherworldly labyrinth, and the rock formations here are nothing short of magical!

Day 49: Xishuangbanna (Sun 10 Oct)

Heading south from Shilinzen we have a full days drive towards the southern region of Xishuangbanna.

Tonight we will stay in a local hotel en route.

Estimated Drive Time - 8-9 hours.

About Xishuangbanna:

Xishuangbanna, an area located in China's deep south in the province of Yunnan, is a remote region characterised by its lush, tropical landscapes, virgin rainforest, plantations and paddy fields. The area takes its name from the Chinese approximation of the original Thai "Sip Sawng Pann" which means "12 rice growing districts".

Passing through the small villages and tropical forests you'll realise just how far removed from the rest of provincial China you are - Xishuangbanna has a real laid-back, South East Asian feel, more akin to its close neighbours Laos and Myanmar. The area is also home to a large number of indigenous minority groups like the Dai people, with their distinctive colourful dress and customs.

Day 50: Jinghong (Mon 11 Oct)

Today we drive to Jinghong. Overnight in a local guesthouse.

Day 51: Luang Namtha (Tue 12 Oct)

Border Information: Exit China at Mohan, enter Laos at Boten.

Short morning drive to the border with Laos, cross border and drive on to Luang Namtha, a small laid-back town on the edge of the Nam Ha Protected Area.

Estimate drive time 4- 5 hours

We stay here for 3 nights at a comfortable friendly guesthouse lodge.

Activity

About Luang Namtha:

Luang Namtha is a laid-back town on the banks of the Nam Tha river in northern Laos. It's the most ethnically diverse area in the whole of the country, home to more than 35 minority groups, including the Lanten, Hmong, Khmu and Tai Dam.

The nearby Nam Ha Protected Area is a conservation area covering over 200,000 square kilometres - it's a beautiful, remote, mountainous area, home to a wide array of wildlife including the black-cheeked crested gibbon, tigers and clouded leopards, as well as over 300 species of birds. Whilst we are staying in Luang Namtha it is possible to arrange trekking, mountain-biking, kayaking and rafting trips that will take you right in to the heart of this protected region.

Day 52 to 53: Luang Namtha (Wed 13 Oct to Thu 14 Oct)

We have two full days in Luang Namtha for optional activities. There are many Hiking and trekking options available in the national park, or you could use this time to simply kick back and relax back at our guesthouse.

Visit the Royal Palace in Luang Prabang, a fascinating blend of Lao and French architecture	LAK 30000

About Luang Prabang:

The enchanting city of Luang Prabang is anchored at the junction of the Mekong and Nam Khan rivers in northern Laos. Home to a spellbinding array of gilded temples, art deco shop fronts and weathered French colonial buildings, it is a fascinating and beautiful city to wander around. For all its magnificent architecture, it actually feels more like an easy-going provincial town - saffron-robed monks amble silently through the streets collecting offerings from the city's residents in the early morning, and when the evening comes old men lounge in chairs outside their homes while children play out in the streets.

There's plenty to explore here, from the Royal Palace and the town's many temples to the sacred caves of Pak Ou a short distance outside the city. You can also make the steep climb up Mount Phousi - the spiritual and geographical heart of the city, and a great spot to watch the sunset over the Mekong.

Day 55: Luang Prabang (Sat 16 Oct)

Border Information: If joining in Luang Prabang, enter Laos at Luang Prabang Airport.

There will be an important group meeting at 10:00 hrs. Your leader will leave a note at the reception telling you where this meeting will take place. Your leader will collect your kitty and check your passport and insurance details at this meeting.

Day 57: Vang Vieng (Mon 18 Oct)

We leave after breakfast and drive to Vang Vieng (approx. 185 kms). The scenery today is spectacular as we make our way through windy and mountainous roads, passing small Hmong villages along the way so plenty of photo opportunities! We will stop for lunch in one of these villages before continuing our journey to Vang Vieng. The afternoon is free to explore.

Estimated Drive time 5 - 6 hours

We will stay overnight in a comfortable guesthouse tonight.

About Vang Vieng:

Vang Vieng is nestled in a valley of on the banks of the Nam Song river, surrounded by misty jungle and craggy karst limestone peaks. Being up in the hills, the town enjoys a cooler climate than much of the surrounding area, and together with its breathtaking mountain views and laid-back feel, this has made it a popular backpacker haunt in recent years. The area is renowned for its many caves, many of which are easily accessible from the town - perhaps the most famous is the cave of Tham Chang, a beautiful cavern fed by a natural spring making it a perfect spot for a refreshing swim. There are a multitude of outdoor activities available in Vang Vieng - from trekking to cycling and from rafting to rock climbing, the town has something for everyone!

Day 58: Vang Vieng (Tue 19 Oct)

Today we have the whole day to explore Vang Vieng. Enjoy the stunning landscapes surrounding the village and take part of the many optional activities available in the area. Popular activities here include trekking, renting a bicycle or rock climbing.

About Pakse:

The town of Pakse started life as an administrative outpost for the French colonial rulers in 1905, before becoming the capital of the semi-autonomous Lao Kingdom of Champasak until the whole country became an independent monarchy in 1947. Pakse is the gateway to the ruins of Wat Phou, a ruined Khmer Hindu temple complex dating from the 11th to 13th Centuries CE.

Day 61 to 62: Don Khon, Si Phan Don (4000 Islands)

(Fri 22 Oct to Sat 23 Oct)

From Pakse we Drive South and transfer to a boat to take us over to one of the larger islands in the area, Don Khong. This afternoon we visit the Li Phi waterfalls and then spend the rest of the day relaxing.

Overnight in a local guesthouse.

On our 2nd day on Don Khong we will have free time to explore the island which can be easily discovered by bicycles. On the bike you will discover a quiet rural life of the the four thousand Islands.

Estimated Drive time 3 - 4 hours

About Si Phan Don (4000 Islands):

The Si Phan Don (4,000 Islands) is an archipelago of islands in the Mekong River in southern Laos. Half of the islands become submerged with the river floods, and the area is home to several schools of the rare Irrawaddy Dolphin. Some of the islands have some impressive waterfalls which are wonderful to trek to.

Day 63 to 64: Kratié (Sun 24 Oct to Mon 25 Oct)

Border Information: Exit Laos at Voeung Kam, enter Cambodia at Dom Kralor.

Today we will be rejoining the truck. We then drive to the Cambodian border, cross and continue on to Kratie.

Kratie is situated in the northeast of Cambodia on the banks of the Mekong River, this area is famous for its sunsets! In Kratie we will stay with local families in their homes. The accommodation is fairly basic but this will be a fantastic local experience.

Estimated Drive Time - 6-7 hours

On our 2nd day in Kratie we visit the fresh water dolphins and visit the town of Kratie, including the Pagodas.

Activity	Approximate Cost
Visit the beautiful 16th-century Hundred Pillar Pagoda near Kratie	Included in Kitty

About Phnom Penh:

Cambodia's hot and dusty capital had a reputation for being chaotic and noisy, but it has become far more pleasant and relaxed in recent years. Wandering through the broad tree-lined boulevards dotted with old colonial villas, you'll find that the city has managed to retain much of its original charm. Life in Phnom Penh centres around the lively riverfront area, where in the evening the locals come to stroll, snack on the street-hawker's food and enjoy the impromptu waterside entertainment along the long grassy promenade.

Day 66: Phnom Penh (Wed 27 Oct)

This morning we will have a very moving visit to the infamous Tuol Sleng Prison Museum and the Killing Fields Memorial. We will then return to Phnom Penh and have a free afternoon to explore Cambodia's capital.

Tonight we will spend a second night in a local guesthouse.

Day 68: Siem Reap (Fri 29 Oct)

This morning we drive from Kompong Thom to Siem Reap -

We will be in Siem Reap for 3 nights staying in a friendly local hotel.

Estimated Drive Time - 4-5 hours

About Siem Reap: The small town of Siem Reap is the base for visiting the world-famous temples at Angkor Wat. The town itself is a very pleasant spot to visit in its own right - a visit to the old market is a must and the silks, cottons, sarongs, silver and statues are a riot of colour and a feast for the eyes. There's also a long tradition of shadow puppetry in the region, and if you're lucky you might catch a show at one of the local restaurants in the evening.

