TRIP OVERVIEW

- Trip Style:** Overlanding
- Route:** Antigua to San Jose
- Duration:** 21 days
- Transport:** US style school bus
- Accom:**  10%  90%
Hotels, Hostels, Campsites

Physical Challenge:

EASY  HARD

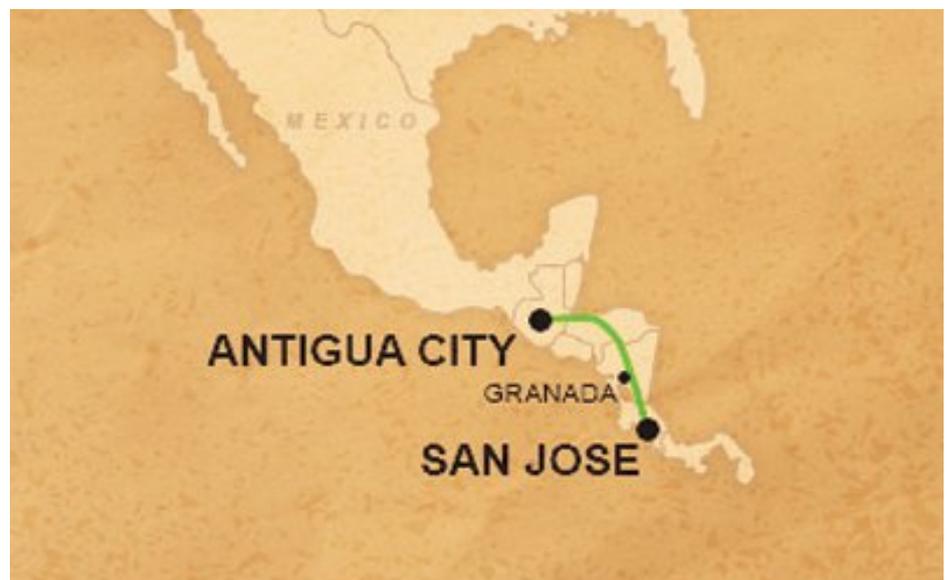

Your itinerary may include easy-paced day walks, bike rides, and other activities that are not too strenuous.

Lifestyle Challenge:

EASY  HARD

This trip has a bit of everything.

ROUTE MAP

COUNTRIES VISITED

Costa Rica

AN ADVENTURE PARADISE

Costa Rica is every outdoor-adventurist's dream, and is packed full of spectacular scenery, incredible wildlife, and fascinating culture.

Costa Rica is one of the most bio-diverse countries on Earth, and is home to many iconic animals such as hummingbirds, quetzals, tree frogs, monkeys, sloths and sea turtles. This is evident on a trek through the atmospheric cloud forests of [Monteverde](#), or on an exploration of the spectacular beaches of Manuel Antonia National Park.

EXPLORE STUNNING NATURAL SCENERY OVERLAND

Complimenting this is some of the most wonderful natural scenery, including incredible coastlines, forests, lakes and volcanoes. One of the most breathtaking sights is the active volcano of Arenal, which looms over the town of La Fortuna! Costa Rica is also home to some of the best outdoor activities in the world, with a plethora of opportunities for rafting, trekking, canyoning and horse riding throughout the country.

Costa Rica has gained a wonderful reputation for tourism in recent decades, and this reputation is certainly deserved!

El Salvador

OVERLANDING IN CENTRAL AMERICA'S STUNNING EL SALVADOR

El Salvador (meaning "The Saviour" in Spanish) is one of the smallest but most friendly and exciting countries in Central America - perfect for an overland adventure.

El Salvador has some stunning scenery, from the relaxed Pacific coastlines of Los Cobanos to the coffee-growing cool hills in the interior. The [Cerro Verde National Park](#) contains some of the most breathtaking volcanic scenery on the continent, and provides excellent opportunities for trekking.

With some of the most beautiful areas in the whole of Central America, El Salvador is one of the most captivating places to visit.

Guatemala

VOLCANOES, LAKES & MAYAN RUINS

With breathtaking mountains, volcanoes and the amazing Lake Atitlan setting the landscape, Guatemala is a perfect place to get out and explore some stunning natural scenery.

The country is bursting with vibrant culture, and nowhere is this more perfectly illustrated than in the old colonial capital of [Antigua](#), not far from the modern capital of Guatemala City. A small cobbled city that is overflowing with historical buildings and colonial heritage, it is a stunning place to explore, full of music, galleries and restaurants, and is an excellent base to trek up some of the surrounding volcanoes.

EXPLORE LAKE ATITLAN

Lake Atitlan is one of Central America's most picturesque spots - surrounded by towering volcanoes and dotted with tiny traditional villages along its coast, it is a wonderful place to take a boat trip and explore. Not far is the village of Chichastenango, with its famous, colourful and evocative local markets.

Guatemala's most famous draw is the truly incredible [ruined city of Tikal](#). The site was a major settlement of the Mayan civilisation between the 5th-9th Centuries CE, and contains some of the finest ancient ruins in the world! There are several colossal and well-preserved pyramids and temples all majestically located within the dense rainforest - it's a magical place to explore and is full of fascinating history.

Honduras

ONE OF CENTRAL AMERICA'S HIGHLIGHTS

Honduras is an often-overlooked country in Central America, but has some of the continent's most fantastic highlights. One of these highlights is the amazing coastline spanning hundreds of kilometres along the Pacific - with some of the whitest beaches and clearest ocean in Central America, the Bay Islands is the perfect place for snorkelling, scuba diving and relaxing on the idyllic shores. The Mesoamerican Barrier Reef is the second longest in the world, and submerged below the clear waters lie unspoilt coral and an array of colourful underwater life.

ADVENTURE TO THE MAYAN CITY OF COPÁN

Another fantastic highlight is the ruined [Mayan city of Copán](#), which was a major centre of the Classic Era between the 5th-9th Centuries CE. The site features many remarkably-preserved buildings and temples, and is especially famous for its sculpted monuments and stelae. Away from the coastline are the fantastic mountains that soar above the country.

There is some amazing scenery in Honduras which we have the privilege to overland through, making it a marvellous inclusion in our Central American trips.

A favourite of many who travel through Central America, Guatemala is a beautiful and fascinating country with an incredible density of highlights!

Nicaragua

The rugged beauty of Nicaragua makes it one of the most interesting places in Central America to visit.

The landscape is lined with stunning volcanoes which you can climb and explore, such as the scenic crater of Masaya and the challenging trek up Volcán Concepción on Ometepe Island. The country is full of many other outdoor activities, such as mountain biking, sandboarding, horse riding and discovering the beautiful beaches of the Pacific coast.

EXPLORE NICARAGUA'S COLONIAL HISTORY

You can also explore the incredible colonial towns of Granada and León, and their churches, cathedrals and many art galleries. Some of the continent's most ornate and beautiful colonial legacy can be found in these two atmospheric towns, and they are wonderful places to spend some time.

Nicaragua is the forgotten treasure of Central America and is a perfect place to explore.

[Back to top ^](#)

DAILY ITINERARY

Day 1: Antigua (Sat 09 Jan)

Border information: if joining in Antigua, you will most likely enter Guatemala at Guatemala City La Aurora International Airport (IATA code: GUA).

There will be an important group meeting at 18:00 at the joining hotel - please look out at the hotel reception for a note from your leader with more details about this important meeting.

The rest of the day is free to explore the beautiful colonial city and its dramatic surroundings, and to take part in some optional activities. Please contact the Sales team if you would like to book pre-tour accommodation with us to have extra time exploring Antigua.

In Antigua we will stay in a delightful colonial hotel.

Hotel for the night: Posada La Merced

Posada La Merced

7a Avenida Norte 43

Antigua

Guatemala

Tel - +502 7832 3197

About Antigua:

Antigua is the commonly-used name for Antigua Guatemala, the old colonial capital founded in its present location in 1543 with the original name of Santiago de los Caballeros. The delightful historic city boasts a wealth of well-preserved colonial buildings in a Spanish Baroque style, so much so that the whole historical centre has been granted UNESCO World Heritage status. Antigua is also exquisitely located in the central highlands of Guatemala, surrounded by the towering volcanoes of Fuego, Agua and Acatenango.

Antigua is only a short distance from the modern capital of Guatemala City, and remains the cultural centre of the country - its old buildings and cobbled streets juxtapose wonderfully with its lively mix of Indian markets, indigenous marimba music and many bars and restaurants, creating a fantastic and unforgettable atmosphere. There are also countless optional adventure activities to be enjoyed here, including a possible excursion to the nearby active Pacaya Volcano.

Day 2: Antigua (Sun 10 Jan)

We have a free day to enjoy Antigua, take a day trip into the National parks, go hiking or visit a coffee plantation.

Activity

Approximate Cost

Take a trek up to the famous active volcano of Pacaya near Antigua	USD 79
Visit a traditional coffee plantation in the cool hills surrounding Antigua	GTQ 200

Walk up to the Cerro de la Cruz viewpoint to get unrivalled vistas over the town of Antigua

Free

Day 3: Cerro Verde National Park (Mon 11 Jan)

Today we will cross the border into El Salvador and drive to the stunning Cerro Verde National Park, where we will be surrounded by awe-inspiring volcanoes and countryside. In the morning we will have will take a guided trek up the nearby Santa Ana volcano (approximately 4 hours).

