ITINERARY DISCLAIMER

The routes, activities and places visited described in these notes are intentions and are meant as a rough guide only. By their very nature, overland itineraries need to be flexible and the regions that we are travelling through are often unpredictable. We intend to follow the planned route but exact night stops and inclusions cannot be guaranteed and it sometimes happens that we decide to make a change to our planned itinerary. This may be for a variety of reasons; climatic, road or bureaucratic conditions may demand it. Changes to the itinerary may occur with little notice so please be prepared for modifications to your trip.

Drive Times

Drive times are listed in the day-to-day itinerary. These are the approximate number of hours that the vehicle will be in motion, and does not include any time taken for coffee or lunch stops, border crossings, photo stops, activities en route, comfort breaks, shopping stops, toilet stops, etc. The times given are approximate estimates only and whilst given with the best of intentions, the drive times are heavily dependent on traffic, road conditions, weather, police roadblocks, and many other factors.

Accommodation and Meals Included

The type of accommodation and included meals are listed for each day of the itinerary. These listings show our intention and on most departures the listings will be accurate. However due to the flexible nature of overland itineraries, climatic, bureaucratic or road conditions may demand changes to our listed intentions or groups may simply decide to amend the plans from time to time.

Optional Activities

A selection of optional activities is listed in the day-to-day itinerary. This list is designed to be a helpful guide as to what is commonly available in each location, and is neither an exhaustive list, a guarantee that the activity is available, or an endorsement or recommendation. Certain activities may not be available on your particular visit and it may not be possible to do all the activities listed in the time available at each destination. It is recommended to give yourself extra time in your joining or ending city if you would like to participate in some optional activities there. Prices listed are for entrance only and do not include transport costs to and from the sites or local guides unless indicated. The prices are displayed according to our latest information and in the best faith, but prices do fluctuate due to exchange rates, season, numbers of participants, and simple increases from the operator, and therefore any prices listed are a guide only and cannot be guaranteed. If you partake in any optional activities, you do so at your own risk and it must be clearly understood that your participation is your own decision and does not form part of your contract with Dragoman. You may be required to sign/complete a waiver form or optional activity form for some optional activities. For more information around activity safety and insurance, please see the Essential Information document.

EMERGENCY CONTACT INFORMATION

In the event of a real emergency once you have left your home country, please contact us on our out of office hours number. If you cannot get through on the phone, please leave a message with your name, reference number, contact details and a message with the help that you need and we will get back to you. Please bear in mind that real progress or action may not be possible until normal office hours, depending on the issue.

If your flight is delayed, please inform us as soon as you can and then make your way to the joining hotel as instructed in the Joining Point section of these notes.

Out of hours Number: +44 (0) 7985 106564

A FEW RULES

We expect all group members to act respectfully towards our staff and other group members. Bullying will not be tolerated.

Engaging in commercial or exploitative sexual activities, committing acts of violence or threatening violence towards local people, other group members or any member of our staff is not allowed. Any customer engaging in such activities will be required to leave the trip immediately with no refund of the trip price.

You must at all times comply with the laws, customs, foreign exchange and drug regulations of all countries visited and conduct yourself in accordance with our responsible travel policy. Any customer found contravening such laws or regulations will be required to leave the trip immediately with no refund of the trip price.

Although we are aware that in some parts of the world taking, carrying or selling drugs, or carrying weapons may be legal, it is not acceptable for Dragoman customers and our tour leaders have the right to ask you to leave the trip immediately with no refund of the trip price if you are found to be engaging in such activities.

ISSUES ON THE TRIP

While we always endeavour to provide the best possible holiday experience, due to the nature of travel and the areas we visit sometimes things can and do go wrong. Should any issue occur while you are on your trip, it is imperative that you discuss this with your group leader or our local partner straight away so that they can do their best to rectify the problem and save any potential negative impact on the rest of your trip.

We recognise that there may be times when your group leader may not be able to resolve a situation to your satisfaction. If this is the case please contact our customer relations department on customer-relations@dragoman.co.uk.

You may also choose to provide details in your feedback questionnaire which we ask you to complete at the end of your trip, but we do ask you to be aware that it is very difficult for us to provide any practical help after the trip is complete.

IMPORTANT NOTES

OVERLANDING LIFESTYLE

Dragoman was founded in 1981, and has had many years of experience of leading overland trips across 4 continents. Overlanding is all about sharing a great travelling experience with like-minded people. On your trip you'll travel in one of Dragoman's purpose-built iconic expedition vehicles on an off-the-beaten-track adventure along rugged roads, experiencing the sights, sounds and smells of the world up-close. Your journey will be overland, sometimes across vast distances, so some long days spent driving are inevitable - but these will be interspersed with breaks of a day or two at a destination or activity.

On an overland journey, you are more than just a passenger and everyone gets involved setting up camp - we supply the tent but it's up to you to pitch it! As part of your trip, you will be assigned a truck job which could be collecting firewood or water, luggage loading, organising food, stores, etc. Like all great adventures, the more you put in the more you'll get out! For more details of how an overlanding trip works, please see the Essential Information document.