Day 69: Siem Reap, Angkor Wat (Sat 30 Oct)

Today we get up early for our full day guided exploration of the incredible temples of Angkor Wat and Angkor Thom. We will also be able to watch the sunset over the temples.

Second night in friendly local hotel.

About Angkor Wat:

Angkor Wat really is as spectacular as all the guidebooks and newspaper articles have led you to believe, and nothing can quite prepare you for your awe-inspiring first glimpse of the temple's five majestic towers!

Angkor (known as Yaśodharapura in ancient times) was the ancient capital of the mighty Khmer Empire, that flourished in the area between the 9th and 15th Centuries CE. Angkor was established in the 12th Century CE, and was the world's largest pre-industrial urban centre during this time.

Filled with an incredible heritage and a multitude of temples, such as the magnificent Bayon and Na Phrom (famous for being partially enveloped by the surrounding trees), the highlight and centrepiece of

Angkor is undoubtedly the phenomenal temple of Angkor Wat. The largest religious site ever built on Earth, it is the most impressive temple within the complex, both in terms of its grandeur and its sheer magnitude. As you approach, the intricacy of the layout becomes apparent, and close up, every nook and cranny reveals itself to be filled with fine detail - around every corner a new feature surpasses the last. Throughout the day the colours of the stone seem to change, the spires golden in the dying light at dusk.

Day 70: Siem Reap (Sun 31 Oct)

Today is a free day for you to do as you please. Return to the temples to spend some more time exploring, or maybe take some time to relax with a massage or local spa treatment. Siem Reap itself is a lively little town and interesting to wander around.

Third night in friendly local hotel.

Day 71: Bangkok (Mon 01 Nov)

Border Information: Exit Cambodia at, enter Thailand at Aranyaprathet.

This morning we start our journey to the Cambodian border of Poipet where we will say goodbye to our co driver and overland truck. Once we have crossed the border and proceedings through the Thai Immigration office we will then finish our journey on locally chartered transport out of the Aranyaprathet and through the Thai countryside to the bustling city of Bangkok.

Estimated Drive Time - 8 -9 hours. (please note that all drive times given here are approximate estimates only and are given with the best intentions - however please be aware that the drive times are heavily dependent on traffic, road conditions, weather, police roadblocks, and many other factors - flexibility is essential on any overland trip!).

About Bangkok:

The chaotic pace of Bangkok is a far cry from an idealised vision of the exotic capital of Siam - scattered with high-rise buildings of concrete and glass, the city is a sprawling metropolis that's home to a population of at least nine million people, and it often feels even bigger!

But under the shadow of the skyscrapers you'll find a heady mix of frenetic markets, busy streets that are buzzing with life and activity, as well as hushed golden temples and early-morning alms-giving ceremonies. And of course, the nightlife of this bewildering city is nothing short of legendary! One way or another, the place will probably get under your skin - and if you don't enjoy the challenge of roaming the busy streets, you can spend time exploring the impressive temples, museums and Royal Palace, and exploring the canals that weave through the town's districts.

Day 72: Bangkok (Tue 02 Nov)

Border Information: Finishing in Bangkok, exit Thailand at Bangkok Airport.

Today is the end day for passengers finishing their trip in Bangkok.

Please note there is no accommodation included on the trip tonight - please contact the Sales Team if you are interested in booking extra nights of accommodation in order to fully explore and take part in some of the optional activities listed below.

IMPORTANT NOTES

The routes, activities and places visited described in these trip notes are intentions and are meant as a rough guide only.

These trip notes have been compiled to help you prepare for your journey once you have booked. They include the full itinerary and dates, and information about kit lists, meeting hotels, insurance, vaccinations, visas, and other information that will help you get ready for your trip.

We update these notes regularly, so please ensure you have an up-to-date version of these trip notes.

We intend to follow the planned route but exact night stops and inclusions cannot be guaranteed. It sometimes happens that we decide to make a change to our planned itinerary. This may be for a variety of reasons - climatic, road or bureaucratic conditions may demand it. By their very nature, overland itineraries need to be flexible and the regions that we are travelling through are often unpredictable. We run adventure journeys in off the beaten track areas, which often have poor infrastructure. You should expect that some of these areas do not adhere to 'Western' safety standards.

ALTITUDE WARNING

Warning - this trip goes above 2800m.

Please note that this trip spends time above 2800 metres/9200 feet where it is possible for travellers to experience some adverse effects on your health due to the altitude, potentially including Acute Mountain Sickness (AMS), High Altitude Cerebral Edema (HACE) and High Altitude Pulmonary Edema (HAPE).

Because of this it is very important that you make yourself aware of the cause and effects of travelling at altitude and monitor your health during this trip.

[For further information please click here to download our AMS information sheet](#) or refer to the following website: www.high-altitude-medicine.com

Your leader will also hand you a copy of the AMS information sheet during your trip as well as holding a short meeting prior to travelling to altitudes above 2800m/9200ft for the first time.

If you are starting your trip in a destination above 2800m/9200ft we strongly advise reading this information prior to arrival.

Some Travel Insurance companies will stipulate a maximum altitude limit. Please ensure that you are covered and if necessary pay the additional premium of extended cover.

PHYSICAL PREPARATION

PHYSICAL PREPARATION FOR ASIA ITINERARIES

In Asia you will need to be healthy enough to cope with extremes of climates from the hot deserts through to the colds of the high mountains. There are some high altitudes in places and many places where walking around for several hours is the only way to explore (e.g. The Great Wall of China, walking tours in Uzbekistan, exploring the historical sites of India, etc.).

Overland travelling can be demanding - long, rough travel days, dusty conditions can be challenging to some. You will need to be fit enough to help every day with the camp chores (cooking, washing up, general camp set up) as well as putting up and taking down your own tent. There are some long driving days and some early morning starts.

The step up into the overland vehicle, while not overly high, can become tiring and you need to judge yourself to be physically fit enough to haul yourself up and down the step at least 8-10 times a day. By and large, our Asia trips have a good range of hotel accommodation mixed up with camping so that life is not too rough.

We will be travelling to areas in remote locations where medical assistance will not be available. If you have a medical condition such as a heart condition that would put you at risk, we would suggest that this is not the trip for you. Also, please be aware that should an emergency occur, there is likely to be a considerable delay in accessing medical care, and by joining our trip you accept this risk.

VISA INFORMATION

Many countries that we visit on our travels will require visas to enter. Some are best obtained before you leave home, and others can be obtained en-route. Whilst the ultimate responsibility for obtaining visas is yours, we will endeavour to assist you wherever possible.

The visa requirements for your trip vary depending on where you are from and where you are going. The information provided is given in good faith and we do try to keep the visa information as up to date as possible. Please read the information very carefully to make sure everything is clear and you aware of what you need to do. Please also be aware that rules surrounding visas do change, often suddenly, and without prior warning. This is why it is important that you also double-check the information we provide for yourself.

For visas that are needed in advance, you may wish to submit the applications directly to the relevant embassy or consulate. If you require any supporting documentation for your visa applications, Dragoman will obtain this on your behalf as part of your trip price - we will contact you to request additional information in order to make this application for you.

However, for trips that involve multiple visas, you may find it beneficial to use a specialist visa agency to assist you with your applications. While this does sometimes increase the cost, it usually makes the process much easier for you.

As you will often need to submit your passport together with your applications, we recommend that you

avoid making any travel plans in the weeks leading up to your departure.

Most countries require that your passport is valid for at least 6 months after your entry into the country.

For trips that are not yet guaranteed, you may find yourself in the position whereby you will need to start the visa application process prior to your trip being guaranteed - in this situation we still advise you **not** to purchase flights until your trip is guaranteed. However, you **can** start your visa application process, ensuring that when applying for your visas or letters of invitation that you allow several days before and after your entry into the country to allow for delays, availability of flights, etc.

TIBET

Tibet is officially a 'Special Administrative Zone' of China, and as such the entry requirements can be different to the rest of China. These requirements are notorious for being changed at a moment's notice.