In Cerro Verde National Park we will camp with basic facilities.

Border information: Exit Guatemala at Ciudad Pedro de Alvarado, enter El Salvador at La Hachadura.

Estimated Drive Time - 9 hours (please note that all drive times given here are the approximate number of hours that the truck will be in motion only, and does not include any time taken for coffee or lunch stops, border crossings, photo stops, activities en route, comfort breaks, shopping stops, toilet stops, etc. The times given are approximate estimates only and whilst given with the best of intentions, the drive times are heavily dependent on traffic, road conditions, weather, police roadblocks, and many other factors - flexibility is essential on any overland trip!).

Activity

Approximate Cost

Visit the spectacular volcanic landscape of Cerro Verde National Park, one of El Salvador's gems

Included in Kitty

About Cerro Verde National Park:

The centrepiece of El Salvador's Cerro Verde National Park is the towering peak of Cerro Verde, an extinct volcano which last erupted around 2,500 years ago. On the top of its crater there is one of the few cloud forests in the country, located at 2,030 meters above sea level. Cerro Verde, along with the volcanoes of Santa Ana and Izalco, form one of the most impressive landscapes in El Salvador. These volcanoes can be viewed from lookout points inside National Park, and there are some wonderful treks enabling you to see some fantastic views of northern El Salvador.

Day 4 to 5: Suchitoto (Tue 12 Jan to Wed 13 Jan)

After our trek up the volcano, we will drive to the beautiful town of Suchitoto, where we will have some time to explore the town, with its cobbled streets and whitewashed houses, and to learn about the incredible work of the Dragoman-supported community centre in which we stay.

In Suchitoto we will stay in dormitory rooms at the Centro Arte Para La Paz community centre, which runs many programs for the local communities to build cultural identity, unity, teaching skills, self-sufficiency, environmental equality and a culture of peace.

Estimated Drive Time - 4-5 hours.

On Day 4 we will have a day to explore Suchitoto, have a guided walking tour of the town, head out on a sunset boat trip or take a day trip to San Salvador.

Activity

Approximate Cost

Spend the night at the wonderful community centre of Centro Arte Para La Paz in Suchitoto, which runs many workshops and projects for the locals in the area

Included in Kitty

About Suchitoto:

Suchitoto is a reminder of El Salvador's past - a beautiful colonial town with painted houses and cobbled streets, it is a world away from modern El Salvador. The town overlooks the lake of Embalse Cerrón Grande, which is a haven for migrating birds, particularly falcons and hawks.

Day 6 to 7: Copán (Thu 14 Jan to Fri 15 Jan)

Border information: Exit El Salvador and enter Guatemala at Anguiatú. Exit Guatemala and enter Honduras at El Florido.

Today we will have a full day drive to Honduras, arriving at the small village of Copán.

Estimated Drive Time - 8 hours.

On the following day we will visit the spectacular Mayan ruins of Copán, followed by a free afternoon to explore some of the other highlights in the area.

In Copán we will stay in a local hotel.

Activity

Approximate Cost

Enjoy a guided tour of the magnificent ancient Mayan ruins of Copán

Included in Kitty

Visit the beautiful old Mayan stone carvings of Los Sapos, with fantastic views over the town of Copán

HNL 30

About Copán:

The ancient ruins of Copán are the southernmost of the great Mayan sites for which Central America is famed. The area was populated by Mayans coming from the region of Tikal, and the city flourished as a

major Classic period kingdom between the 5th and 9th Centuries CE. Copán developed a distinctive sculptural style, and the site is unique due to the 21 columns that have been found there that are heavily carved with reliefs depicting the passage of time and the lives of the Royal families. There are also a number of small pyramid-shaped temples and excavated vaults to explore on our visit there.

Day 8 to 9: Roatán (Sat 16 Jan to Sun 17 Jan)

Today we will drive to the town of San Pedro Sula and board a short local flight to Roatán, the largest of the famous tropical Bay Islands. On arrival we will transfer to the area of the West End Bay, where we base ourselves for our stay.

Estimated Drive Time - 4-5 hours.

The following day we have some free time to take part in optional activities and of course to relax and swim on the stunning Caribbean beaches here!

In Roatán we will stay in a local hotel near the beach.

Activity	Approximate Cost
Head out scuba diving to the beautiful coral reefs off the coast of Roatán	USD 50
Rent sea kayaks to explore the magnificent Caribbean waters surrounding Roatán island	Free
Take an exciting zip lining course on Roatán island	USD 45

About Roatán:

Roatán is the largest of the Bay Islands, the famous islands in the Caribbean off the coast of Honduras and one of Central America's most scenic spots. This archipelago of coral islands set in the sparkling Caribbean is known for its laid-back atmosphere, and the culture of the seafaring islanders is very distinct from that of the mainland. The scuba diving and snorkelling around the reefs is said to be some of the best in the world and extremely good value, and there are a wealth of activities available here such as kayaking and simply relaxing on the superb beaches.

Day 10: Lake Yojoa (Mon 18 Jan)

Today we will start early to transfer back to Roatán's airport and catch our flight back to the mainland, rejoining the Dragoman Bus! We will then continue our journey east through Honduras to the beautiful countryside of Lake Yojoa

In Lake Yojoa we will camp for the night in the grounds of a lodge and brewery.

Estimated Drive Time - 3-4 hours.

Day 11 to 12: León (Tue 19 Jan to Wed 20 Jan)

Today we have a big drive day across the border to Nicaragua.

Approximate Drive time - 550km / 12 hrs

The following day we will have free time to explore the town's wonderful colonial architecture or to take part in the many optional activities available here.

In León we will stay in a centrally-located hotel.

Activity	Approximate Cost
Enjoy a fun and unique trip out to 'sand board' down the ash slopes of the Cerro Negro volcano	USD 30
Trek up the impressive active Telica volcano near León (please note that this is a fairly strenuous trek and you will need to be in good physical shape to participate - the trek usually takes about 6-7 hours)	USD 50
Visit the ancient ruins of León Viejo, the original settlement built by the Spanish before the town was moved in 1610	USD 35

About León:

The original town of León was founded by the Spanish in 1524, but was moved to its current location in 1610 after the original site suffered from a series of earthquakes - the ruins of the original site (now known as León Viejo) can be visited and are one of Nicaragua's most incredible historical sites. The city has an abundance of old colonial buildings and an extraordinary array of old churches, including the Cathedral Basilica of the Assumption of León, a Baroque-era cathedral that is the largest in Central America and has a very distinctive style. As well as this fantastic heritage, the city is a lively university town, and has a bewildering choice of optional activities available in the surrounding volcanic countryside - as such it is a fantastic stop on our trips through Nicaragua

Day 13: Granada, Masaya National Park (Thu 21 Jan)

Today we will take a short drive to Nicaragua's oldest city of Granada, a beautiful town which oozes with colonial charm! En route we will have an included visit to the traditional markets in the small town

of Masaya, and witness the incredible active caldera of the nearby Masaya volcano (if its volcanic activity isn't too high).

Estimated Drive Time - 4-5 hours.

In Granada we will stay in a centrally-located hostel, which has a mixture of private and dormitory rooms.

Activity	Approximate Cost
Visit the dramatic crater rim of the active Masaya volcano between León and Granada	Included in Kitty
Visit the traditional markets in Masaya village, famous for its local handicrafts	Included in Kitty
Visit the incredible San Francisco Convent and Museum in Granada, the oldest building in Central America dating from 1585	USD 2
Learn about the cultivation of cocoa and its manufacture into chocolate at the Choco Museo in Granada	USD 13

About Granada:

Granada is the oldest European-built city in the Americas, having been founded in 1524 - it was named after its counterpart in Spain, in honour of the recapture of the city from the Islamic Moors by the Catholic monarchy in 1492, which marked the end of the Moorish occupation of Spain. Being an important economic centre, the city saw many battles from English, French, Dutch and American pirates looking for supremacy over the area. Following Nicaragua's independence, the city entered into a bitterly-fought rivalry with León over which city should be the capital of the new country - in the end a compromise was agreed and the new city of Managua was constructed mid-way between the two!

Granada is a fantastic place to visit and explore, and has many exciting optional activities within reach.

About Masaya National Park:

In the stunning volcanic landscapes between León and Granada lies the incredible sight of the Masaya caldera. Formed by an eruption around 2,500 years ago and growing larger ever since, the caldera is a massive crater with a glowing red lava fire at the bottom, with pungent sulphurous fumes being almost continuously pumped out. It is a 'sub vent' into the colossal Las Sierras shield volcano that covers a wider area, and volcanic rocks and ashes still cover the area surrounding the caldera giving the place a very haunting atmosphere!

Day 14 to 15: Ometepe Island (Fri 22 Jan to Sat 23 Jan)

This morning we drive to the small town of San Jorge on the shores of Lake Nicaragua, Central America's largest lake. Here we will board a ferry to the stunning volcanic island of Ometepe, where we base ourselves in the port village of Moyogalpa and enjoy free time to explore on arrival.