SAFETY STANDARDS

We run adventure journeys in off the beaten track areas, which often have poor infrastructure. You should expect that some of these areas do not adhere to 'Western' safety standards. For more information, please see the Essential Information document

MEDICAL ASSISTANCE IN REMOTE AREAS

We will be travelling to areas in remote locations where medical assistance will not be available, and communications may be sparse. We do not carry satellite phones on our regular trips. Therefore, if you have a medical condition such as a heart condition that would put you at risk, we would suggest that this is not the trip for you. Also, please be aware that should an emergency occur, there is likely to be a considerable delay in accessing medical care, and by joining our trip you accept this risk.

VISAS, HEALTH, INSURANCE & MONEY

Before you travel there are vital things to consider such as:

- Any visas needed for your trip
- Any vaccinations needed (please consult your GP or travel clinic)
- Organising your local payment (the kitty)
- Buying travel insurance (insurance is compulsory to be allowed to join our trips)

For more information on these topics, please see the Essential Information Document.

ALTITUDE WARNING

Warning - this trip goes above 2800m.

Please note that this trip spends time above 2800 metres/9200 feet where it is possible for travellers to experience some adverse effects on your health due to the altitude, potentially including Acute Mountain Sickness (AMS), High Altitude Cerebral Edema (HACE) and High Altitude Pulmonary Edema (HAPE). Because of this it is very important that you make yourself aware of the cause and effects of travelling at altitude and monitor your health during this trip.

For further information please [download our AMS information sheet](#) or refer to the following website: www.high-altitude-medicine.com. If you are starting your trip in a destination above 2800m/9200ft we strongly advise reading this information prior to arrival. Your leader will also hand you a copy of the AMS information sheet during your trip as well as holding a short meeting prior to travelling to altitudes above 2800m/9200ft for the first time.

Some travel insurance companies will stipulate a maximum altitude limit. Please ensure that you are covered and if necessary pay the additional premium of extended cover.

HIGH ALTIPLANO NOTE

Because of its nature, this itinerary may vary – occasionally the road conditions are too adverse during the rainy season (January-February) to make the crossing from Uyuni to Argentina, and we may have to change the route.

During the winter months in Argentina and Bolivia, we will spend a higher proportion of nights in hotels and less time camping. Kitty may be higher than expected and you should allow extra funds for this and personal funds for more meals out. There may well be snow and you should be aware that it can get very cold at night. Please ensure that you bring a decent sleeping bag and adequate clothes, including thermals.

We will also be travelling to very high altitudes (over 5,000m if you take the crossing from Uyuni to Argentina or vice versa), so please be aware of the effects of altitude sickness.

PATAGONIA NOTES

This trip will be travelling to the southernmost point of South America, and you should expect extreme weather conditions. It can be bitterly cold and very windy with heavy rain at any time of the year, even during the summer. The weather changes extremely fast so you should expect four seasons' weather in one day. Therefore please remember to prepare accordingly – this is a tough trip and should not be taken lightly.

We suggest you take plenty of good quality warm, waterproof and windproof clothing and use the layering system to keep warm. As you will spend a number of nights camping, we recommend you bring a good camping mat, a good quality 4 season sleeping bag, a sleeping bag liner and a small pillow to keep comfortable.

Patagonia's peak season is the summer (Mid November to February). The days are long, typically temperatures are around 20°C during the day, dropping to 8°C at night, though whilst generally warm in the summer, it can often be very windy, with rain. If you are travelling during the peak season be aware that activities and camp sites sell out fast and you will be sharing the trails with a greater number of fellow trekkers. Please note that due to the popularity of the region, we also find that prices can increase significantly during high season.

In the shoulder season the days are much colder, but often clearer and brighter, with fewer people on the trails, though be aware that some activities may not have opened fully. Springtime (October to November) brings the colourful spring blooms. March to May is the best time to see the autumn foliage and makes for stunning photographs. If you choose to travel at this time, be sure to pack a good down jacket and a 4 season sleeping bag and liner, as the nights can be very cold. During the shoulder season there is an option to upgrade into basic cabins or hostels at some of the campsites that we stay in along the way. Please budget an extra USD10-15 per night for such upgrades.

THE W WALK

We include the full 4 day W walk in Torres del Paine NP as standard in our kitty. This includes transfers to the start and finish points, camping equipment, full board and the services of an English speaking local guide throughout the trip.

The W walk involves 4 days of trekking and 3 overnight stays away from the truck. Your tents will be set up at pre-booked campsites at Paine Grande, Los Cuernos and Las Torres, and meals included. It is important to bear in mind that you will have to carry your own personal effects for the duration of the trek, e.g. sleeping mat, sleeping bag, clothes, toiletries, snacks, water, etc. Some days of the W walk can be shortened for those wishing to trek slightly shorter distances, for example on Day 2 it is possible to trek to the first view point and return to Paine Grande via the same route, reducing the trek by half. It is possible to hire porters for the W walk at a cost of CLP150,000 per porter. Their maximum load is 15kg. We recommend that you put your bag into a waterproof liner or dry sack before giving it to a porter. In high season (mid November to mid March) we recommended contacting your travel consultant to book your porter in advance.

For anyone who wishes to stay at our base camp, this can be arranged in advance through your travel consultant. This package will include camping and full board at our base camp at Camping Pehoe, as well as the opportunity to join the W walkers for guided single day hikes to Glacier Grey and the Las Torres viewpoint. Transfers will be provided your crew in the truck.

Please note that the price is the same whether you choose to stay at the base camp, or take part in the full W walk; however in order for us to make arrangements for meal provisions, you must tell us in advance if you will not be trekking the W walk.