Please obtain a China visa as normal (see the China visa note). **It is very important that you do not mention Tibet on your Chinese visa application**, but follow only what is listed on your Chinese Letter of Invitation. We will apply for special Tibet permits that will be issued in time for your arrival.

IMPORTANT NOTE - We will need a colour scan of your Chinese visa in order to get the Tibet permit, as well as the scan of your passport photo page. This must reach us 6 weeks before your arrival in Xi'an, at the absolute latest.

A valid yellow fever vaccination certificate is required from travellers coming from [areas with risk of yellow fever transmission](#) (including transiting through an airport in an area of risk).

THAILAND

Citizens of the UK, USA, Canada, France, Germany, Italy, Russia, Japan, Malaysia, Singapore and Indonesia **will not** require a visa to enter Thailand as a tourist for up to 30 days. Citizens of Ireland, Australia, New Zealand, South Africa and most 'western' EU countries **will not** require a visa to enter as a tourist for up to 30 days if arriving by air, or up to 15 days if arriving through a land border. In all cases, this may be extended for 30 days at the immigration department in Bangkok once in the country.

Citizens of other countries should check with the relevant consulates as to whether a visa is required. Please note that certain Eastern European nationalities (whether members of the EU or not) will need a visa, but some nationalities can obtain the visa **on arrival** while others will need to obtain it **in advance** - please check carefully what the situation is for your nationality. If you are travelling on our Yangon-Bangkok section and you do need a visa, you will have to obtain it **in advance**, as they don't yet issue visas on arrival at the Htee Khee border with Myanmar that we use.

A valid yellow fever vaccination certificate is required from travellers coming from [areas with risk of yellow fever transmission](#) (including transiting through an airport in an area of risk).

NEPAL

Citizens of all countries (except India) **will** need a visa to enter Nepal as a tourist for up to 90 days.

The easiest way to get a visa is to obtain it **on arrival**. This is available for almost all nationalities at all land borders and airports into Nepal. At the time of writing (2015), the cost of a single-entry visa is USD25 for 15 days, USD40 for 30 days, or USD100 for 90 days - these costs are the same for all nationalities.

You will need to provide one passport photo (this can be obtained at Kathmandu Tribhuvan International Airport for those joining the trip in Kathmandu).

A valid yellow fever vaccination certificate is required from travellers coming from [areas with risk of yellow fever transmission](#) (including transiting through an airport in an area of risk).

CHINA

VERY IMPORTANT - Dragoman will require a clear colour scan of your passport as soon as possible after booking for all trips in China, please send this to us as soon as you can. Please note it must be clear, with no shadows and show the entire passport page as well as the adjacent page. This must be an actual scan of your passport and photos will not be accepted. We will also require an ID photo and a scanned copy of your China Visa at least 8 weeks prior to your arrival at the Chinese border.

Citizens of the UK, Ireland, Australia, New Zealand, USA, Canada and all EU countries **will** need a visa to enter China as a tourist for up to 90 days. You will need a Letter of Invitation from a Chinese agent in order to make the visa application, and you must obtain the visa **in advance**. You cannot obtain the visa at the border in any circumstance.

Firstly you will need to apply for the Letter of Invitation through Dragoman - we will contact you requesting further information in order for us to make this application on your behalf, a service that is included in the trip price. These can take several weeks to issue, and will be emailed to you once they are ready.

After your Letter of Invitation has been issued, you can use this to apply for the visa **in advance** at a Chinese Embassy in your home country. You can either apply yourself directly to the embassy, or hire a specialist visa agency to make the application on your behalf (which is recommended, especially if you are applying for several visas). Dragoman will also provide a letter confirming your participation in the trip and a list of our hotels, which you may need for the application - in some cases the Chinese Embassy may ask for a day-by-day itinerary with the hotels listed, which we can provide when needed.

You will need to apply at the Chinese Embassy in your home country, as your application is far more likely to be approved. Although there is no official reason why you should not be issued a visa at any Chinese embassy, their consular officials are notorious for constantly changing their minds about whether they will approve a visa for 'non-resident' applicants, and it depends heavily on the political climate of the time. Please note if you are applying for a China Visa in the UK you will also now need to attend an appointment in London to have your fingerprints taken.

IMPORTANT NOTE - Please NEVER mention Kashgar, Urumqi, Turpan, Lhasa, Xinjiang or Tibet anywhere on your Chinese visa application form - this will almost certainly result in your application being rejected. When filling out your Chinese visa form, please only declare the places that are listed on your Chinese Letter of Invitation once it is issued.

If you are asked to provide a host in China on your visa form, please use the details of the Chinese agent that issued your Letter of Invitation (this will be printed on the letter).

You **will not** need a China visa if you are entering Tibet from Nepal (Northbound Tibet trip), but you **will** need a China visa if you are going to Tibet from Xi'an (Southbound Tibet trip). Please see the Tibet note for details on the visa requirements for travelling through Tibet.

KYRGYZSTAN

Citizens of the UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries **will not** need a visa to enter Kyrgyzstan as a tourist for up to 60 days. Please note that citizens of Bulgaria, Romania and South Africa **will** need a visa.

Citizens of other countries should check with the relevant consulates as to whether a visa is required. If a visa is required, you will be able to obtain it **on arrival** at the border - the cost will depend on nationality.

CAMBODIA

Citizens of the UK, Ireland, Australia, New Zealand, USA, Canada and all EU countries **will** need a visa to enter Cambodia as a tourist for up to 30 days.

The easiest way to get a visa is to obtain it **on arrival**. This is available for almost all nationalities at all land borders and airports into Cambodia. At the time of writing (2015), the cost of a single-entry visa is USD25 for all nationalities, and you will need 1 passport photo.

Citizens of other countries should check with the relevant consulates as to whether a visa is required, and whether it will be necessary to obtain it in advance (only a small number of nationalities need to obtain visas in advance).

LAOS

Citizens of the UK, Ireland, Australia, New Zealand, USA, Canada and most EU countries **will** need a visa to enter Laos as a tourist for up to 30 days. Citizens of Switzerland, Luxembourg, Russia South Korea and Japan **will not** need a visa.

The easiest way to get a visa is to obtain it **on arrival**. This is available for almost all nationalities at most land borders and airports into Laos (including those used on Dragoman trips) - the cost varies according to nationality, and you will need 1 passport photo.

Citizens of other countries should check with the relevant consulates as to whether a visa is required, and whether it will be necessary to obtain a Letter of Invitation (only a small number of nationalities need to obtain a Letter of Invitation).

PERSONAL SPENDING

PERSONAL SPENDING - ASIA

Based on the range that previous travellers have spent on this trip, we recommend you allow between USD15-30 per day for Central Asia, China and Burma and between USD10-USD20 per day for India, Nepal and South East Asia.

This will cover individual expenses such as drinks, meals whilst out and also when staying in hotels, souvenirs, tips, and personal permits.

For trips in Southern India that occur over Christmas and New Year please allow approximately **USD160** extra on the kitty for seasonal increases in accommodation costs.

ASIA CURRENCIES AND CASH

It is not really worth trying to buy local currencies before you travel. Do also bear in mind that many countries have strict regulations about the amount of their own local currency you are allowed to import - if you are found with amounts in excess of the allowed amounts, it may well be confiscated!

Bringing a sensible mix of cash and ATM cards is the best way to bring money out, but it's always a good idea to bring plenty of cash that you can change (USD and EUR are commonly changed throughout Asia) rather than relying on cards. Apart from the convenience of being able to change money in many more places, you will sometimes get a much better exchange rate for cash. ATMs are available in most areas but are not always reliable. You may also find your card doesn't work in all ATM's. Credit cards such as

Visa and MasterCard are accepted in some major cities, but be prepared for very high commission charges.

Banks and moneychangers in most countries in Asia will now only accept bills with a metallic strip running top to bottom of the bill and which are **no more than 8 years old**. You should not take worn or damaged notes, or any that have been written on. Please also bring a mixture of small and large denominations - you may get a better rate for changing larger denomination bills, but in more remote areas it can be difficult to change amounts over USD50.