Estimated Drive Time - 2-3 hours.

On the following day we will have free time to explore and take part in optional activities such as the challenging trek to the summit of the Concepción volcano that dominates the island, or seeing some of the mysterious ancient petroglyphs that are dotted through the landscape.

On Ometepe we will stay in a small local hotel.

Activity

Approximate Cost

Climb to the summit of the Madera volcano on Ometepe Island (please note that although this is an easier trek than up Concepción volcano, it is still a very strenuous hike and you need to have a high level of fitness to complete it - the trek usually takes between 7-9 hours)	USD 42
---	--------

Freely explore the mysterious pre-Columbian petroglyphs scattered around the island Ometepe	Free
---	------

Trek up to the stunning San Ramón waterfall in the forests near Madera volcano	USD 40
--	--------

About Ometepe Island:

The serene island of Ometepe is beautifully located in the middle of Lake Nicaragua and is formed of the volcanoes Concepción and Madera, which rise from the lake. The name of the island literally means "two volcanoes" in the Nahuatl language, from "ome" (meaning two) and "tepetl" (meaning mountain). The island's wonderful hourglass shape is home to great beaches, deep jungles, beautiful lakes and fantastic waterfalls, which are wonderful to explore on some treks around the island. For the fit and the daring, you can even try to trek to the summit of Concepción itself!

Ometepe has some unique petroglyphs dotted throughout the island, traces of the mysterious Niquirano civilisation that once occupied the island - the oldest of these date back to around 300 BCE, and many can be seen on your explorations of the island.

Day 16 to 17: La Fortuna (Sun 24 Jan to Mon 25 Jan)

Border information: Exit Nicaragua at Peñas Blancas, enter Costa Rica at Peñas Blancas.

Today we will take an early morning ferry back to San Jorge and drive to La Fortuna in Costa Rica, a stunning town under the shadow of the mighty Arenal volcano.

Estimated Drive Time - 4-6 hours.

On the following day we will have a free day to take optional treks through the incredible surrounding volcanic landscapes or forest canopies, or get involved in many different adventure activities such as zip-lining, white-water rafting, and canyoning. La Fortuna is also famous for its outstanding hot springs, which we will have the opportunity to visit.

In La Fortuna we will stay in excellent cabanas outside of town.

Activity	Approximate Cost
Take a fantastic white-water rafting trip on the Balsa or Sarapiquí rivers near La Fortuna, some of the best rafting areas in Costa Rica	USD 69
Take a intense canyoning trip into the rugged gorges of the jungles near Arenal, including several waterfall abseils	USD 100
Learn all about the intricacies of Costa Rican cuisine on a cooking class in La Fortuna	USD 45

About La Fortuna:

The small town of La Fortuna is dominated over by the huge conical volcano of Arenal. The town was founded in the 1930s, and was renamed to "La Fortuna" (meaning "fortune") in 1968 when the previously dormant volcano unexpectedly erupted and engulfed nearby villages - the current name was given to it to mark the good fortune that it was not also buried by the eruption. Between 1968 and 2010 Arenal was one of the world's most active volcanos, and could be relied upon to erupt on most days - however in 2010, the volcano suddenly stopped erupting and has been dormant once more since then!

La Fortuna is a beautiful and serene town, with the mighty volcano as its iconic backdrop. It is one of Costa Rica's most popular spots, and visitors are absolutely spoiled for choice when it comes to optional activities - there are forest treks to the 70m-high Catarata de la Fortuna waterfalls, whitewater rafting trips, zip-lining, canopy walks, horse riding, amongst many other options. After all this activity, you can enjoy a relaxing evening at one of the area's excellent volcanic hot springs.

Day 18 to 19: Monteverde (Tue 26 Jan to Wed 27 Jan)

Today we will leave our overland vehicle behind and transfer by taxi and boat into the dense cloud forests and coffee plantations of Monteverde, a stunning area offering an incredible diversity of flora and fauna.

Estimated Drive Time - 3-4 hours.

On the following day we will have an included guided walk on the trails of the Monteverde Cloud Forest National Reserve, followed by a free afternoon to visit some of the town's highlights or enjoy some adventurous activities such as canyoning or horse riding.

In Monteverde we will stay in a local hotel.

Activity

Approximate Cost

Take a guided trek to explore the stunning forest trails of the Monteverde Cloud Forest Reserve, learning all about the fascinating and beautiful ecosystem there

Included in Kitty

Take an exhilarating off-road quad biking trip around the stunning countryside of Monteverde (driving licence required)

USD 70

Explore the incredible cloud forests of Monteverde at the tree-top level on a 3km canopy bridge circuit

USD 30

About Monteverde:

Monteverde and the cloud forests which surround it are considered one of the top destinations to visit in Costa Rica, and certainly one of the top eco-tourism destinations in the world. The bulk of Monteverde's rainforest and cloud forest can be found in the Reserva Biológica Bosque Nuboso Monteverde, which attracts huge numbers of naturalists each year and the area is one of the best in Central America to try to spot the indigenous birdlife such as the Resplendant Quetzal.

The cool hills of the area is perfect for the growing of coffee, Costa Rica's most famous export - it is possible to visit several plantations around Monteverde to learn more about the process of coffee cultivation. The beautiful rich cloud forests are also perfect for trekking, canopy walks, and other activities such as zip-lining through the valleys and treetops!

Day 20: San Jose (Thu 28 Jan)

Today we will drive to the vibrant city of San Jose, where you have time to explore the historic neighbourhoods, visit some of the museums or galleries and enjoy some live music.

Expected drive time: 150km / 4-5hrs

In San Jose we will stay in a comfortable hotel.

About San Jose:

San Jose is situated in a valley surrounded by coffee plantations. It is a modern city with all the facilities that one would expect from a cosmopolitan capital. We spend a couple of days here and there's an option to try a days white-water rafting. There are a number of things to see in the city including a chance to visit the excellent gold museum that shows off a fine collection of pre-Colombian artefacts.

Day 21: San Jose (Fri 29 Jan)

Border information: If you are leaving Costa Rica today, you will most likely exit Costa Rica at Juan Santamaria Airport (SJO).

Today is the final day of our journey. Please note there is no accommodation included on the trip tonight - please contact the Dragoman Sales team if you are interested in booking extra nights of accommodation.

IMPORTANT NOTES

The routes, activities and places visited described in these trip notes are intentions and are meant as a rough guide only.

These trip notes have been compiled to help you prepare for your journey once you have booked. They include the full itinerary and dates, and information about kit lists, meeting hotels, insurance, vaccinations, visas, and other information that will help you get ready for your trip.

We update these notes regularly, so please ensure you have an up-to-date version of these trip notes.

We intend to follow the planned route but exact night stops and inclusions cannot be guaranteed. It sometimes happens that we decide to make a change to our planned itinerary. This may be for a variety of reasons - climatic, road or bureaucratic conditions may demand it. By their very nature, overland itineraries need to be flexible and the regions that we are travelling through are often unpredictable. We run adventure journeys in off the beaten track areas, which often have poor infrastructure. You should expect that some of these areas do not adhere to 'Western' safety standards.

PHYSICAL PREPARATION

PHYSICAL PREPARATION FOR CENTRAL AMERICA ITINERARIES

Central America is diverse continent so you should therefore be prepared for the adventure. There will be time for hiking and other activities such as horse riding, and you will need to be reasonably fit to participate in everything on offer.

Overland travel can be demanding - long, rough travel days, dusty conditions can be challenging to some. You will need to be fit enough to help every day with the camp chores (cooking, washing up, general camp set up) as well as putting up and taking down your own tent. There are some long driving days and some early morning starts.

The step up into the overland vehicle, while not overly high can become tiring and you need to judge yourself to be physically fit enough to haul yourself up and down the step at least 8-10 times a day. The Central America trips have a good range of hotel accommodation mixed up with camping so that life is not too rough.

We will be travelling to areas in remote locations where medical assistance will not be available. If you have a medical condition such as a heart condition that would put you at risk, we would suggest that this is not the trip for you. Also, please be aware that should an emergency occur, there is likely to be a considerable delay in accessing medical care, and by joining our trip you accept this risk.

VISA INFORMATION

Many countries that we visit on our travels will require visas to enter. Some are best obtained before you leave home, and others can be obtained en-route. Whilst the ultimate responsibility for obtaining visas is yours, we will endeavour to assist you wherever possible.

The visa requirements for your trip vary depending on where you are from and where you are going. The information provided is given in good faith and we do try to keep the visa information as up to date as possible. Please read the information very carefully to make sure everything is clear and you aware of what you need to do. Please also be aware that rules surrounding visas do change, often suddenly, and without prior warning. This is why it is important that you also double-check the information we provide for yourself.

For visas that are needed in advance, you may wish to submit the applications directly to the relevant embassy or consulate. If you require any supporting documentation for your visa applications, Dragoman will obtain this on your behalf as part of your trip price - we will contact you to request additional information in order to make this application for you.

However, for trips that involve multiple visas, you may find it beneficial to use a specialist visa agency to assist you with your applications. While this does sometimes increase the cost, it usually makes the process much easier for you.

