The routes, activities and places visited described in these notes are intentions and are meant as a rough guide only. By their very nature, overland itineraries need to be flexible and the regions that we are travelling through are often unpredictable. We intend to follow the planned route but exact night stops and inclusions cannot be guaranteed and it sometimes happens that we decide to make a change to our planned itinerary. This may be for a variety of reasons; climatic, road or bureaucratic conditions may demand it. Changes to the itinerary may occur with little notice so please be prepared for modifications to your trip.

Drive Times

Drive times are listed in the day-to-day itinerary. These are the approximate number of hours that the vehicle will be in motion, and does not include any time taken for coffee or lunch stops, border crossings, photo stops, activities en route, comfort breaks, shopping stops, toilet stops, etc. The times given are approximate estimates only and whilst given with the best of intentions, the drive times are heavily dependent on traffic, road conditions, weather, police roadblocks, and many other factors.

Accommodation and Meals Included

The type of accommodation and included meals are listed for each day of the itinerary. These listings show our intention and on most departures the listings will be accurate. However due to the flexible nature of overland itineraries, climatic, bureaucratic or road conditions may demand changes to our listed intentions or groups may simply decide to amend the plans from time to time.

Optional Activities

A selection of optional activities is listed in the day-to-day itinerary. This list is designed to be a helpful guide as to what is commonly available in each location, and is neither an exhaustive list, a guarantee that the activity is available, or an endorsement or recommendation. Certain activities may not be available on your particular visit and it may not be possible to do all the activities listed in the time available at each destination. It is recommended to give yourself extra time in your joining or ending city if you would like to participate in some optional activities there. Prices listed are for entrance only and do not include transport costs to and from the sites or local guides unless indicated. The prices are displayed according to our latest information and in the best faith, but prices do fluctuate due to exchange rates, season, numbers of participants, and simple increases from the operator, and therefore any prices listed are a guide only and cannot be guaranteed. If you partake in any optional activities, you do so at your own risk and it must be clearly understood that your participation is your own decision and does not form part of your contract with Dragoman. IMPORTANT NOTES

OVERLANDING LIFESTYLE

Dragoman was founded in 1981, and has had many years of experience of leading overland trips across 4 continents. Overlanding is all about sharing a great travelling experience with like-minded people. On your trip you'll travel in one of Dragoman's purpose-built iconic expedition vehicles on an off-the-beaten-track adventure along rugged roads, experiencing the sights, sounds and smells of the world up-close. Your journey will be overland, sometimes across vast distances, so some long days spent driving are inevitable - but these will be interspersed with breaks of a day or two at a destination or activity.

On an overland journey, you are more than just a passenger and everyone gets involved setting up camp - we supply the tent but it's up to you to pitch it! As part of your trip, you will be assigned a truck job which could be collecting firewood or water, luggage loading, organising food, stores, etc. Like all great adventures, the more you put in the more you'll get out! For more details of how an overlanding trip works, please see the Essential Information document.

SAFETY STANDARDS

We run adventure journeys in off the beaten track areas, which often have poor infrastructure. You should expect that some of these areas do not adhere to 'Western' safety standards. For more information, please see the Essential Information document

MEDICAL ASSISTANCE IN REMOTE AREAS

We will be travelling to areas in remote locations where medical assistance will not be available, and communications may be sparse. We do not carry satellite phones on our regular trips. Therefore, if you have a medical condition such as a heart condition that would put you at risk, we would suggest that this is not the trip for you. Also, please be aware that should an emergency occur, there is likely to be a considerable delay in accessing medical care, and by joining our trip you accept this risk.

VISAS, HEALTH, INSURANCE & MONEY

Before you travel there are vital things to consider such as:

- Any visas needed for your trip
- Any vaccinations needed (please consult your GP or travel clinic)
- Organising your local payment (the kitty)
- Buying travel insurance (insurance is compulsory to be allowed to join our trips)

For more information on these topics, please see the Essential Information Document.

ALTITUDE WARNING

Warning - this trip goes above 2800m.

Please note that this trip spends time above 2800 metres/9200 feet where it is possible for travellers to experience some adverse effects on your health due to the altitude, potentially including Acute Mountain Sickness (AMS), High Altitude Cerebral Edema (HACE) and High Altitude Pulmonary Edema (HAPE). Because of this it is very important that you make yourself aware of the cause and effects of travelling at altitude and monitor your health during this trip.

For further information please [download our AMS information sheet](#) or refer to the following website: www.high-altitude-medicine.com. If you are starting your trip in a destination above 2800m/9200ft we strongly advise reading this information prior to arrival. Your leader will also hand you a copy of the AMS information sheet during your trip as well as holding a short meeting prior to travelling to altitudes above 2800m/9200ft for the first time.

Some travel insurance companies will stipulate a maximum altitude limit. Please ensure that you are covered and if necessary pay the additional premium of extended cover.

ETHIOPIA NOTES

ETHIOPIA NOTE

Please note that accommodation prices in Ethiopia may significantly increase during late December and January due to several national holidays surrounding Coptic Christmas; this may push the price of the kitty up an extra **USD50** per person. We will endeavour to negotiate and save money on the ground where possible, but please be aware that we are likely to need extra money in the kitty for trips over this time.

Please also note that we must keep a flexible itinerary in the Simien Mountains, as our options will largely be determined by the weather. The camping areas in the Simien Mountains National Park are very basic, and are essentially wild camps with long drop toilets. The food and provisions available in Debark and the National Park are very limited, and it is also likely to be very cold at night (often dropping below freezing), so please be prepared by bringing suitably warm clothes, and a 4-season sleeping bag and sleeping mat.

SUDAN NOTES

SUDAN NOTE

The British Foreign & Commonwealth Office (FCO) currently has no travel warnings in place that will affect this trip for British clients.

Non-UK clients should check the travel advice of their own governments, as this may be different to the British FCO advice. Australia and New Zealand currently advise 'against all travel' to all areas of Sudan outside of Khartoum. Canada advises against all travel to Sudan and the U.S asks travellers to carefully consider the risks of travel to Sudan.

We therefore ask that all non UK travellers check their insurance policy carefully to ensure they are still covered for this trip (as travel to these areas may invalidate some insurance policies). All non UK clients will need insurance that will remain valid throughout the entire trip before they are able to travel with us.

Please note that there are no ATMs in Sudan (at least none that will work for non-Sudanese cards), so please bring plenty of USD cash with you.

Please ensure you have an up to date version of these notes. **These notes were printed on the 27th September 2020**