Please note that due to restrictions on currency conversion for foreigners in many Asian countries, it may not be possible to change leftover local currency back into USD after your trip, so please plan your budget well by withdrawing/exchanging what you need as you go.

WHAT ELSE YOU NEED TO KNOW

Overland Lifestyle and Trip Suitability

Dragoman was founded in 1981, and has had many years of experience of leading overland trips across 4 continents. Overlanding is all about sharing a great travelling experience with like-minded people. On your trip you'll travel in one of Dragoman's purpose-built iconic expedition vehicles on an off the beaten track adventure along rugged roads, experiencing the sights, sounds and smells of the world up-close. Your journey will be overland, sometimes across vast distances, so some long days spent driving are inevitable - but these will be interspersed with breaks of a day or two at a destination or activity. On an overland journey, you are more than just a passenger and everyone gets involved setting up camp - we supply the tent but it's up to you to pitch it! As part of your trip, you will be assigned a truck job which could be collecting firewood or water, luggage loading, organising food, stores, etc.

Like all great adventures, the more you put in the more you'll get out!

We are looking forward to welcoming you on one of our overland journeys, but before we do there are a few things we would like to draw to your attention.

[Back to top ^](#)

Who Travels with Dragoman?

Our groups are made up of people from around the world, and are always an interesting mix of nationalities and ages. On average there is a pretty even split between males to females, and between solo travellers, couples and small groups of friends. We believe that overlanding should be open to as many people as possible, and so although we have a minimum age limit of 18 (or 7 on our Family Trips), as long as you are fit, healthy and passionate about travel, we are happy to take you, whatever your age is. One of the wonderful aspects of group travel is the camaraderie and friendships that are formed along the way, and the variety of people that you will meet.

[Back to top ^](#)

Group Size

The maximum group size we take on our overland journeys ranges from 19 to 22 depending on the geographical location; however the average number of passengers is more likely to be around 16.

Please note that there is an overlap of 2 trips in Cuzco and during the Inca Treks. This means a group starting a trip in Cuzco will embark on the Inca Trail at the same time as a group finishing in or travelling through Cuzco. In practical terms this means there could be more than 22 group members in Cuzco and on the Inca Trail at the same time.

Please note that there is also an overlap of 2 trips in Zanzibar. This means a group starting a trip in Nairobi, for example, will visit Zanzibar at the same time as a group starting their trip there. In practical terms this means there could be more than 22 group members in Zanzibar at the same time.

Please also note that on some departures there may be more than one truck doing the same route. This means that you will be in the same hotel or campsite as another Dragoman group on some days. To

ensure that you are not always at the same place at the same time as another group, your itinerary will most likely be slightly altered from the itinerary advertised in these trip notes.

Our Crew and Guides

Our crew are passionate about travel and are always up for adventure. It takes someone special to become a Dragoman leader. Our crew undergo the most intensive training program of all the overland companies, spending 8 weeks learning the ropes at our base in Suffolk, UK, and then up to 6 months on the road as a trainee. Our crew are trained to manage and operate the trip safely and efficiently and their duties include: planning the trip according to the itinerary, driving and maintaining the truck, securing services of local guides, general logistics, health and safety, liaising with bureaucracy, dealing with issues where needed and offering advice and support to our customers. In addition they have a basic knowledge of the places visited and will be able to offer suggestions of things to do and see. Dragoman endeavours to provide the services of experienced crew, however, due to the seasonality of travel, situations may arise where your tour leader is new to a particular region or training other crew, new to the area.

On all Dragoman overlanding trips, we usually have 2 western crew but please be aware that there may be times when one crew member has to leave the trip due to unforeseen circumstances such as visa issues, illness of a group member, etc. On some of our trips we have 1 western crew and 1 local driver instead of 2 western crew. On trips south of Nairobi in East and Southern Africa we will also have an African camp master/cook who is in charge of running the camp and organising all of the meals. Their knowledge of the local produce makes shopping at the markets great fun and you will learn how to prepare and cook some unusual dishes.

On the majority of our trips in Ethiopia, Sudan, Central Asia, China and South East Asia, in addition to our crew we will have a local guide on board who will travel with us for the entire duration of our time within one country. In these cases, the local guide becomes a third crew member and is able to offer their local knowledge as well as an insight into their country and the lives of the local people.

In most other areas of Africa, the Americas, India and Turkey, in addition to our crew we will employ local guides in specific locations of interest (for just a few hours up to a few days).

Your crew have a duty of care to all members of the group and therefore they have the authority to ask you to leave the trip if you require serious medical assistance, you are behaving in an anti-social manner or refuse to comply with local laws and customs. In all matters relating to the trip, the leader's decision will be final and we appreciate your respect of this.

Accommodation on Tour

Dragoman's overland trips are designed for shared accommodation, whether camping or staying in hotels or hostels, and therefore do not involve a single supplement. Whilst our crew will do their best to accommodate couples travelling together in twin rooms, all our travellers should expect to stay in multi-share accommodation when staying in hostels, gers or yurts.

The type, variety and standard of accommodation will vary greatly depending on what options are available at the time; hotels can vary from very basic rooms without electricity or running water to high standard hotels with good facilities! Generally in hotels most rooms will be single sex, twin-share, but in South America many rooms are triple/quad-share. Hostels, gers and yurts are nearly always multi-share and may be mixed sex.

The campsites will range from rather basic to those with excellent facilities, including swimming pools, restaurants and bars. In some cases it may also be possible to upgrade locally to bungalows, lodges or even tree-houses. One of the highlights of overlanding is that in more remote areas we will camp away from the tourist crowds. Occasionally on some of our trips we are able to stay in villages or local homestays allowing us to get close to the indigenous population and ensuring that our money stays within the local community.

[Back to top ^](#)

The Kitty

In addition to the trip price on our overlanding trips, you will also be required to pay a kitty specified for your trip (please note that there is no kitty on our Family Trips). The kitty is payable in installments at the start of each section of the trip for combination trips, and in full at the start of the trip for individual trips. Each customer joining a trip pays their kitty into a central fund. The fund is managed by the Dragoman crew and the kitty accounts can be viewed by all throughout the trip.

The kitty covers all things that the whole group does, such as:

- Hotel accommodation and campsite fees
- Meals whilst camping (not whilst staying in hotels)
- Activities listed as included (e.g. National Park or historical site entrances, excursions, etc.)

The kitty system is unique to overlanding and allows us to have flexibility and transparency on our trips. You can see exactly how your money is being spent and ensure that you are getting the best value by buying locally. It also helps to keep the costs competitive and save on administration costs so that we can pass the saving on to you. Dragoman makes NO PROFIT on kitties, as they are the group's fund. If there is money left in the kitty at the end of your trip, then this is divided between the group and you receive a refund.

Once you book your trip it is very important that you check our website on a regular basis and just before departure for any changes to the kitty amount. We constantly update the kitty prices on our website and the kitty advertised in the brochure is an estimate at the time of printing. Prices can go up or down with no notice, and exchange rate fluctuations will affect costs.

The kitty is payable in full at the start of your trip (in instalments at the start of each individual trip on combination trips). Alternatively you can pay in advance via a bank transfer 3-4 weeks before the start of your trip - please see http://www.dragoman.com/files/Kitty_doc_v10.pdf for more details - this information sheet will also be sent in your booking confirmation upon booking a trip and can be found on www.dragoman.com/overlanding/planning-your-trip/money. Please also note that prepayment is not available for our trips to West Africa, Iran, Tajikistan and any trip in Africa north of Nairobi.

If you are bringing the kitty out in cash, please ensure your USD notes (EUR notes if your trip goes through West Africa) are clean and undamaged and **no more than 8 years old**. If needed, your tour leader will be able to accept some of the kitty in local currency, and they will let you know the exchange rate locally. In most destinations you can withdraw local currencies from ATM machines, using either a cash passport or a credit/debit card. However, please bear in mind that most cards have a maximum withdrawal amount per day, local ATMs may run out of cash, and your bank could block the card despite you warning them of your travel plans, so it could be impractical to try to get the entire kitty out from an ATM.