As you will often need to submit your passport together with your applications, we recommend that you avoid making any travel plans in the weeks leading up to your departure.

Most countries require that your passport is valid for at least 6 months after your entry into the country.

For trips that are not yet guaranteed, you may find yourself in the position whereby you will need to start the visa application process prior to your trip being guaranteed - in this situation we still advise you **not** to purchase flights until your trip is guaranteed. However, you **can** start your visa application process, ensuring that when applying for your visas or letters of invitation that you allow several days before and after your entry into the country to allow for delays, availability of flights, etc.

GUATEMALA

Citizens of the UK, Ireland, Australia, New Zealand, USA, Canada and all EU countries **will not** need a visa to visit Guatemala as a tourist for up to 90 days.

Citizens of other countries should check with the relevant consulates as to whether a visa is required. If a visa is required, you will need to obtain it **in advance**.

A valid yellow fever vaccination certificate is required from travellers coming from [areas with risk of yellow fever transmission](#) (including transiting through an airport in an area of risk).

EL SALVADOR

Citizens of the UK, Ireland, Australia, New Zealand, USA, Canada and all EU countries **will not** need a visa to visit El Salvador as a tourist for up to 90 days. Certain nationalities will need to buy a tourist card on arrival at the border for USD10.

Citizens of other countries should check with the relevant consulates as to whether a visa is required. If a visa is required, you will need to obtain it **in advance**.

A valid yellow fever vaccination certificate is required from travellers coming from [areas with risk of](#)

[yellow fever transmission](#) (including transiting through an airport in an area of risk).

HONDURAS

Citizens of the UK, Ireland, Australia, New Zealand, USA, Canada and all EU countries **will not** need a visa to visit Honduras as a tourist for up to 90 days.

Citizens of other countries should check with the relevant consulates as to whether a visa is required. If a visa is required, you will need to obtain it **in advance**.

A valid yellow fever vaccination certificate is required from travellers coming from [areas with risk of yellow fever transmission](#) (including transiting through an airport in an area of risk).

NICARAGUA

Citizens of the UK, Ireland, Australia, New Zealand, USA, Canada and all EU countries **will not** need a visa to visit Nicaragua as a tourist for up to 90 days. All visitors will need to buy a tourist card on arrival at the border for USD10.

Citizens of other countries should check with the relevant consulates as to whether a visa is required, and whether it will be necessary to obtain it in advance.

COSTA RICA

Citizens of the UK, Ireland, Australia, New Zealand, USA, Canada and all EU countries **will not** need a visa to visit Costa Rica as a tourist for up to 90 days.

Citizens of other countries should check with the relevant consulates as to whether a visa is required. If a visa is required, you will need to obtain it **in advance**.

A valid yellow fever vaccination certificate is required from travellers coming from [areas with risk of yellow fever transmission](#) (including transiting through an airport in an area of risk).

FLYING TO CENTRAL OR SOUTH AMERICA VIA THE USA OR CANADA

If your flight to Central or South America goes via the USA, then you **must** obtain an Electronic System for Travel Authorization (ESTA) before travel (except for citizens of Canada, who will not require this). Citizens of the UK, Ireland, Australia, New Zealand, Japan, South Korea, Taiwan and most EU countries are part of the USA's Visa Waiver Scheme and are eligible to obtain an ESTA.

An ESTA must be obtained **online** and **in advance** via the following link and paying the appropriate fee - <https://esta.cbp.dhs.gov/esta/> - please note that you will be denied boarding your flight if you do not have this arranged.

If you are not eligible for an ESTA, then you will have to obtain a B-1/B-2 visa for temporary visitors, and you will need to obtain it **in advance**. In this case it would be advisable to book flights that do not go via the USA.

Please note that if you have travelled to Iran, Sudan, Iraq or Syria since March 2011, or hold dual-nationality with one of these countries, then you will not be eligible for an ESTA and must instead apply for a visa. There are some exceptions to this, please see the following link for more details - <http://www.state.gov/r/pa/prs/ps/2016/01/251577.htm>.

Similarly, if your flight to Central or South America goes via Canada, then you must obtain a Canadian Electronic Travel Authorisation (eTA) before travel (except for citizens of the USA, who will not require this). Citizens of the UK, Ireland, Australia, New Zealand, most EU countries, South Korea and

Japan are part of Canada's Visa Waiver Scheme and are eligible to obtain an eTA.

An eTA must be arranged **online** and **in advance** – please go to <http://www.cic.gc.ca/english/visit/> , apply and pay the appropriate fee.

If you are not eligible for an eTA, then you will have to obtain a Temporary Resident Visa, and you will need to obtain it **in advance**. In this case it would be advisable to book flights that do not go via Canada. Please note that several Eastern European nationalities will need a visa.

PERSONAL SPENDING

PERSONAL SPENDING - NORTH AND CENTRAL AMERICA

Based on the range that previous travellers have spent on trips in North and Central America, we recommend you allow between USD20 and USD40 per day.

This will cover individual expenses such as drinks, meals whilst out and also when staying in hotels, souvenirs, tips, and personal permits.

NORTH AND CENTRAL AMERICA CURRENCIES AND CASH

It is not really worth trying to buy local currencies before you travel. Do also bear in mind that many countries have strict regulations about the amount of their own local currency you are allowed to import - if you are found with amounts in excess of the allowed amounts, it may well be confiscated!

For obvious security reasons we hesitate to recommend you bring lots of cash with you, a sensible mix of cash and cheques and ATM cards is best. However, most of our past passengers have said they wished they had been told to bring more cash. Apart from the convenience of being able to change money in many more places, you will sometimes get a much better exchange rate for cash. ATMs are everywhere through North and Central America so it is very easy to withdraw cash as you go, and throughout this region the US Dollar is king.

WHAT ELSE YOU NEED TO KNOW

Overland Lifestyle and Trip Suitability

Dragoman was founded in 1981, and has had many years of experience of leading overland trips across 4 continents. Overlanding is all about sharing a great travelling experience with like-minded people. On your trip you'll travel in one of Dragoman's purpose-built iconic expedition vehicles on an off the beaten track adventure along rugged roads, experiencing the sights, sounds and smells of the world up-close. Your journey will be overland, sometimes across vast distances, so some long days spent driving are inevitable - but these will be interspersed with breaks of a day or two at a destination or activity. On an overland journey, you are more than just a passenger and everyone gets involved setting up camp - we supply the tent but it's up to you to pitch it! As part of your trip, you will be assigned a truck job which could be collecting firewood or water, luggage loading, organising food, stores, etc.

Like all great adventures, the more you put in the more you'll get out!

We are looking forward to welcoming you on one of our overland journeys, but before we do there are a few things we would like to draw to your attention.

[Back to top ^](#)

Who Travels with Dragoman?

Our groups are made up of people from around the world, and are always an interesting mix of nationalities and ages. On average there is a pretty even split between males to females, and between solo travellers, couples and small groups of friends. We believe that overlanding should be open to as many people as possible, and so although we have a minimum age limit of 18 (or 7 on our Family Trips),

as long as you are fit, healthy and passionate about travel, we are happy to take you, whatever your age is. One of the wonderful aspects of group travel is the camaraderie and friendships that are formed along the way, and the variety of people that you will meet.

[Back to top ^](#)

Group Size

The maximum group size we take on our overland journeys ranges from 19 to 22 depending on the geographical location; however the average number of passengers is more likely to be around 16.

Please note that there is an overlap of 2 trips in Cuzco and during the Inca Treks. This means a group starting a trip in Cuzco will embark on the Inca Trail at the same time as a group finishing in or travelling through Cuzco. In practical terms this means there could be more than 22 group members in Cuzco and on the Inca Trail at the same time.

Please note that there is also an overlap of 2 trips in Zanzibar. This means a group starting a trip in Nairobi, for example, will visit Zanzibar at the same time as a group starting their trip there. In practical terms this means there could be more than 22 group members in Zanzibar at the same time.

Please also note that on some departures there may be more than one truck doing the same route. This means that you will be in the same hotel or campsite as another Dragoman group on some days. To ensure that you are not always at the same place at the same time as another group, your itinerary will most likely be slightly altered from the itinerary advertised in these trip notes.

Our Crew and Guides

Our crew are passionate about travel and are always up for adventure. It takes someone special to become a Dragoman leader. Our crew undergo the most intensive training program of all the overland companies, spending 8 weeks learning the ropes at our base in Suffolk, UK, and then up to 6 months on the road as a trainee. Our crew are trained to manage and operate the trip safely and efficiently and their duties include: planning the trip according to the itinerary, driving and maintaining the truck, securing services of local guides, general logistics, health and safety, liaising with bureaucracy, dealing with issues where needed and offering advice and support to our customers. In addition they have a basic knowledge of the places visited and will be able to offer suggestions of things to do and see. Dragoman endeavours to provide the services of experienced crew, however, due to the seasonality of travel, situations may arise where your tour leader is new to a particular region or training other crew, new to the area.

