# IMPORTANT NOTES

## OVERLANDING LIFESTYLE

Dragoman was founded in 1981, and has had many years of experience of leading overland trips across 4 continents. Overlanding is all about sharing a great travelling experience with like-minded people. On your trip you'll travel in one of Dragoman's purpose-built iconic expedition vehicles on an off-the-beaten-track adventure along rugged roads, experiencing the sights, sounds and smells of the world up-close. Your journey will be overland, sometimes across vast distances, so some long days spent driving are inevitable - but these will be interspersed with breaks of a day or two at a destination or activity.

On an overland journey, you are more than just a passenger and everyone gets involved setting up camp - we supply the tent but it's up to you to pitch it! As part of your trip, you will be assigned a truck job which could be collecting firewood or water, luggage loading, organising food, stores, etc. Like all great adventures, the more you put in the more you'll get out! For more details of how an overlanding trip works, please see the Essential Information document.

## SAFETY STANDARDS

We run adventure journeys in off the beaten track areas, which often have poor infrastructure. You should expect that some of these areas do not adhere to 'Western' safety standards. For more information, please see the Essential Information document

## MEDICAL ASSISTANCE IN REMOTE AREAS

We will be travelling to areas in remote locations where medical assistance will not be available, and communications may be sparse. We do not carry satellite phones on our regular trips. Therefore, if you have a medical condition such as a heart condition that would put you at risk, we would suggest that this is not the trip for you. Also, please be aware that should an emergency occur, there is likely to be a considerable delay in accessing medical care, and by joining our trip you accept this risk.

## VISAS, HEALTH, INSURANCE & MONEY

Before you travel there are vital things to consider such as:

- Any visas needed for your trip
- Any vaccinations needed (please consult your GP or travel clinic)
- Organising your local payment (the kitty)
- Buying travel insurance (insurance is compulsory to be allowed to join our trips)

For more information on these topics, please see the Essential Information Document.

# THE GUIANAS

## GETTING AROUND

The road across the coastal strip from Cayenne to Georgetown is sealed. Border crossings will often involve a ferry crossing, so be prepared to wait a little while for the ferry to arrive and for customs to check everyone through. In the interior of Guyana there are very few sealed roads, and the main route to Brazil is on a very bumpy dirt track, which can become impassable during the rainy seasons. Travellers should be prepared for some bumpy journeys in this region!

## CURRENCIES AND MONEY MATTERS

French Guiana - Euro

Suriname - Surinamese Dollar - (1 USD = 8SRD)

Guyana - Guyanese Dollar - (1 USD = 200GYD)

Generally French Guiana is the most expensive of the three countries, followed by Suriname and then Guyana.

ATMs are available in Cayenne, Paramaribo and Georgetown and some smaller towns. Credit cards are only accepted in certain hotels, shops and restaurants. You should have local currency with you, especially in the interior of Guyana and Suriname. Cambios offer the best exchange rates. USD and Euros are easy to exchange and widely accepted as payment in major cities.

## CLIMATE

The climate in the Guianas is equatorial, meaning hot all year around, with an average temperature of 27.5°C. Humidity is generally high all year, but noticeably so during the rainy seasons. The coast is cooled by sea breezes, and feels much more comfortable, as are the areas of the rainforest near the rivers.

The wet season is November to January and May to July, our trips are designed to run during the dryer seasons, but please be aware that there is rain year round, therefore waterproofs are a must!

## CLOTHING

Long sleeves and collars are great for keeping off the sun and the mosquitoes. Comfortable, light clothing is recommended, as are comfortable walking shoes or boots and sandals. A sun hat and sunglasses are essential.

## LOCAL FOOD AND DRINKS

Food in Guianas has strong influences from around the world, leading to some unique creations. Influences from Europe, East India, China, Indonesia, Africa and Amerindian cuisine have fused together in this tiny corner of South America. Chicken, Fish and Meat are commonly on the menu, along with vegetables, rice and cassava. In French Guiana you should try the Bouillon d'aura - a blend of crab, smoked fish, chicken, vegetables and aurora fruit. In Guayana some great snacks include Foo-foo - plantains made into cakes and fried and Pepperport, an Amerindian meat stew with cassava and hot pepper sauce. In Paramaribo, try the Parbo beer and of course Guayana blends excellent local rums. Bottled water is recommended.

## TIPPING

Local Guides do not expect, but greatly appreciate a tip. In the interior it is recommended that any tips are given in local currency. For meals, 10% at hotels and restaurants is generally expected.

## LANGUAGES

Guyana is South America's only English speaking country. Dutch is the main language of Suriname and French in French Guiana. There are also a number of Amerindian communities who speak their own indigenous language.

## SAFETY

In general you will find the people of the Guianas to be very friendly, helpful and welcoming, many are interested to meet travellers. Whilst in any city, we recommend that you check with the reception of your hotel if there are areas to avoid after dark, and that you only take with you the money that you need for the day and leave valuables, spare cash cards and passports in the truck or hotel safe. There are some mosquitoes, we recommend that you use repellent and the mosquito net provided in hotels.