We cannot accept traveller's cheques on our trips.

Meals and Group Participation

On an overland journey you are more than just an individual passenger - you're part of the team. You are expected to pitch in to set up camp, shop for food, cook and generally help out. As part of your trip you will be assigned a truck job which could be collecting water and firewood, sweeping out the truck, loading the back locker, etc. While camping on overland journeys, the meals are included in the kitty. This means that you will have to work together to cook for everyone in your group. You will be divided into smaller units of 3-4 people and take it in turns to cook for the whole group according to a rota system. When it is your group's turn to cook you will have to plan the meal, shop for the ingredients in local markets or supermarkets and then prepare the meal for the whole group. The secret to cooking for 20+ people using a basic camping kitchen is to keep it simple! (On trips south of Nairobi we have a cook on board the truck; however you will still be required to help them to prepare meals).

An example of a typical camp breakfast might be toast with spreads, fruit and cereal as well as tea and coffee. When time allows it will also be possible to serve something hot such as eggs or pancakes. Lunch is almost always a sandwich heaped high with healthy salad and assorted fillings, with fruit to follow. Dinner might be a BBQ, risotto or pasta dish and there is always the chance to try some local cooking.

Generally our passengers find the more they put into a trip, the more they benefit from it.

[Back to top ^](#)

Dietary Requirements

If you have any dietary requirements please tell us at the time of booking and tell your crew at your welcome meeting. Our crew will try to cater for any particular dietary requirement or food intolerance whenever possible. However, it must be remembered that it may not always be possible and the variety of dishes may be severely limited in comparison to those available to others. If there is anything in particular you require in your diet, that you would miss from home, or because of an allergy would miss out on, it would be best to bring this with you. Depending on your particular requirements, you may need to allow yourself some extra spending money to allow you to purchase extra food items.

Itineraries

Our itineraries are developed and published with the best of intentions, however travel in more remote areas of the world is unpredictable – borders can close, there can be extreme adverse weather, strikes or maybe mechanical issues that affect the running of your trip, but equally due to the nature of our trips we can often spontaneously include a local festival or event into the itinerary. This being said, the safety of our passengers, leaders and operators is a priority for us. With this in mind we monitor world events very closely. By the very nature of the adventure travel that we take, there are risks and hazards that are inherent in our itineraries. We make operational decisions based on informed advice from a number of sources, including the British Foreign and Commonwealth Office travel advice, reports from other travel companies and local suppliers, leaders' reports from off the road and local contacts we have built up over many years of experience.

[Back to top ^](#)

British Foreign Office Travel Advice and Warnings

Dragoman follows the British Foreign Office Travel advice when deciding where and where we are unable to travel. We will base our decisions on itineraries and alterations to published routes based on their advice rather than the advice of other governments. We will advise you of any significant changes in advice before travel or whilst you are overseas.

However, we recommend you check the latest travel advisories from your own government for the country you are travelling to before you book and prior to departure. If there are any travel warnings present for the region you will travel to, as well as considering whether you are happy to travel despite the warning you must also check to ensure that it is not invalidating your travel insurance. Health

You need to be in good physical health in order to participate fully in our trips. When selecting your trip please make sure you have read through the itinerary carefully and assessed your ability to cope with our style of travel. To help you assess if this trip is suitable, please refer to the physical rating. The ratings for

each trip are a good indication of how challenging they are and in some cases you should be prepared for some long driving days and possibly limited facilities. We are always happy to give extra advice if you have additional concerns. Please note that if, in the opinion of our leader, you are unable to complete the itinerary without undue risk to yourself and/or the rest of the group, Dragoman reserves the right to exclude you from all or part of the trip without a refund.

You should consult your doctor for up-to-date medical travel information prior to travel, particularly if you have a pre-existing medical condition. You must also declare any pre-existing medical conditions to your travel insurers upon purchase and provide evidence to us prior to departure that your pre-existing medical condition has been declared to your insurers. Failure to do so will mean that you are unable to join the trip.

Extreme Environments

There may be periods of time within your trip when you meet extreme conditions, such as extreme heat, extreme wind, extreme cold, extreme humidity, extreme altitude, extreme crowds etc. Whilst our crew will let you know at the time when you are likely to meet these conditions, please ensure that you have read through the trip notes carefully and researched the local weather conditions at the time and that you feel that you are fit enough to cope with these conditions. If you have any doubts at all, please contact us to discuss your concerns prior to booking, and when on trip, if you find that the local conditions are causing you concern at any time, please be sure to let your trip leader know so that appropriate precautions can be discussed.

Altitude

Some pre-existing medical conditions are known to severely worsen at high altitude and be difficult to adequately treat on the ground, leading to more serious consequences. It is imperative that you discuss your pre-existing medical condition/s with your doctor. We understand certain medications are reported to aid acclimatising to high altitude; please discuss these options with your doctor. For trips that travel to areas of high altitude, the tour leader will issue you with a self-assessment altitude questionnaire which allows you to monitor how you are coping with the altitude and informs you of danger signals so that you can report these as soon as possible, either to the tour leader or a medical professional.

Yellow Fever

A valid international certificate of vaccination against Yellow Fever is required in many countries. You may need to present this on arrival at the airport or border crossing. Some countries will refuse entry if you are unable to present your certificate. It's also quite common for your home country to request a Yellow Fever certificate on your arrival back home.

It is your responsibility to check with your doctor well in advance of leaving home about the Yellow Fever requirements for the countries you'll be visiting.

Malaria & other mosquito-borne diseases

There is a risk of contracting malaria in some areas which we travel through. If your trip goes to a areas with malaria it is always best to get expert advice before travelling about the types of malaria pills available, whether they are recommended, and take any that are prescribed as instructed. Consult your GP or travel clinic for the most up-to-date requirements.

Other mosquito-borne diseases such as yellow fever, dengue fever, chikungunya and Zika are continuing to spread and are becoming a bigger problem around the world. Mosquito bite prevention is vital to avoid contracting any of these diseases, as there are no vaccines or specific treatments available. Health professionals have issued warnings for pregnant women travelling to areas affected by the Zika virus. For more information about Zika please visit:

- WHO: www.who.int/en/news-room/fact-sheets/detail/zika-virus
- Center for Disease Control and Prevention: www.cdc.gov/zika

The Anopheles mosquitoes that transmit malaria usually bite between the hours of dusk and dawn, whereas the Aedes mosquitoes that transmit yellow fever, dengue fever, chikungunya and Zika bite

both during the day and the night. To prevent being bitten, it is recommended to cover up by wearing long-legged and long-sleeved clothing, preferably light-coloured and buttoned at the wrists. Do not sleep without closing your windows, tent door, etc. and use a mosquito net in hotels or if sleeping outside where there are mosquitoes present. Use mosquito repellent applied directly to your skin or soaked into your clothing. Treating clothes and mosquito nets with a Permethrin solution also provides significant protection. It should be available at most travel stores. Mosquito coils are useful on still nights and in hotel rooms, but cannot be used inside the tents. For more advice on how to avoid bites please see:

www.travelhealthpro.org.uk/factsheet/38/insect-and-tick-bite-avoidance

Vaccinations

Recommended vaccinations and other health protections vary according to different regions and recent bulletins issued by health authorities. It is essential to get the latest specific health advice on the regions and countries you are planning to travel in, so please check with either your doctor or travel clinic in good time before you travel. The following websites are also a helpful resource:

www.nathnac.net and www.fitfortravel.nhs.uk

In the UK, we have been working with Nomad Travel for many years and their website has comprehensive, up-to-date vaccination and health information. You will receive a 10% discount off all vaccinations given at Nomad Travel clinics.

Safety & Security

At Dragoman your safety is of paramount importance and we will do our best to ensure that your travel with us is safe and trouble-free, but we do ask that you take that little bit of extra care whilst you are away and to understand about the nature of this style of travel.

Of course we want you to have an enjoyable time, but you must also remember that part of the enjoyment of travel is experiencing a different way of life and cultures. This may also mean experiencing different safety and hygiene standards than those you are normally used to.