On all Dragoman overlanding trips, we usually have 2 western crew but please be aware that there may be times when one crew member has to leave the trip due to unforeseen circumstances such as visa issues, illness of a group member, etc. On some of our trips we have 1 western crew and 1 local driver instead of 2 western crew. On trips south of Nairobi in East and Southern Africa we will also have an African camp master/cook who is in charge of running the camp and organising all of the meals. Their knowledge of the local produce makes shopping at the markets great fun and you will learn how to prepare and cook some unusual dishes.

On the majority of our trips in Ethiopia, Sudan, Central Asia, China and South East Asia, in addition to our crew we will have a local guide on board who will travel with us for the entire duration of our time within one country. In these cases, the local guide becomes a third crew member and is able to offer their local knowledge as well as an insight into their country and the lives of the local people.

In most other areas of Africa, the Americas, India and Turkey, in addition to our crew we will employ local guides in specific locations of interest (for just a few hours up to a few days).

Your crew have a duty of care to all members of the group and therefore they have the authority to ask you to leave the trip if you require serious medical assistance, you are behaving in an anti-social manner or refuse to comply with local laws and customs. In all matters relating to the trip, the leader's decision will be final and we appreciate your respect of this.

Accommodation on Tour

Dragoman's overland trips are designed for shared accommodation, whether camping or staying in hotels or hostels, and therefore do not involve a single supplement. Whilst our crew will do their best to accommodate couples travelling together in twin rooms, all our travellers should expect to stay in multi-share accommodation when staying in hostels, gers or yurts.

The type, variety and standard of accommodation will vary greatly depending on what options are available at the time; hotels can vary from very basic rooms without electricity or running water to high standard hotels with good facilities! Generally in hotels most rooms will be single sex, twin-share, but in South America many rooms are triple/quad-share. Hostels, gers and yurts are nearly always multi-share and may be mixed sex.

The campsites will range from rather basic to those with excellent facilities, including swimming pools, restaurants and bars. In some cases it may also be possible to upgrade locally to bungalows, lodges or even tree-houses. One of the highlights of overlanding is that in more remote areas we will camp away from the tourist crowds. Occasionally on some of our trips we are able to stay in villages or local homestays allowing us to get close to the indigenous population and ensuring that our money stays within the local community.

[Back to top ^](#)

The Kitty

In addition to the trip price on our overlanding trips, you will also be required to pay a kitty specified for your trip (please note that there is no kitty on our Family Trips). The kitty is payable in installments at the start of each section of the trip for combination trips, and in full at the start of the trip for individual trips. Each customer joining a trip pays their kitty into a central fund. The fund is managed by the Dragoman crew and the kitty accounts can be viewed by all throughout the trip.

The kitty covers all things that the whole group does, such as:

- Hotel accommodation and campsite fees
- Meals whilst camping (not whilst staying in hotels)
- Activities listed as included (e.g. National Park or historical site entrances, excursions, etc.)

The kitty system is unique to overlanding and allows us to have flexibility and transparency on our trips. You can see exactly how your money is being spent and ensure that you are getting the best value by buying locally. It also helps to keep the costs competitive and save on administration costs so that we can pass the saving on to you. Dragoman makes NO PROFIT on kitties, as they are the group's fund. If there is money left in the kitty at the end of your trip, then this is divided between the group and you receive a refund.

Once you book your trip it is very important that you check our website on a regular basis and just before departure for any changes to the kitty amount. We constantly update the kitty prices on our website and the kitty advertised in the brochure is an estimate at the time of printing. Prices can go up or down with no notice, and exchange rate fluctuations will affect costs.

The kitty is payable in full at the start of your trip (in instalments at the start of each individual trip on combination trips). Alternatively you can pay in advance via a bank transfer 3-4 weeks before the start of your trip - please see http://www.dragoman.com/files/Kitty_doc_v10.pdf for more details - this information sheet will also be sent in your booking confirmation upon booking a trip and can be found on www.dragoman.com/overlanding/planning-your-trip/money. Please also note that prepayment is not available for our trips to West Africa, Iran, Tajikistan and any trip in Africa north of Nairobi.

If you are bringing the kitty out in cash, please ensure your USD notes (EUR notes if your trip goes through West Africa) are clean and undamaged and **no more than 8 years old**. If needed, your tour leader will be able to accept some of the kitty in local currency, and they will let you know the exchange rate locally. In most destinations you can withdraw local currencies from ATM machines, using either a cash passport or a credit/debit card. However, please bear in mind that most cards have a maximum withdrawal amount per day, local ATMs may run out of cash, and your bank could block the card despite you warning them of your travel plans, so it could be impractical to try to get the entire kitty out from an ATM.

We cannot accept traveller's cheques on our trips.

[Back to top ^](#)

Meals and Group Participation

On an overland journey you are more than just an individual passenger - you're part of the team. You are expected to pitch in to set up camp, shop for food, cook and generally help out. As part of your trip you will be assigned a truck job which could be collecting water and firewood, sweeping out the truck, loading the back locker, etc. While camping on overland journeys, the meals are included in the kitty. This means that you will have to work together to cook for everyone in your group. You will be divided into smaller units of 3-4 people and take it in turns to cook for the whole group according to a rota system. When it is your group's turn to cook you will have to plan the meal, shop for the ingredients in local markets or supermarkets and then prepare the meal for the whole group. The secret to cooking for 20+ people using a basic camping kitchen is to keep it simple! (On trips south of Nairobi we have a cook on board the truck; however you will still be required to help them to prepare meals).

An example of a typical camp breakfast might be toast with spreads, fruit and cereal as well as tea and coffee. When time allows it will also be possible to serve something hot such as eggs or pancakes. Lunch is almost always a sandwich heaped high with healthy salad and assorted fillings, with fruit to follow. Dinner might be a BBQ, risotto or pasta dish and there is always the chance to try some local cooking. Generally our passengers find the more they put into a trip, the more they benefit from it.

[Back to top ^](#)

Dietary Requirements

If you have any dietary requirements please tell us at the time of booking and tell your crew at your welcome meeting. Our crew will try to cater for any particular dietary requirement or food intolerance whenever possible. However, it must be remembered that it may not always be possible and the variety of dishes may be severely limited in comparison to those available to others. If there is anything in particular you require in your diet, that you would miss from home, or because of an allergy would miss out on, it would be best to bring this with you. Depending on your particular requirements, you may need to allow yourself some extra spending money to allow you to purchase extra food items.

[Back to top ^](#)

Itineraries

Our itineraries are developed and published with the best of intentions, however travel in more remote areas of the world is unpredictable - borders can close, there can be extreme adverse weather, strikes or maybe mechanical issues that affect the running of your trip, but equally due to the nature of our trips we can often spontaneously include a local festival or event into the itinerary. This being said, the safety of our passengers, leaders and operators is a priority for us. With this in mind we monitor world events very closely. By the very nature of the adventure travel that we take, there are risks and hazards that are inherent in our itineraries. We make operational decisions based on informed advice from a number of sources, including the British Foreign and Commonwealth Office travel advice, reports from other travel companies and local suppliers, leaders' reports from off the road and local contacts we have built up over many years of experience.

[Back to top ^](#)

British Foreign Office Travel Advice and Warnings

Dragoman follows the British Foreign Office Travel advice when deciding where and where we are unable to travel. We will base our decisions on itineraries and alterations to published routes based on their advice rather than the advice of other governments. We will advise you of any significant changes in advice before travel or whilst you are overseas.

However, we recommend you check the latest travel advisories from your own government for the country you are travelling to before you book and prior to departure. If there are any travel warnings present for the region you will travel to, as well as considering whether you are happy to travel despite the warning you must also check to ensure that it is not invalidating your travel insurance. Here are a few useful addresses:

UK - www.gov.uk/foreign-travel-advice

Australia - <http://www.smartraveller.gov.au/>

New Zealand - <http://www.safetravel.govt.nz/>

United States - <https://travel.state.gov/content/passports/en/country.html>

Canada - http://www.voyage.gc.ca/countries_pays/menu-eng.asp

We also recommend that you check out the UK Travel Aware website before you travel at <https://travelaware.campaign.gov.uk/>. This website offers straightforward travel advice, top tips, and up-to-date country information to help you plan a safe trip.

[Back to top ^](#)

Health

You need to be in good physical health in order to participate fully in our trips. When selecting your trip please make sure you have read through the itinerary carefully and assessed your ability to cope with our style of travel. To help you assess if this trip is suitable, please refer to the physical rating. The ratings for each trip are a good indication of how challenging they are and in some cases you should be prepared for some long driving days and possibly limited facilities. We are always happy to give extra advice if you have additional concerns. Please note that if, in the opinion of our leader, you are unable to complete the itinerary without undue risk to yourself and/or the rest of the group, Dragoman reserves the right to exclude you from all or part of the trip without a refund.

You should consult your doctor for up-to-date medical travel information prior to travel, particularly if you have a pre-existing medical condition. You must also declare any pre-existing medical conditions to your travel insurers upon purchase and provide evidence to us prior to departure that your pre-existing medical condition has been declared to your insurers. Failure to do so will mean that you are unable to join the trip.

