Day 2 - Lake Mburo NP (22nd December 2020)

This morning we will make our way into the stunning Lake Mburo NP. This drive will take us across the equator - a prime moment for some photos! The afternoon will include a boat trip on the beautiful Lake Mburo.

We will stay in an incredible campsite close to the lake where you may be lucky enough to see hippos leaving the water in the evening.

Day 3 - Queen Elizabeth NP (23rd December 2020)

Meals: Breakfast, Lunch, Dinner

This morning we travel to the Queen Elizabeth NP, beautifully set between the Great Rift Valley lakes of Lake Edward and Lake George, undertaking a game drive on our way to the campsite.

After lunch we can go out in the truck to look for some wildlife.

Day 4 - Queen Elizabeth NP (24th December 2020)

Meals: Breakfast, Lunch, Dinner

The next morning we are up early to go on a full day game drive making our way to the famous volcanoes and salt mines. We will experience areas of the NP that are impossible to reach without a full days excursion!

Day 5 - Bwindi Impenetrable NP (25th December 2020)

Meals: Breakfast, Lunch, Dinner

Today we prepare for our Gorilla tracking by driving to Bunyoni and getting jeeps up into the hills of Bwindi.

Day 6 - Bwindi Impenetrable NP (26th December 2020)

Meals: Breakfast, Lunch, Dinner

Here we will go on what is undoubtedly the highlight of the trip - trekking to see the Mountain Gorillas in their natural forest habitat.

This region is one of the last remaining sanctuaries for the mountain gorilla. No more than 8 people per day can visit any one habituated family, and visits are strictly controlled to minimise the possibility of disturbance or transmission of disease to the animals.

Tracking gorillas in the dense forest can sometimes be wet, muddy and uncomfortable. The terrain is by no means easy either, it can be pretty strenuous and often humid; however, the sheer thrill of coming across a habituated group of gorillas, dominated by a great male silverback, more than outweighs any difficulty. You need to be prepared and fit enough to walk at least 4 hours - uphill and downhill. We can usually get very close to the mountain gorillas, who are placid and gentle, and watching their movements is like seeing a mirror image of yourself! Once you find them, you will stay with the gorillas for one unforgettable hour!

When visiting the gorillas you will be assigned a tracking group and time on your permit. The group may be split up into different tracking groups during the day.

In Bwindi we will stay in a campsite that occasionally has some very special visitors, the incredible mountain gorillas!

Please note that the gorilla permits are paid for in full by the trip kitty - however, we have to purchase the permits in advance on the customers' behalf, so a higher deposit is charged on the trip price to protect us from losing this money in the event of cancellation - please see the notes at the end for further detail.

Day 7 - Ruhengeri (27th December 2020)

Meals: Breakfast

Border Information: Exit Uganda at Cyahafi, enter Rwanda at Kidaho.

Leaving Uganda behind, we cross the border into the stunning country of Rwanda.

Today we will drive the short distance to Ruhengeri (also known as Musanze), the gateway to the Volcanoes NP, where we will spend the next 1 night. Today we will have time for optional activities such as visiting the Golden Monkeys.

Day 8 - Kibuye (28th December 2020)

Meals: Breakfast, Lunch, Dinner

Today we head to the lakeside town of Kibuye. We will have the option to do many activities this afternoon in the rural town.

Day 9 - Nyungwe NP (29th December 2020)

Meals: Breakfast, Lunch, Dinner

This morning we will head to Nyungwe NP where we will stay for 2 nights as we have so much to fit in! We start with a visit to a local tea plantation before camping in the NP itself.

Day 10 - Nyungwe NP (30th December 2020)

Meals: Breakfast, Lunch, Dinner

This morning we have chimps to hunt for and a breath taking canopy walkway trail to keep us busy for the day!

