## IMPORTANT NOTES

### OVERLANDING LIFESTYLE

Dragoman was founded in 1981, and has had many years of experience of leading overland trips across 4 continents. Overlanding is all about sharing a great travelling experience with like-minded people. On your trip you'll travel in one of Dragoman's purpose-built iconic expedition vehicles on an off-the-beaten-track adventure along rugged roads, experiencing the sights, sounds and smells of the world up-close. Your journey will be overland, sometimes across vast distances, so some long days spent driving are inevitable - but these will be interspersed with breaks of a day or two at a destination or activity.

On an overland journey, you are more than just a passenger and everyone gets involved setting up camp - we supply the tent but it's up to you to pitch it! As part of your trip, you will be assigned a truck job which could be collecting firewood or water, luggage loading, organising food, stores, etc. Like all great adventures, the more you put in the more you'll get out! For more details of how an overlanding trip works, please see the Essential Information document.

### SAFETY STANDARDS

We run adventure journeys in off the beaten track areas, which often have poor infrastructure. You should expect that some of these areas do not adhere to 'Western' safety standards. For more information, please see the Essential Information document

### MEDICAL ASSISTANCE IN REMOTE AREAS

We will be travelling to areas in remote locations where medical assistance will not be available, and communications may be sparse. We do not carry satellite phones on our regular trips. Therefore, if you have a medical condition such as a heart condition that would put you at risk, we would suggest that this is not the trip for you. Also, please be aware that should an emergency occur, there is likely to be a considerable delay in accessing medical care, and by joining our trip you accept this risk.

### VISAS, HEALTH, INSURANCE & MONEY

Before you travel there are vital things to consider such as:

- Any visas needed for your trip
- Any vaccinations needed (please consult your GP or travel clinic)
- Organising your local payment (the kitty)
- Buying travel insurance (insurance is compulsory to be allowed to join our trips)

For more information on these topics, please see the Essential Information Document.

## PATAGONIA NOTES

This trip will be travelling to the southernmost point of South America, and you should expect extreme weather conditions. It can be bitterly cold and very windy with heavy rain at any time of the year, even during the summer. The weather changes extremely fast so you should expect four seasons' weather in one day. Therefore please remember to prepare accordingly - this is a tough trip and should not be taken lightly.

We suggest you take plenty of good quality warm, waterproof and windproof clothing and use the layering system to keep warm. As you will spend a number of nights camping, we recommend you bring a good camping mat, a good quality 4 season sleeping bag, a sleeping bag liner and a small pillow to keep comfortable.

Patagonia's peak season is the summer (Mid November to February). The days are long, typically temperatures are around 20°C during the day, dropping to 8°C at night, though whilst generally warm in the summer, it can often be very windy, with rain. If you are travelling during the peak season be aware that activities and camp sites sell out fast and you will be sharing the trails with a greater number of fellow trekkers. Please note that due to the popularity of the region, we also find that prices can increase significantly during high season.

In the shoulder season the days are much colder, but often clearer and brighter, with fewer people on the trails, though be aware that some activities may not have opened fully. Springtime (October to November) brings the colourful spring blooms. March to May is the best time to see the autumn foliage and makes for stunning photographs. If you choose to travel at this time, be sure to pack a good down jacket and a 4 season sleeping bag and liner, as the nights can be very cold. During the shoulder season there is an option to upgrade into basic cabins or hostels at some of the campsites that we stay in along the way. Please budget an extra USD10-15 per night for such upgrades.

## THE W WALK

We include the full 4 day W walk in Torres del Paine NP as standard in our kitty. This includes transfers to the start and finish points, camping equipment, full board and the services of an English speaking local guide throughout the trip.

The W walk involves 4 days of trekking and 3 overnight stays away from the truck. Your tents will be set up at pre-booked campsites at Paine Grande, Los Cuernos and Las Torres, and meals included. It is important to bear in mind that you will have to carry your own personal effects for the duration of the trek, e.g. sleeping mat, sleeping bag, clothes, toiletries, snacks, water, etc. Some days of the W walk can be shortened for those wishing to trek slightly shorter distances, for example on Day 2 it is possible to trek to the first view point and return to Paine Grande via the same route, reducing the trek by half. It is possible to hire porters for the W walk at a cost of CLP150,000 per porter. Their maximum load is 15kg. We recommend that you put your bag into a waterproof liner or dry sack before giving it to a porter. In high season (mid November to mid March) we recommended contacting your travel consultant to book your porter in advance.

For anyone who wishes to stay at our base camp, this can be arranged in advance through your travel consultant. This package will include camping and full board at our base camp at Camping Pehoe, as well as the opportunity to join the W walkers for guided single day hikes to Glacier Grey and the Las Torres viewpoint. Transfers will be provided your crew in the truck.

Please note that the price is the same whether you choose to stay at the base camp, or take part in the full W walk; however in order for us to make arrangements for meal provisions, you must tell us in advance if you will not be trekking the W walk.
