By their very nature, overland itineraries need to be flexible and the regions that we are travelling through are often unpredictable. We intend to follow the planned route but exact night stops and inclusions cannot be guaranteed and it sometimes happens that we decide to make a change to our planned itinerary. This may be for a variety of reasons; climatic, road or bureaucratic conditions may demand it. IMPORTANT NOTES

OVERLANDING LIFESTYLE

Dragoman was founded in 1981, and has had many years of experience of leading overland trips across 4 continents. Overlanding is all about sharing a great travelling experience with like-minded people. On your trip you'll travel in one of Dragoman's purpose-built iconic expedition vehicles on an off-the-beaten-track adventure along rugged roads, experiencing the sights, sounds and smells of the world up-close. Your journey will be overland, sometimes across vast distances, so some long days spent driving are inevitable - but these will be interspersed with breaks of a day or two at a destination or activity.

On an overland journey, you are more than just a passenger and everyone gets involved setting up camp - we supply the tent but it's up to you to pitch it! As part of your trip, you will be assigned a truck job which could be collecting firewood or water, luggage loading, organising food, stores, etc. Like all great adventures, the more you put in the more you'll get out! For more details of how an overlanding trip works, please see the Essential Information document.

SAFETY STANDARDS

We run adventure journeys in off the beaten track areas, which often have poor infrastructure. You should expect that some of these areas do not adhere to 'Western' safety standards. For more information, please see the Essential Information document

MEDICAL ASSISTANCE IN REMOTE AREAS

We will be travelling to areas in remote locations where medical assistance will not be available, and communications may be sparse. We do not carry satellite phones on our regular trips. Therefore, if you have a medical condition such as a heart condition that would put you at risk, we would suggest that this is not the trip for you. Also, please be aware that should an emergency occur, there is likely to be a considerable delay in accessing medical care, and by joining our trip you accept this risk.

VISAS, HEALTH, INSURANCE & MONEY

Before you travel there are vital things to consider such as:

- Any visas needed for your trip
- Any vaccinations needed (please consult your GP or travel clinic)
- Organising your local payment (the kitty)

- Buying travel insurance (insurance is compulsory to be allowed to join our trips)

For more information on these topics, please see the Essential Information Document.