Therefore, please take note of the following safety tips and follow any local safety advice or briefings delivered by our crew or any third-party suppliers we use during your trip.

[Back to top ^](#)

Transport Safety

- Our own vehicles have fully-fitted seat belts; make sure you always belt up.
- If you find a safety belt inoperable or missing on one of our vehicles, please inform the crew immediately.
- Unfortunately, we cannot guarantee that other vehicles we may use or recommend in some countries will be fitted with seat belts on every seat as it is not a legal requirement in much of the world.
- Please remain seated on board vehicles at all times when the vehicle is in motion.
- Never place luggage in the aisles or foot wells.
- Ensure you know where your nearest Emergency exit is; this may be a designated emergency exit, a window, a door, or a roof hatch.
- Check the location of the fire extinguisher and first aid kit.
- Follow any safety instructions provided by the crew/driver.
- Our vehicles are fitted with roof seats which can be used in certain conditions, such as when driving at low speeds, off main tarmac roads, etc. The roof hatches can only be opened and the roof seats used with the express permission of the crew and you must never sit in the roof seats without seat belts.

Road Safety

- Traffic in some countries travels on the opposite side of the road to what you may be used to, so ensure you look both ways before crossing the road.

- In many countries vehicles do not automatically stop at crossings and driving styles may be very unpredictable, so please remain very vigilant when near roads and vehicles.
- Crash helmets are often not provided with mopeds and motorbikes overseas – we do not recommend you hire these vehicles.

[Back to top ^](#)

Fire & Other Safety - Hostels/Hotels/Homestays

- Ensure you know where your nearest fire exit is and check to ensure that it is operative.
- Check the location of the nearest fire extinguisher.
- Study the fire instructions in your room if available.
- Identify how to raise the alarm if a fire occurs.
- If a fire occurs, leave immediately; do not stop to collect your effects.
- Proceed to an assembly point well away from the building.
- Electrics in hotels in many of the places that we visit will not be up to the same standards as at home. Please ensure that you check rooms, especially bathrooms and are aware of any issues that look unsafe. If in doubt inform the crew who will endeavour to sort the situation out if possible.
- Staircases and stairwells are often built to a very different design than under western building standards. There may be no guard rails, be excessively steep, have dangerous gaps between the stairs and the wall, etc. At all times be aware and take appropriate and prudent care.
- We often stay in homestays and farmstays. These may range from a traditional yurt through to a tree house or a town house. As these are traditional homes, they may well not adhere to our western standards of safety and so it is important that you make yourself aware of potential risks.
- If in doubt please inform the crew of any safety issues with the hotels/hostels or homestays.

Fire Safety - Campsites

- Ensure you know where the nearest source of water or fire extinguisher is.
- Know how to raise the alarm.
- Extinguish all camping fires fully before retiring to bed.
- Observe any regulations regarding fires and bushfires in dry conditions.
- Identify how to raise the alarm if a fire occurs.
- If a fire occurs, leave immediately; do not stop to collect your effects.
- Proceed to an assembly point away from the tented accommodation/affected campsite.

Other Campsite Safety & Security

- Familiarise yourself with the campsite and any known hazards.
- Group the tents around our vehicle wherever possible.
- No open flames, smoking or flammable liquids in or near the tents.
- Ensure the cooking area is well away from the tents.
- Ensure all water for cooking and drinking is purified first.
- Ensure any soil toilets are a minimum of 50m away from the tents and the cooking area.
- All food waste should be burned or buried a minimum of 100m away from the site.
- Ensure local advice is followed concerning any wildlife in the area.
- Keep valuables locked in the vehicle.
- Be aware of any local security issues that might be important.
- Do not set out tents close to perimeter fences which may be a security risk.
- Be aware of the security arrangements and local guards for campsite and if in doubt ask them where and where not to pitch tents.
- If in doubt please inform the crew of any safety issues with campsite.
- When wild camping, ensure that you do not wander away from the camp alone. If you do leave camp, ensure that you have notified the leader or other members of the group.

Food Safety

- Make sure your food has been thoroughly cooked.

- Hot food should be hot, cold food should be cold.
- Avoid any uncooked food, except fruit and vegetables (notably those you can peel or shell yourself).
- In many countries you should only drink bottled water or purified water and ensure any seal is intact when purchasing bottles.
- On the Dragoman vehicles we have a tank of drinking water that is kept purified by the crew.
- Avoid ice in drinks as this can cause upset stomachs in hot climates.
- Make sure you wash your hands in antibacterial product when preparing and/or eating food.
- Many of the restaurants that you will eat in, either as a group or as individuals, will NOT have the same standards of food hygiene as we have in the western world. Unfortunately this is a reality of life in these regions. Therefore please think carefully about where you eat, what food you order and be aware of the risks.

Personal Safety

One of the real advantages of overland travel is that the vehicle provides a very real level of security when travelling. There is no doubt that a properly-equipped overland vehicle, with safes, fully lockable doors and windows is an obvious advantage when travelling in much of the world. Generally speaking, you will not be travelling on local public transport and will have the added security of travelling in a group with experienced crew on-hand to offer advice. We have come up with a few pointers that we recommend you follow:

- Follow the crew's specific safety advice in each destination.
- Always remain aware and vigilant, and stay away from situations where you do not feel comfortable.
- Avoid carrying too much money.
- Always avoid carrying your passport, driving licence, air tickets, and other valuable items around with you unless this is essential. Instead, keep valuables such as this locked away in the truck's safe, or the safety deposit box in the room or reception of the hotel/hostel.
- If you are carrying cash, cards or valuables, use a money belt or neck wallet which are more easily concealed and more difficult to pickpocket.
- Do not take any valuable jewellery, watches, etc. away with you in the first place.
- Avoid walking in poorly lit areas.
- If possible avoid walking around on your own; it is always safer to explore with others.
- Always try to walk with confidence and purpose, which will help you avoid looking like a lost tourist!
- Take special care when walking to avoid spraining or twisting your ankle on potholes, cobbles and uneven ground.

Activity Safety & Optional Activities

You will have the opportunity to take part in many exciting activities and excursions, some of which are included (e.g. hiking the Inca Trail, trekking to see Mountain Gorillas, visiting the Taj Mahal, etc.), whilst others are optional (e.g. white water rafting in Uganda, zip-lining in Costa Rica, etc.). Some of these activities require a certain level of fitness, so it's important that you read through the trip notes thoroughly and make your own conclusions as to whether you feel that you are fit and healthy enough to enjoy this trip and its activities to their fullest.

Some activities may have higher risks than you are used to and you must judge whether or not you wish, or have the physical ability, to take part.

Please note that riding helmets are mandatory for all optional and included horse riding activities. This is an insurance requirement.

Optional activities mentioned by Dragoman are not included in the trip price or kitty, and do not form part of your contract with Dragoman. As such you accept that any assistance given by Dragoman crew

members or local representatives in arranging optional activities does not render us liable for them in any way. The Dragoman crew are assisting you in arranging these activities for your added enjoyment whilst on your trip. The operators of these services and optional extras are local suppliers who contract directly with the client 'on the road', subject to and in accordance with their own terms and conditions. Dragoman accepts no liability for any action or activity undertaken by the client which is arranged independently of Dragoman while on tour. Crew may take part in an optional activity but do so as private individuals and not as company representatives.

Please use your own good judgement when selecting an activity in your free time.

Ensure that you use the appropriate equipment on optional activities, including life jackets, helmets, etc. This is especially important on activities such as horse riding, white-water rafting, etc.

Always ensure that your travel medical insurance covers you for all included and optional activities that you wish to participate in.

[Back to top ^](#)

Included Activities

Included activities are listed in the day-to-day itinerary, all other activities are optional and at your own expense. If you choose not to participate in the included activities on this itinerary, the cost will not necessarily be refunded; this is something you will need to check with your leader.