Extreme Environments

There may be periods of time within your trip when you meet extreme conditions, such as extreme heat, extreme wind, extreme cold, extreme humidity, extreme altitude, extreme crowds etc. Whilst our crew will let you know at the time when you are likely to meet these conditions, please ensure that you have read through the trip notes carefully and researched the local weather conditions at the time and that you feel that you are fit enough to cope with these conditions. If you have any doubts at all, please contact us to discuss your concerns prior to booking, and when on trip, if you find that the local conditions are causing you concern at any time, please be sure to let your trip leader know so that appropriate precautions can be discussed.

[Back to top ^](#)

Altitude

Some pre-existing medical conditions are known to severely worsen at high altitude and be difficult to adequately treat on the ground, leading to more serious consequences. It is imperative that you discuss your pre-existing medical condition/s with your doctor. We understand certain medications are reported to aid acclimatising to high altitude; please discuss these options with your doctor. For trips that travel to areas of high altitude, the tour leader will issue you with a self-assessment altitude questionnaire which allows you to monitor how you are coping with the altitude and informs you of danger signals so that you can report these as soon as possible, either to the tour leader or a medical professional.

[Back to top ^](#)

Yellow Fever

A valid international certificate of vaccination against Yellow Fever is required in many countries. You may need to present this on arrival at the airport or border crossing. Some countries will refuse entry if you are unable to present your certificate. It's also quite common for your home country to request a Yellow Fever certificate on your arrival back home.

It is your responsibility to check with your doctor well in advance of leaving home about the Yellow Fever requirements for the countries you'll be visiting.

Malaria & other mosquito-borne diseases

There is a risk of contracting malaria in some areas which we travel through. If your trip goes to a areas with malaria it is always best to get expert advice before travelling about the types of malaria pills available, whether they are recommended, and take any that are prescribed as instructed. Consult your GP or travel clinic for the most up-to-date requirements.

Other mosquito-borne diseases such as yellow fever, dengue fever, chikungunya and Zika are continuing to spread and are becoming a bigger problem around the world. Mosquito bite prevention is vital to avoid contracting any of these diseases, as there are no vaccines or specific treatments available. Health professionals have issued warnings for pregnant women travelling to areas affected by the Zika virus. For more information about Zika please visit:

- WHO: www.who.int/en/news-room/fact-sheets/detail/zika-virus
- Center for Disease Control and Prevention: www.cdc.gov/zika

The Anopheles mosquitoes that transmit malaria usually bite between the hours of dusk and dawn, whereas the Aedes mosquitoes that transmit yellow fever, dengue fever, chikungunya and Zika bite both during the day and the night. To prevent being bitten, it is recommended to cover up by wearing long-legged and long-sleeved clothing, preferably light-coloured and buttoned at the wrists. Do not sleep without closing your windows, tent door, etc. and use a mosquito net in hotels or if sleeping outside where there are mosquitoes present. Use mosquito repellent applied directly to your skin or soaked into your clothing. Treating clothes and mosquito nets with a Permethrin solution also provides significant protection. It should be available at most travel stores. Mosquito coils are useful on still nights and in hotel rooms, but cannot be used inside the tents. For more advice on how to avoid bites please see: www.travelhealthpro.org.uk/factsheet/38/insect-and-tick-bite-avoidance

[Back to top ^](#)

Vaccinations

Recommended vaccinations and other health protections vary according to different regions and recent bulletins issued by health authorities. It is essential to get the latest specific health advice on the regions and countries you are planning to travel in, so please check with either your doctor or travel clinic in good time before you travel. The following websites are also a helpful resource: www.nathnac.net and www.fitfortravel.nhs.uk

In the UK, we have been working with Nomad Travel for many years and their website has comprehensive, up-to-date vaccination and health information. You will receive a 10% discount off all vaccinations given at Nomad Travel clinics.

[Back to top ^](#)

Safety & Security

At Dragoman your safety is of paramount importance and we will do our best to ensure that your travel with us is safe and trouble-free, but we do ask that you take that little bit of extra care whilst you are away and to understand about the nature of this style of travel.

Of course we want you to have an enjoyable time, but you must also remember that part of the enjoyment of travel is experiencing a different way of life and cultures. This may also mean experiencing different safety and hygiene standards than those you are normally used to.

Therefore, please take note of the following safety tips and follow any local safety advice or briefings delivered by our crew or any third-party suppliers we use during your trip.

[Back to top ^](#)

Transport Safety

- Our own vehicles have fully-fitted seat belts; make sure you always belt up.
- If you find a safety belt inoperable or missing on one of our vehicles, please inform the crew

immediately.

- Unfortunately, we cannot guarantee that other vehicles we may use or recommend in some countries will be fitted with seat belts on every seat as it is not a legal requirement in much of the world.
- Please remain seated on board vehicles at all times when the vehicle is in motion.
- Never place luggage in the aisles or foot wells.
- Ensure you know where your nearest Emergency exit is; this may be a designated emergency exit, a window, a door, or a roof hatch.
- Check the location of the fire extinguisher and first aid kit.
- Follow any safety instructions provided by the crew/driver.
- Our vehicles are fitted with roof seats which can be used in certain conditions, such as when driving at low speeds, off main tarmac roads, etc. The roof hatches can only be opened and the roof seats used with the express permission of the crew and you must never sit in the roof seats without seat belts.

Road Safety

- Traffic in some countries travels on the opposite side of the road to what you may be used to, so ensure you look both ways before crossing the road.
- In many countries vehicles do not automatically stop at crossings and driving styles may be very unpredictable, so please remain very vigilant when near roads and vehicles.
- Crash helmets are often not provided with mopeds and motorbikes overseas – we do not recommend you hire these vehicles.

[Back to top ^](#)

Fire & Other Safety - Hostels/Hotels/Homestays

- Ensure you know where your nearest fire exit is and check to ensure that it is operative.
- Check the location of the nearest fire extinguisher.
- Study the fire instructions in your room if available.
- Identify how to raise the alarm if a fire occurs.
- If a fire occurs, leave immediately; do not stop to collect your effects.
- Proceed to an assembly point well away from the building.
- Electrics in hotels in many of the places that we visit will not be up to the same standards as at home. Please ensure that you check rooms, especially bathrooms and are aware of any issues that look unsafe. If in doubt inform the crew who will endeavour to sort the situation out if possible.
- Staircases and stairwells are often built to a very different design than under western building standards. There may be no guard rails, be excessively steep, have dangerous gaps between the stairs and the wall, etc. At all times be aware and take appropriate and prudent care.
- We often stay in homestays and farmstays. These may range from a traditional yurt through to a tree house or a town house. As these are traditional homes, they may well not adhere to our western standards of safety and so it is important that you make yourself aware of potential risks.
- If in doubt please inform the crew of any safety issues with the hotels/hostels or homestays.

Fire Safety - Campsites

- Ensure you know where the nearest source of water or fire extinguisher is.
- Know how to raise the alarm.
- Extinguish all camping fires fully before retiring to bed.
- Observe any regulations regarding fires and bushfires in dry conditions.
- Identify how to raise the alarm if a fire occurs.
- If a fire occurs, leave immediately; do not stop to collect your effects.
- Proceed to an assembly point away from the tented accommodation/affected campsite.

Other Campsite Safety & Security

- Familiarise yourself with the campsite and any known hazards.

- Group the tents around our vehicle wherever possible.
- No open flames, smoking or flammable liquids in or near the tents.
- Ensure the cooking area is well away from the tents.
- Ensure all water for cooking and drinking is purified first.
- Ensure any soil toilets are a minimum of 50m away from the tents and the cooking area.
- All food waste should be burned or buried a minimum of 100m away from the site.
- Ensure local advice is followed concerning any wildlife in the area.
- Keep valuables locked in the vehicle.
- Be aware of any local security issues that might be important.
- Do not set out tents close to perimeter fences which may be a security risk.
- Be aware of the security arrangements and local guards for campsite and if in doubt ask them where and where not to pitch tents.
- If in doubt please inform the crew of any safety issues with campsite.
- When wild camping, ensure that you do not wander away from the camp alone. If you do leave camp, ensure that you have notified the leader or other members of the group.

Food Safety

- Make sure your food has been thoroughly cooked.
- Hot food should be hot, cold food should be cold.
- Avoid any uncooked food, except fruit and vegetables (notably those you can peel or shell yourself).
- In many countries you should only drink bottled water or purified water and ensure any seal is intact when purchasing bottles.
- On the Dragoman vehicles we have a tank of drinking water that is kept purified by the crew.
- Avoid ice in drinks as this can cause upset stomachs in hot climates.
- Make sure you wash your hands in antibacterial product when preparing and/or eating food.
- Many of the restaurants that you will eat in, either as a group or as individuals, will NOT have the same standards of food hygiene as we have in the western world. Unfortunately this is a reality of life in these regions. Therefore please think carefully about where you eat, what food you order and be aware of the risks.