ITINERARY DISCLAIMER

The routes, activities and places visited described in these notes are intentions and are meant as a rough guide only. By their very nature, overland itineraries need to be flexible and the regions that we are travelling through are often unpredictable. We intend to follow the planned route but exact night stops and inclusions cannot be guaranteed and it sometimes happens that we decide to make a change to our planned itinerary. This may be for a variety of reasons; climatic, road or bureaucratic conditions may demand it. Changes to the itinerary may occur with little notice so please be prepared for modifications to your trip.

Drive Times

Drive times are listed in the day-to-day itinerary. These are the approximate number of hours that the vehicle will be in motion, and does not include any time taken for coffee or lunch stops, border crossings, photo stops, activities en route, comfort breaks, shopping stops, toilet stops, etc. The times given are approximate estimates only and whilst given with the best of intentions, the drive times are heavily dependent on traffic, road conditions, weather, police roadblocks, and many other factors.

Accommodation and Meals Included

The type of accommodation and included meals are listed for each day of the itinerary. These listings show our intention and on most departures the listings will be accurate. However due to the flexible nature of overland itineraries, climatic, bureaucratic or road conditions may demand changes to our listed intentions or groups may simply decide to amend the plans from time to time.

Optional Activities

A selection of optional activities is listed in the day-to-day itinerary. This list is designed to be a helpful guide as to what is commonly available in each location, and is neither an exhaustive list, a guarantee that the activity is available, or an endorsement or recommendation. Certain activities may not be available on your particular visit and it may not be possible to do all the activities listed in the time available at each destination. It is recommended to give yourself extra time in your joining or ending city if you would like to participate in some optional activities there. Prices listed are for entrance only and do not include transport costs to and from the sites or local guides unless indicated. The prices are displayed according to our latest information and in the best faith, but prices do fluctuate due to exchange rates, season, numbers of participants, and simple increases from the operator, and therefore any prices listed are a guide only and cannot be guaranteed. If you partake in any optional activities, you do so at your own risk and it must be clearly understood that your participation is your own decision and does not form part of your contract with Dragoman. You may be required to sign/complete a waiver form or optional activity form for some optional activities. For more information around activity safety and insurance, please see the Essential Information document.

ISSUES ON THE TRIP

While we always endeavour to provide the best possible holiday experience, due to the nature of travel and the areas we visit sometimes things can and do go wrong. Should any issue occur while you are on your trip, it is imperative that you discuss this with your group leader or our local partner straight away so that they can do their best to rectify the problem and save any potential negative impact on the rest of your trip.

We recognise that there may be times when your group leader may not be able to resolve a situation to your satisfaction. If this is the case please contact our customer relations department on customer-relations@dragoman.co.uk.

You may also choose to provide details in your feedback questionnaire which we ask you to complete at the end of your trip, but we do ask you to be aware that it is very difficult for us to provide any practical help after the trip is complete.

IMPORTANT NOTES

OVERLANDING LIFESTYLE

Dragoman was founded in 1981, and has had many years of experience of leading overland trips across 4 continents. Overlanding is all about sharing a great travelling experience with like-minded people. On your trip you'll travel in one of Dragoman's purpose-built iconic expedition vehicles on an off-the-beaten-track adventure along rugged roads, experiencing the sights, sounds and smells of the world up-close. Your journey will be overland, sometimes across vast distances, so some long days spent driving are inevitable - but these will be interspersed with breaks of a day or two at a destination or activity.

On an overland journey, you are more than just a passenger and everyone gets involved setting up camp - we supply the tent but it's up to you to pitch it! As part of your trip, you will be assigned a truck job which could be collecting firewood or water, luggage loading, organising food, stores, etc. Like all great adventures, the more you put in the more you'll get out! For more details of how an overland trip works, please see the Essential Information document.

