Tonight we will stay at a campsite within the Serengeti NP. The camp where we stay is very basic (with showers and flush toilets, but no other facilities) but is located right in the middle of the plains, surrounded by animals and their nocturnal noises! Your leader will outline the basic safety rules to be followed when camping in an unfenced location where wild animals are present.

We will return to our campsite for lunch, and then aim to exit the Serengeti early afternoon. We will head back through the conservation area to our next campsite, on the rim of the Ngorongoro Crater, where we will arrive in the early evening.

Again, the campsite tonight is very basic and unfenced. It can often be quite cold on the crater rim so it is recommended that you take some warm clothes for this night.

Meals: Breakfast, Lunch, Dinner

The next morning we will get up very early and we set off in our jeeps for an early morning game drive in the heart of the Serengeti plains. The early morning is the best time of day for wildlife viewing, as many of the animals are at their most active while it is still cool.

We will spend as long as our entry tickets allow in the Ngorongoro Crater before departing, which will usually give us about 3-4 hours of game driving. We will then be dropped off at our campsite back in Arusha, where we are re-united with our truck.

ITINERARY DISCLAIMER

The routes, activities and places visited described in these notes are intentions and are meant as a rough guide only. By their very nature, overland itineraries need to be flexible and the regions that we are travelling through are often unpredictable. We intend to follow the planned route but exact night stops and inclusions cannot be guaranteed and it sometimes happens that we decide to make a change to our planned itinerary. This may be for a variety of reasons; climatic, road or bureaucratic conditions may demand it. Changes to the itinerary may occur with little notice so please be prepared for modifications to your trip.

Drive Times

Drive times are listed in the day-to-day itinerary. These are the approximate number of hours that the vehicle will be in motion, and does not include any time taken for coffee or lunch stops, border crossings, photo stops, activities en route, comfort breaks, shopping stops, toilet stops, etc. The times given are approximate estimates only and whilst given with the best of intentions, the drive times are heavily dependent on traffic, road conditions, weather, police roadblocks, and many other factors.

Accommodation and Meals Included

The type of accommodation and included meals are listed for each day of the itinerary. These listings show our intention and on most departures the listings will be accurate. However due to the flexible nature of overland itineraries, climatic, bureaucratic or road conditions may demand changes to our listed intentions or groups may simply decide to amend the plans from time to time.

Optional Activities

A selection of optional activities is listed in the day-to-day itinerary. This list is designed to be a helpful guide as to what is commonly available in each location, and is neither an exhaustive list, a guarantee that the activity is available, or an endorsement or recommendation. Certain activities may not be available on your particular visit and it may not be possible to do all the activities listed in the time available at each destination. It is recommended to give yourself extra time in your joining or ending city if you would like to participate in some optional activities there. Prices listed are for entrance only and do not include transport costs to and from the sites or local guides unless indicated. The prices are displayed according to our latest information and in the best faith, but prices do fluctuate due to exchange rates, season, numbers of participants, and simple increases from the operator, and therefore any prices listed are a guide only and cannot be guaranteed. If you partake in any optional activities, you do so at your own risk and it must be clearly understood that your participation is your own decision and does not form part of your contract with Dragoman. You may be required to sign/complete a waiver form or optional activity form for some optional activities. For more information around activity safety and insurance, please see the Essential Information document.

ISSUES ON THE TRIP

Should any issue occur while you are on your trip, it is imperative that you discuss this with your group leader or our local partner straight away so that they can do their best to rectify the problem and save any potential negative impact on the rest of your trip.

We recognise that there may be times when your group leader may not be able to resolve a situation to your satisfaction. If this is the case please contact our customer relations department on customer-relations@dragoman.co.uk.

You may also choose to provide details in your feedback questionnaire which we ask you to complete at the end of your trip, but we do ask you to be aware that it is very difficult for us to provide any practical help after the trip is complete.

IMPORTANT NOTES

OVERLANDING LIFESTYLE

Dragoman was founded in 1981, and has had many years of experience of leading overland trips across 4 continents. Overlanding is all about sharing a great travelling experience with like-minded people. On your trip you'll travel in one of Dragoman's purpose-built iconic expedition vehicles on an off-the-beaten-track adventure along rugged roads, experiencing the sights, sounds and smells of the world up-close. Your journey will be overland, sometimes across vast distances, so some long days spent driving are inevitable - but these will be interspersed with breaks of a day or two at a destination or activity.

On an overland journey, you are more than just a passenger and everyone gets involved setting up camp - we supply the tent but it's up to you to pitch it! As part of your trip, you will be assigned a truck job which could be collecting firewood or water, luggage loading, organising food, stores, etc. Like all great adventures, the more you put in the more you'll get out! For more details of how an overlanding trip works, please see the Essential Information document.

SAFETY STANDARDS

We run adventure journeys in off the beaten track areas, which often have poor infrastructure. You should expect that some of these areas do not adhere to 'Western' safety standards. For more information, please see the Essential Information document

MEDICAL ASSISTANCE IN REMOTE AREAS

We will be travelling to areas in remote locations where medical assistance will not be available, and communications may be sparse. We do not carry satellite phones on our regular trips. Therefore, if you have a medical condition such as a heart condition that would put you at risk, we would suggest that this is not the trip for you. Also, please be aware that should an emergency occur, there is likely to be a considerable delay in accessing medical care, and by joining our trip you accept this risk.

VISAS, HEALTH, INSURANCE & MONEY

Before you travel there are vital things to consider such as:

- Any visas needed for your trip
- Any vaccinations needed (please consult your GP or travel clinic)
- Organising your local payment (the kitty)
- Buying travel insurance (insurance is compulsory to be allowed to join our trips)

For more information on these topics, please see the Essential Information Document.