[Back to top ^](#)

Personal Safety

One of the real advantages of overland travel is that the vehicle provides a very real level of security when travelling. There is no doubt that a properly-equipped overland vehicle, with safes, fully lockable doors and windows is an obvious advantage when travelling in much of the world. Generally speaking, you will not be travelling on local public transport and will have the added security of travelling in a group with experienced crew on-hand to offer advice. We have come up with a few pointers that we recommend you follow:

- Follow the crew's specific safety advice in each destination.
- Always remain aware and vigilant, and stay away from situations where you do not feel comfortable.
- Avoid carrying too much money.
- Always avoid carrying your passport, driving licence, air tickets, and other valuable items around with you unless this is essential. Instead, keep valuables such as this locked away in the truck's safe, or the safety deposit box in the room or reception of the hotel/hostel.
- If you are carrying cash, cards or valuables, use a money belt or neck wallet which are more easily concealed and more difficult to pickpocket.
- Do not take any valuable jewellery, watches, etc. away with you in the first place.
- Avoid walking in poorly lit areas.
- If possible avoid walking around on your own; it is always safer to explore with others.
- Always try to walk with confidence and purpose, which will help you avoid looking like a lost tourist!
- Take special care when walking to avoid spraining or twisting your ankle on potholes, cobbles and uneven ground.

[Back to top ^](#)

Activity Safety & Optional Activities

You will have the opportunity to take part in many exciting activities and excursions, some of which are included (e.g. hiking the Inca Trail, trekking to see Mountain Gorillas, visiting the Taj Mahal, etc.), whilst others are optional (e.g. white water rafting in Uganda, zip-lining in Costa Rica, etc.). Some of these activities require a certain level of fitness, so it's important that you read through the trip notes thoroughly and make your own conclusions as to whether you feel that you are fit and healthy enough to enjoy this trip and its activities to their fullest.

Some activities may have higher risks than you are used to and you must judge whether or not you wish, or have the physical ability, to take part.

Please note that riding helmets are mandatory for all optional and included horse riding activities. This is an insurance requirement.

Optional activities mentioned by Dragoman are not included in the trip price or kitty, and do not form part of your contract with Dragoman. As such you accept that any assistance given by Dragoman crew members or local representatives in arranging optional activities does not render us liable for them in any way. The Dragoman crew are assisting you in arranging these activities for your added enjoyment whilst on your trip. The operators of these services and optional extras are local suppliers who contract directly with the client 'on the road', subject to and in accordance with their own terms and conditions. Dragoman accepts no liability for any action or activity undertaken by the client which is arranged independently of Dragoman while on tour. Crew may take part in an optional activity but do so as private individuals and not as company representatives.

Please use your own good judgement when selecting an activity in your free time.

Ensure that you use the appropriate equipment on optional activities, including life jackets, helmets, etc. This is especially important on activities such as horse riding, white-water rafting, etc.

Always ensure that your travel medical insurance covers you for all included and optional activities that you wish to participate in.

[Back to top ^](#)

Included Activities

Included activities are listed in the day-to-day itinerary, all other activities are optional and at your own expense. If you choose not to participate in the included activities on this itinerary, the cost will not necessarily be refunded; this is something you will need to check with your leader.

[Back to top ^](#)

Optional Activities

A selection of optional activities is listed in the day-to-day itinerary. This list is designed to be a helpful guide as to what is commonly available in each location, and is neither an exhaustive list, a guarantee that the activity is available, or an endorsement or recommendation. Please note that certain activities may not be available on your particular visit if they are overbooked, underbooked, out of season, or for any other reason - the list of activities is made according to our latest information and in the best faith, but please be aware that things may change between our last visit and your arrival. Please also note that it may not be possible to do all the activities listed in the time available at each destination, and it is recommended to give yourself extra time in your joining or ending city if you would like to participate in some optional activities there.

Prices listed are for entrance only and do not include transport costs to and from the sites or local guides unless indicated - again, these prices are displayed according to our latest information and in the best faith, but prices do fluctuate due to exchange rates, season, numbers of participants, and simple increases from the operator - any prices listed are a guide only and certainly cannot be guaranteed.

Optional activities are not necessarily endorsed or recommended by Dragoman nor included in the price of this trip. If you do any optional activities, you do so at your own risk and it must be clearly understood

that your participation is your own decision and does not form part of your contract with Dragoman. You may be required to sign/complete a waiver form or optional activity form for some optional activities.

[Back to top ^](#)

Insurance

It is a condition of booking that you have comprehensive travel insurance. Without evidence of valid travel insurance you will not be allowed to start the trip.

We recommend that any policy has a minimum medical (including repatriation) cover of £5,000,000. We recommend that any policy also has a minimum level of cover for Personal Liability of £2,000,000 and for Cancellation and Curtailment of £5,000 (or the full cost of your trip). Cover for loss of baggage, personal effects, money and other inclusions are down to personal choice although please bear in mind that personal effects are more likely to go missing whilst travelling and you should ensure that your policy is adequate to cover the value of your personal effects e.g. cameras, tablets, phones, ipods, etc. Please note that Dragoman is not responsible for your personal effects and is not insured for their loss. Please note that you should be insured for trip postponement or cancellation purposes immediately upon paying a deposit.

Whatever policy you choose, you must ensure that it is designed for adventure/overland travel and make sure it covers any activity that you intend to undertake (whether included or optional). As such it must cover you for adventure activities such as white water rafting, trekking, horse-riding, etc., and that the 24-hour Emergency Assistance Company must be experienced in handling situations in developing countries - for example, that they have the ability to arrange repatriation from remote areas such as the Sahara or if you were trekking in the Andes. On activities or side trips that are not recommended by us, please ensure you are happy with the safety of the activity before participating.

Please note that in the case of credit card travel insurance we will require details of the participating insurer, the insurance policy number and emergency contact number prior to travel rather than just the bank's name and credit card details. It is up to you to ensure that these policies have the cover you require, as many of these policies are not able to cope with adventure travel to remote areas and many are not valid for travelling outside your country of residence or outside the EU.

Our Liability Insurance

Dragoman has comprehensive passenger vehicle liability protection and tour operator insurance. These policies have total indemnities of £5,000,000 and £10,000,000 per incident respectively. This is in addition to local vehicle insurance and your personal travel insurance.

Out of Office Hours Contact

We have an out of office hours number you can call which should only be used once you have left your home country to start the trip and in the event of a real emergency. Should you need to call the number, we will do what we can to help but please bear in mind that real progress or action may not be possible until normal office hours. If you can not get through please leave a message with you name, reference number, contact details and a message with the help that you need and we will get back to you.

If your flight is delayed or cancelled, please let us know and then make your way to the joining hotel as instructed in these trip notes. If you cannot get through leave a message and a contact number as these will be regularly checked and the crew informed if necessary.

Out of hours Number: +44 (0) 7985 106564

Luggage & Kit List

Although you will not have to carry your main bag for long distances, you will need to help load and unload them onto the truck. For this reason we recommend that you use a backpack or soft bag rather than a heavy suitcase. During your trip your main luggage will be kept in the truck's back locker which will

be inaccessible during a drive day, so you will also need a small daypack. This can be used to carry your camera, water bottle and other personal effects for daily use. Please be aware that due to the constant dust and vibrations your luggage bag will be subject to extreme wear and tear.

The size of baggage that can be brought on this tour is limited by the locker space on the truck. We recommend that your bag be no larger than a large rucksack with a capacity of about 80 litres (approximately 70cm high, 40cm wide, and 40cm deep). The weight limit for luggage on all trucks is a maximum of 20kg.

Your clothes and equipment should be appropriate for the conditions you are travelling in, which will vary depending on which part of the world you're heading to. On overland trips, Dragoman will provide all camping equipment apart from sleeping bags and ground mats, so you'll need to bring those with you if your trip includes camping nights.

Think about the climate and altitude of the areas you'll be travelling to - there's nothing worse than being cold at night so it's worth investing in a decent sleeping bag if it's likely to get cold. And remember that even when it's warm during the day, it can often get cold at night, particularly in desert regions.

For a general idea of what you need, this list provides a guide:

General

- Sleeping bag, sleeping bag liner, sleeping mat and small pillow – if your trip includes camping nights
- Sandals or flip flops
- Comfortable walking shoes
- Sun hat and sunglasses
- Waterproof jacket
- Warm sweater or fleece
- Swimwear
- Comfortable travelling clothes and a set of casual but smart clothes for evenings out
- If visiting places of worship on the trip, men should bring a pair of full length trousers and women should bring a skirt that covers their knees and a scarf
- Towel – quick dry, lightweight travel towels are best
- Toiletries including bio degradable wet wipes, sanitary products, hand gel, sun cream and insect repellent
- Day pack – essential for keeping things handy when on the truck, on short hikes, walking around cities, etc
- Assorted dry bags – to protect your kit from dust and damp
- Pouch or money belt
- Water bottle (at least 1 litre) – we carry drinking water on all of our trucks and actively encourage our customers to use the water supplied. Whilst away from the truck we encourage the use of a filter water bottle and we are able to offer Dragoman customers a 25% discount on Water to Go bottles and filters using the code DRAGOMAN25 on the link <https://www.watertogo.eu/dragoman>
- Head torch with spare batteries and bulbs
- Camera with spare battery and extra memory cards
- Electrical accessories such as charger, power bank, adapter, etc
- Carbon monoxide detector
- A good book, a diary or notebook and pen, a fun game for travel days
- Personal medical kit – see notes below

Cold weather

For trips going through mountainous areas, deserts, high altitude regions and Patagonia, you should be prepared for cold weather, especially at night. Ensure you bring:

- 3/4 or 4/5 season sleeping bag with liner – see note on sleeping bag ratings below
- Thermal base layers
- Winter jacket

- Hat, gloves and scarf
- Warm socks

Hot weather

For trips going through tropical areas you should be prepared for hot and humid weather. Ensure you bring:

- Loose fitting clothes with long sleeves and legs
- Mosquito repellent
- Mosquito net – not essential as our tents have mosquito netting but can be handy for hotels and hostels or sleeping under the stars

Trips with trekking

For trips including treks, ensure you bring:

- Lightweight walking clothes suitable for the general climate
- Waterproof trousers
- Sturdy walking boots
- Walking stick(s) – not essential but can help in steep terrain; sticks can generally be hired or purchased en route

[Back to top ^](#)

Sleeping Bags

A sleeping bag's rating typically indicates the lowest temperature at which it will keep the average sleeper warm enough to sustain them but not necessarily make them warm enough to feel comfortable. For example, with a 0°C bag, you should be able to stay in 0°C temperature but you will not necessarily be able to sleep comfortably.