SAFETY STANDARDS

We run adventure journeys in off the beaten track areas, which often have poor infrastructure. You should expect that some of these areas do not adhere to 'Western' safety standards. For more information, please see the Essential Information document

MEDICAL ASSISTANCE IN REMOTE AREAS

We will be travelling to areas in remote locations where medical assistance will not be available, and communications may be sparse. We do not carry satellite phones on our regular trips. Therefore, if you have a medical condition such as a heart condition that would put you at risk, we would suggest that this is not the trip for you. Also, please be aware that should an emergency occur, there is likely to be a considerable delay in accessing medical care, and by joining our trip you accept this risk.

VISAS, HEALTH, INSURANCE & MONEY

Before you travel there are vital things to consider such as:

- Any visas needed for your trip
- Any vaccinations needed (please consult your GP or travel clinic)
- Organising your local payment (the kitty)
- Buying travel insurance (insurance is compulsory to be allowed to join our trips)

For more information on these topics, please see the Essential Information Document.

EXPLORATORY TRIP WARNING - THIS IS A NEW TRIP FOR US!

Please note that all or part of this trip is a brand new itinerary, and is going through completely new areas for Dragoman. This is what we call an Exploratory trip, and it means that all the passengers on this trip will be the route's pioneers for the first season!

While we have thoroughly researched all aspects of this new route and put the itinerary together with the best of intentions, please note that your crew will be finding a lot of information out for us on the ground and will be playing a lot of things by ear. The itinerary may be altered in places where it becomes necessary and the drive times may differ significantly from the published estimates.

Most Exploratory trips will have slight or significant changes made to them after this first season, and frankly we would be very surprised if an Exploratory trip was to run perfectly to the published itinerary. Usually we find that this is rarely a problem but rather an exciting feature and that there are much more pleasant surprises in store than unpleasant ones. You will be immersing in to the camaraderie with your crew and fellow travellers and give you the fantastic opportunity to shape the trip as a group.

However, the warning is sincere and this trip must be viewed as Exploratory - if this concerns you or you would rather stick to a tried-and-tested itinerary, then we recommend that you wait a year or two until we have this itinerary perfected following operating it many times, or of course to consider one of the more established trips in our extensive portfolio.

There will be numerous challenges on this trip including border delays, visa and paperwork delays, potential re-routing at short notice, lack of western facilities, road closures and other obstacles and unforeseen issues.

There is a risk of cancellation if the FCO advise changes (as of now the route is safe to travel all the way through).

West and Central Africa will test everyone's patience due to potential issues with obtaining visas. This is likely to lead to long delays in places where there may not be much to do. It may also be necessary to fly over some places which would be at your own expense.

This trip will have a higher level of participation compared to our other Dragoman trips and you will be required to help out with setting up camps, cooking etc. The campsites are also likely to be basic for much of the trip along with a high number of bush camps.

This will be a challenging trip and you must be fit in order to participate. If you have a pre-existing medical condition or any medical concerns you should check with your doctor prior to travel that this would be a suitable trip for you. You should also be aware that in the event of accident or illness, access to medical centres will be limited.

On the flip side, we'll be visiting regions and areas very rarely seen by Western travellers. Meeting people who have perhaps never seen foreigners. Enjoying the chaotic and buzzing cultures of West and Central Africa. And of course, the immense satisfaction of completing a classic adventure that only a handful of people ever get the chance to complete.

GORILLA TREK NOTES

To track the gorillas you will need a permit. In order for us to confirm this permit we require the following:

1. Passport details at the time of booking
2. A non refundable trip deposit payment of GBP500 at the time of booking (higher than our usual trip deposit)

Please be aware that we cannot confirm your place on a gorilla trip without your passport details. Please also note that the cost of the permit is still covered entirely by the kitty as is normal for a cost of this type. The deposit mentioned is simply a higher trip deposit to protect Dragoman against cancellations, as we have to pay for the permits in full in advance and our tour leaders collect this amount back from the kitty.

The likelihood of seeing gorillas is virtually guaranteed; however, they are wild animals so we can never say that the chance is 100%.