[Back to top ^](#)

Optional Activities

A selection of optional activities is listed in the day-to-day itinerary. This list is designed to be a helpful guide as to what is commonly available in each location, and is neither an exhaustive list, a guarantee that the activity is available, or an endorsement or recommendation. Please note that certain activities may not be available on your particular visit if they are overbooked, underbooked, out of season, or for any other reason - the list of activities is made according to our latest information and in the best faith, but please be aware that things may change between our last visit and your arrival. Please also note that it may not be possible to do all the activities listed in the time available at each destination, and it is recommended to give yourself extra time in your joining or ending city if you would like to participate in some optional activities there.

Prices listed are for entrance only and do not include transport costs to and from the sites or local guides unless indicated - again, these prices are displayed according to our latest information and in the best faith, but prices do fluctuate due to exchange rates, season, numbers of participants, and simple increases from the operator - any prices listed are a guide only and certainly cannot be guaranteed.

Optional activities are not necessarily endorsed or recommended by Dragoman nor included in the price of this trip. If you do any optional activities, you do so at your own risk and it must be clearly understood that your participation is your own decision and does not form part of your contract with Dragoman. You may be required to sign/complete a waiver form or optional activity form for some optional activities.

Insurance

It is a condition of booking that you have comprehensive travel insurance. Without evidence of valid travel insurance you will not be allowed to start the trip.

We recommend that any policy has a minimum medical (including repatriation) cover of £5,000,000. We recommend that any policy also has a minimum level of cover for Personal Liability of £2,000,000 and for Cancellation and Curtailment of £5,000 (or the full cost of your trip). Cover for loss of baggage, personal effects, money and other inclusions are down to personal choice although please bear in mind that personal effects are more likely to go missing whilst travelling and you should ensure that your policy is adequate to cover the value of your personal effects e.g. cameras, tablets, phones, ipods, etc. Please note that Dragoman is not responsible for your personal effects and is not insured for their loss. Please note that you should be insured for trip postponement or cancellation purposes immediately upon paying a deposit.

Whatever policy you choose, you must ensure that it is designed for adventure/overland travel and make sure it covers any activity that you intend to undertake (whether included or optional). As such it must cover you for adventure activities such as white water rafting, trekking, horse-riding, etc., and that the 24-hour Emergency Assistance Company must be experienced in handling situations in developing countries - for example, that they have the ability to arrange repatriation from remote areas such as the Sahara or if you were trekking in the Andes. On activities or side trips that are not recommended by us, please ensure you are happy with the safety of the activity before participating.

Please note that in the case of credit card travel insurance we will require details of the participating insurer, the insurance policy number and emergency contact number prior to travel rather than just the bank's name and credit card details. It is up to you to ensure that these policies have the cover you require, as many of these policies are not able to cope with adventure travel to remote areas and many are not valid for travelling outside your country of residence or outside the EU.

[Back to top ^](#)

Our Liability Insurance

Dragoman has comprehensive passenger vehicle liability protection and tour operator insurance. These policies have total indemnities of £5,000,000 and £10,000,000 per incident respectively. This is in addition to local vehicle insurance and your personal travel insurance.

[Back to top ^](#)

Out of Office Hours Contact

We have an out of office hours number you can call which should only be used once you have left your home country to start the trip and in the event of a real emergency. Should you need to call the number, we will do what we can to help but please bear in mind that real progress or action may not be possible until normal office hours. If you can not get through please leave a message with your name, reference number, contact details and a message with the help that you need and we will get back to you.

If your flight is delayed or cancelled, please let us know and then make your way to the joining hotel as instructed in these trip notes. If you cannot get through leave a message and a contact number as these will be regularly checked and the crew informed if necessary.

Out of hours Number: +44 (0) 7985 106564

Luggage & Kit List

Although you will not have to carry your main bag for long distances, you will need to help load and unload them onto the truck. For this reason we recommend that you use a backpack or soft bag rather than a heavy suitcase. During your trip your main luggage will be kept in the truck's back locker which will be inaccessible during a drive day, so you will also need a small daypack. This can be used to carry your camera, water bottle and other personal effects for daily use. Please be aware that due to the constant dust and vibrations your luggage bag will be subject to extreme wear and tear.

The size of baggage that can be brought on this tour is limited by the locker space on the truck. We recommend that your bag be no larger than a large rucksack with a capacity of about 80 litres (approximately 70cm high, 40cm wide, and 40cm deep). The weight limit for luggage on all trucks is a maximum of 20kg.

Your clothes and equipment should be appropriate for the conditions you are travelling in, which will vary depending on which part of the world you're heading to. On overland trips, Dragoman will provide all camping equipment apart from sleeping bags and ground mats, so you'll need to bring those with you if your trip includes camping nights.

Think about the climate and altitude of the areas you'll be travelling to - there's nothing worse than being cold at night so it's worth investing in a decent sleeping bag if it's likely to get cold. And remember that even when it's warm during the day, it can often get cold at night, particularly in desert regions.

For a general idea of what you need, this list provides a guide:

General

- Sleeping bag, sleeping bag liner, sleeping mat and small pillow – if your trip includes camping nights
- Sandals or flip flops
- Comfortable walking shoes
- Sun hat and sunglasses
- Waterproof jacket
- Warm sweater or fleece
- Swimwear
- Comfortable travelling clothes and a set of casual but smart clothes for evenings out
- If visiting places of worship on the trip, men should bring a pair of full length trousers and women should bring a skirt that covers their knees and a scarf
- Towel – quick dry, lightweight travel towels are best
- Toiletries including bio degradable wet wipes, sanitary products, hand gel, sun cream and insect repellent
- Day pack – essential for keeping things handy when on the truck, on short hikes, walking around cities, etc
- Assorted dry bags – to protect your kit from dust and damp
- Pouch or money belt
- Water bottle (at least 1 litre) – we carry drinking water on all of our trucks and actively encourage our customers to use the water supplied. Whilst away from the truck we encourage the use of a filter water bottle and we are able to offer Dragoman customers a 25% discount on Water to Go bottles and filters using the code DRAGOMAN25 on the link <https://www.watertogo.eu/dragoman>
- Head torch with spare batteries and bulbs
- Camera with spare battery and extra memory cards
- Electrical accessories such as charger, power bank, adapter, etc
- Carbon monoxide detector
- A good book, a diary or notebook and pen, a fun game for travel days
- Personal medical kit – see notes below

Cold weather

For trips going through mountainous areas, deserts, high altitude regions and Patagonia, you should be prepared for cold weather, especially at night. Ensure you bring:

- 3/4 or 4/5 season sleeping bag with liner – see note on sleeping bag ratings below
- Thermal base layers
- Winter jacket
- Hat, gloves and scarf
- Warm socks

Hot weather

For trips going through tropical areas you should be prepared for hot and humid weather. Ensure you bring:

- Loose fitting clothes with long sleeves and legs
- Mosquito repellent
- Mosquito net – not essential as our tents have mosquito netting but can be handy for hotels and hostels or sleeping under the stars

Trips with trekking

For trips including treks, ensure you bring:

- Lightweight walking clothes suitable for the general climate
- Waterproof trousers
- Sturdy walking boots

- Walking stick(s) – not essential but can help in steep terrain; sticks can generally be hired or purchased en route

[Back to top ^](#)

Sleeping Bags

A sleeping bag's rating typically indicates the lowest temperature at which it will keep the average sleeper warm enough to sustain them but not necessarily make them warm enough to feel comfortable. For example, with a 0°C bag, you should be able to stay in 0°C temperature but you will not necessarily be able to sleep comfortably.

For European sleeping bags there are the following standards:

- The upper limit is the highest temperature at which a 'standard' adult man is able to have a comfortable night's sleep without excess sweating.
- The comfort rating is based on a 'standard' adult woman having a comfortable night's sleep.
- The lower limit is based on the lowest temperature at which a 'standard' adult man is deemed to be able to have a comfortable night's sleep.
- The extreme rating is a survival-only rating for a 'standard' adult man. This is an extreme survival rating only and it is not advisable to rely on this rating for general use.

The transition zone, in between the comfort and lower temperature, is usually considered as the best purchase guideline.

Personal Medical Kit

All of our trucks have a standard motorist's first aid kit on board for use in emergency situations only. The first aid kit is in compliance with UK standards for first aid provision within motor vehicles, and contain supplies to treat road side injuries. We do not carry prescription medications, therefore in addition to this we recommend that you purchase your own personal medical kit.