For European sleeping bags there are the following standards:

- The upper limit is the highest temperature at which a 'standard' adult man is able to have a comfortable night's sleep without excess sweating.
- The comfort rating is based on a 'standard' adult woman having a comfortable night's sleep.
- The lower limit is based on the lowest temperature at which a 'standard' adult man is deemed to be able to have a comfortable night's sleep.
- The extreme rating is a survival-only rating for a 'standard' adult man. This is an extreme survival rating only and it is not advisable to rely on this rating for general use.

The transition zone, in between the comfort and lower temperature, is usually considered as the best purchase guideline.

Personal Medical Kit

All of our trucks have a standard motorist's first aid kit on board for use in emergency situations only. The first aid kit is in compliance with UK standards for first aid provision within motor vehicles, and contain supplies to treat road side injuries. We do not carry prescription medications, therefore in addition to this we recommend that you purchase your own personal medical kit.

In the UK we have teamed up with Nomad Travel Stores and Clinics to produce travel medical kits. They have been designed in conjunction with the truck kits and contain everything you would need for any minor incidents and health issues. For more details please visit their website:

Global Survival Kit - <http://www.nomadtravel.co.uk/p/2712/Global-Survival-Kit>

Ultimate Medical Kit (POM) - [http://www.nomadtravel.co.uk/p/2909/Ultimate-Medical-Kit-\(POM\)](http://www.nomadtravel.co.uk/p/2909/Ultimate-Medical-Kit-(POM))

[Back to top ^](#)

Passports

Check that your passport will still be valid for 6 months after the end of your trip - this is important as some countries WILL refuse entry to anyone whose passport is due to expire. A temporary or 'visitor's' passport is not valid on our trips. You will need to provide us with your passport details prior to departing for your trip. If you change your passport, please remember to inform us as soon as possible - however, please be aware that changing your passport can cause big problems if you need to apply for visas or permits (such as the Inca Trail or Gorilla Trekking) in advance.

Pre and Post Trip Accommodation and Airport Transfers

At Dragoman we believe you should make the most of the places you visit, so if you would like to see more of the joining or finishing point cities, why not book additional accommodation to extend your stay? Dragoman can take away the hassle of time zones and language barriers by making the booking for you. This accommodation is only available at the joining or finishing city of your trip, immediately before or after the trip you are travelling on.

While Dragoman is happy to assist with booking your pre and post trip accommodation, it is important that you understand that you may be able to book your own room at a cheaper rate directly through the hotel or on the internet. Our additional accommodation prices are based on the hotel's rate plus an administration fee. Please note our rates do not reflect last minute walk-in rates or internet specials.

We can also book arrival airport transfers for you as long as we have your flight arrival details. These are normally payable in cash upon arrival; however we do have pre-paid transfers in a few destinations.

Please contact our reservations team for details of the accommodation and transfers that we can offer, as not all hotels offer this service.

Continuing Your Trip

Having an amazing trip and met a great group of people? Having too much fun to go home yet? If you're on one of our trips and decide that you would like to continue with us, then why not speak to your trip leader who can advise you of the cost and availability of continuing your journey.

[Back to top ^](#)

Contingency Emergency Fund

Sometimes, civil or political unrest, or reasons beyond Dragoman's control (e.g. a natural disaster), can mean that an itinerary is disrupted and we have to make a contingency plan. This may involve hiring alternate transport or even the whole group flying over an area. Although Dragoman will help organise travel arrangements, in circumstances outside Dragoman's control you will be required to contribute the additional costs involved and therefore we ask you to bring along a 'Contingency Fund' of USD400. In almost all cases trips run smoothly and this fund is therefore never used. We also recommend that you take along an internationally recognised credit or charge card with a decent limit in case of emergencies, such as medical treatment en route, or even the need to be repatriated; though these occurrences are rare. Remember that travel insurance policies usually only refund you for expenses after you have already paid out.

Responsible Tourism

Dragoman is committed to ensuring that we have a positive impact on local communities and that we implement policies to minimise any negative impact on the local environment. We are dedicated to making sure that we adopt a responsible attitude to the areas through which we travel and believe that our trips should benefit the local people and their environment. Dragoman recognises that we are guests of local communities and strive to make these communities our partners, so that they benefit directly from our visit. You can find full details of Dragoman's Responsible Tourism policy from the link below:

Water

The sale of bottled water contributes to an enormous environmental problem around the world. In addition to the water in the bottle, the production of a 1 litre plastic bottle takes 2 litres of water and 200ml of oil. A large proportion end up in limited landfill or discarded in waterways and natural environments.

Please avoid the purchase of bottled water by using the chemically sterilised water stored in the purpose-built storage tank on your overland vehicle. You are free to refill your bottle as many times a day as you like. You are helping the environment and your pocket!

Electrical Equipment

Your vehicle will be usually equipped with a 12-Volt socket, so to charge your iPod, MP3 player, camera, laptop and mobile phone you will need a DC 12V adapter - the type that can be used from a cigarette lighter in your car. Please be aware that only one piece of equipment can be charged at a time and it will not be allowed if there is a risk of running the vehicle's batteries low. Batteries may also be recharged from hotel room wall sockets and the majority of the campsites we stay at have electricity points, so please bring along your normal charging adapters as well. You will need to ensure that you have the correct country adapter for your specific charger.

For mobile phones, please note that most countries in the Americas operate at 850 MHz and 1900 MHz which is not the same frequencies used in Europe, Africa, Asia and Australia. Most modern tri-band and quad-band mobile phones will be able to operate on these frequencies but please check your mobile phone specifications before travelling to ensure that you'll be able to use your phone in the Americas.

A Few Rules

It is one of our core values to treat all people we encounter with respect, including the local people who make our destinations so special. We have therefore set down a number of rules to which our customers must adhere.

Engaging in commercial or exploitative sexual activities, committing acts of violence or threatening violence towards local people, other group members or any member of our staff is not allowed. Any customer engaging in such activities will be required to leave the trip immediately with no refund of the trip price.

You must at all times comply with the laws, customs, foreign exchange and drug regulations of all countries visited and conduct yourself in accordance with our responsible travel policy. Any customer found contravening such laws or regulations will be required to leave the trip immediately with no refund of the trip price.

Although we are aware that in some parts of the world taking, carrying or selling drugs, carrying weapons, or engaging in commercial or exploitative sexual activities may be legal, it is not acceptable for Dragoman customers and our tour leaders have the right to ask you to leave the trip immediately with no refund of the trip price if you are found to be engaging in such activities.

Issues on the Trip

While we always endeavour to provide the best possible holiday experience, due to the nature of travel and the areas we visit sometimes things can and do go wrong. Should any issue occur while you are on your trip, it is imperative that you discuss this with your group leader or our local partner straight away so that they can do their best to rectify the problem and save any potential negative impact on the rest of your trip.

We recognise that there may be times when your group leader may not be able to resolve a situation to your satisfaction. If this is the case please contact our customer relations department on

customer-relations@dragoman.co.uk.

You may also choose to provide details in your feedback questionnaire which we ask you to complete at the end of your trip, but we do ask you to be aware that it is very difficult for us to provide any practical help after the trip is complete.

[Back to top ^](#)

Tipping

Tipping is entirely voluntary. The Dragoman crew may be travelling with you for many weeks and usually they become good friends with most members of the group. It is sometimes easy to forget that they do work hard to ensure that you do have a great trip. If you feel you would like to tip them, they certainly would appreciate it.

On a number of our trips, we also use a local guide as well as our own Dragoman crew. These guides live and travel with you through their home country and it is usual to tip them when they leave. We recommend USD 1 to USD 4 per person per day, but check with your crew for an appropriate amount.

[Back to top ^](#)

Feedback

After your travels, we want to hear from you! We rely on your feedback. We read it carefully. Feedback helps us to understand what we are doing well and what we could be doing better, and it allows us to make improvements for future travellers.