In the UK we have teamed up with Nomad Travel Stores and Clinics to produce travel medical kits. They have been designed in conjunction with the truck kits and contain everything you would need for any minor incidents and health issues. For more details please visit their website:

Global Survival Kit - <http://www.nomadtravel.co.uk/p/2712/Global-Survival-Kit>

Ultimate Medical Kit (POM) - [http://www.nomadtravel.co.uk/p/2909/Ultimate-Medical-Kit-\(POM\)](http://www.nomadtravel.co.uk/p/2909/Ultimate-Medical-Kit-(POM))

[Back to top ^](#)

Passports

Check that your passport will still be valid for 6 months after the end of your trip - this is important as some countries WILL refuse entry to anyone whose passport is due to expire. A temporary or 'visitor's' passport is not valid on our trips. You will need to provide us with your passport details prior to departing for your trip. If you change your passport, please remember to inform us as soon as possible - however, please be aware that changing your passport can cause big problems if you need to apply for visas or permits (such as the Inca Trail or Gorilla Trekking) in advance.

Pre and Post Trip Accommodation and Airport Transfers

At Dragoman we believe you should make the most of the places you visit, so if you would like to see more of the joining or finishing point cities, why not book additional accommodation to extend your stay? Dragoman can take away the hassle of time zones and language barriers by making the booking for you. This accommodation is only available at the joining or finishing city of your trip, immediately before or after the trip you are travelling on.

While Dragoman is happy to assist with booking your pre and post trip accommodation, it is important

that you understand that you may be able to book your own room at a cheaper rate directly through the hotel or on the internet. Our additional accommodation prices are based on the hotel's rate plus an administration fee. Please note our rates do not reflect last minute walk-in rates or internet specials.

We can also book arrival airport transfers for you as long as we have your flight arrival details. These are normally payable in cash upon arrival; however we do have pre-paid transfers in a few destinations.

Please contact our reservations team for details of the accommodation and transfers that we can offer, as not all hotels offer this service.

[Back to top ^](#)

Continuing Your Trip

Having an amazing trip and met a great group of people? Having too much fun to go home yet? If you're on one of our trips and decide that you would like to continue with us, then why not speak to your trip leader who can advise you of the cost and availability of continuing your journey.

[Back to top ^](#)

Contingency Emergency Fund

Sometimes, civil or political unrest, or reasons beyond Dragoman's control (e.g. a natural disaster), can mean that an itinerary is disrupted and we have to make a contingency plan. This may involve hiring alternate transport or even the whole group flying over an area. Although Dragoman will help organise travel arrangements, in circumstances outside Dragoman's control you will be required to contribute the additional costs involved and therefore we ask you to bring along a 'Contingency Fund' of USD400. In almost all cases trips run smoothly and this fund is therefore never used. We also recommend that you take along an internationally recognised credit or charge card with a decent limit in case of emergencies, such as medical treatment en route, or even the need to be repatriated; though these occurrences are rare. Remember that travel insurance policies usually only refund you for expenses after you have already paid out.

[Back to top ^](#)

Responsible Tourism

Dragoman is committed to ensuring that we have a positive impact on local communities and that we implement policies to minimise any negative impact on the local environment. We are dedicated to making sure that we adopt a responsible attitude to the areas through which we travel and believe that our trips should benefit the local people and their environment. Dragoman recognises that we are guests of local communities and strive to make these communities our partners, so that they benefit directly from our visit. You can find full details of Dragoman's Responsible Tourism policy from the link below:

<https://www.dragoman.com/about-us/responsible-travel/policy-and-guidelines>

[Back to top ^](#)

Water

The sale of bottled water contributes to an enormous environmental problem around the world. In addition to the water in the bottle, the production of a 1 litre plastic bottle takes 2 litres of water and 200ml of oil. A large proportion end up in limited landfill or discarded in waterways and natural environments.

Please avoid the purchase of bottled water by using the chemically sterilised water stored in the purpose-built storage tank on your overland vehicle. You are free to refill your bottle as many times a day as you like. You are helping the environment and your pocket!

[Back to top ^](#)

Electrical Equipment

Your vehicle will be usually equipped with a 12-Volt socket, so to charge your iPod, MP3 player, camera, laptop and mobile phone you will need a DC 12V adapter - the type that can be used from a cigarette lighter in your car. Please be aware that only one piece of equipment can be charged at a time and it will

not be allowed if there is a risk of running the vehicle's batteries low. Batteries may also be recharged from hotel room wall sockets and the majority of the campsites we stay at have electricity points, so please bring along your normal charging adapters as well. You will need to ensure that you have the correct country adapter for your specific charger.

For mobile phones, please note that most countries in the Americas operate at 850 MHz and 1900 MHz which is not the same frequencies used in Europe, Africa, Asia and Australia. Most modern tri-band and quad-band mobile phones will be able to operate on these frequencies but please check your mobile phone specifications before travelling to ensure that you'll be able to use your phone in the Americas.

A Few Rules

It is one of our core values to treat all people we encounter with respect, including the local people who make our destinations so special. We have therefore set down a number of rules to which our customers must adhere.

Engaging in commercial or exploitative sexual activities, committing acts of violence or threatening violence towards local people, other group members or any member of our staff is not allowed. Any customer engaging in such activities will be required to leave the trip immediately with no refund of the trip price.

You must at all times comply with the laws, customs, foreign exchange and drug regulations of all countries visited and conduct yourself in accordance with our responsible travel policy. Any customer found contravening such laws or regulations will be required to leave the trip immediately with no refund of the trip price.

Although we are aware that in some parts of the world taking, carrying or selling drugs, carrying weapons, or engaging in commercial or exploitative sexual activities may be legal, it is not acceptable for Dragoman customers and our tour leaders have the right to ask you to leave the trip immediately with no refund of the trip price if you are found to be engaging in such activities.

[Back to top ^](#)

Issues on the Trip

While we always endeavour to provide the best possible holiday experience, due to the nature of travel and the areas we visit sometimes things can and do go wrong. Should any issue occur while you are on your trip, it is imperative that you discuss this with your group leader or our local partner straight away so that they can do their best to rectify the problem and save any potential negative impact on the rest of your trip.

We recognise that there may be times when your group leader may not be able to resolve a situation to your satisfaction. If this is the case please contact our customer relations department on

customer-relations@dragoman.co.uk.

You may also choose to provide details in your feedback questionnaire which we ask you to complete at the end of your trip, but we do ask you to be aware that it is very difficult for us to provide any practical help after the trip is complete.

[Back to top ^](#)

Tipping

Tipping is entirely voluntary. The Dragoman crew may be travelling with you for many weeks and usually they become good friends with most members of the group. It is sometimes easy to forget that they do work hard to ensure that you do have a great trip. If you feel you would like to tip them, they certainly would appreciate it.

On a number of our trips, we also use a local guide as well as our own Dragoman crew. These guides live and travel with you through their home country and it is usual to tip them when they leave. We

recommend USD 1 to USD 4 per person per day, but check with your crew for an appropriate amount.

[Back to top ^](#)

Feedback

After your travels, we want to hear from you! We rely on your feedback. We read it carefully. Feedback helps us to understand what we are doing well and what we could be doing better, and it allows us to make improvements for future travellers.

COUNTRY SPECIFIC NOTES

TIBET NOTE

We will be travelling through high remote mountains and the itinerary may have to vary somewhat due to weather or road conditions. We will need to remain flexible with these itineraries as temperatures can vary.

In general, the summer months (June, July and August) can be warm during the day but temperatures can drop to below 0°C at night. For this reason we recommend taking warm clothes for ALL trips in Tibet. For trips that run during the colder months we recommend you bring extra warm clothing as it is not uncommon for temperatures to fall to -10°C, sometimes colder.

We recommend you check local average weather conditions for each country you will be travelling to in order to properly prepare for your trip.

We will also be travelling to very high altitudes (around 5,000m), so please be aware of the effects of altitude sickness.
